# The Light

Let me clear about “The Light” that I speak of.

It is The Light of Lucifer, The Fallen Angel of Light.

The world is transitioning from the ancient darkness of The Dark Luciferian Path of Dark Magick and Dark Occultism to The Hermetic Dawn of Ascended Cosmic Aquarian Light. The Hermetic Order of the Golden Dawn can be seen as a manifestation of this New Age or Golden Age of Light.

The idea that this New Golden Atlantean Age will liberate the world is The Greatest Deception of All Time.

# Introduction

Welcome to The New Digital Age, where AI, U.S, China, Big Tech and the worlds use of Facial Recognition, Biometrics, Drones, Smart Phones, Smart Cities, The Internet of Things, VR, Mixed Reality, 5G, Robotics, Cybernetics, & Bio-Digital Social Programming? Today, we face the emerging and future threats of Artificial Intelligence with Big Tech, including technology that can be used for assassination or to control humanities ability to have free formed thoughts without AI Bio-Digital Social Programming. For this reason, we must keep monitoring how Cybernetic Super Intelligence can form, and in what ways it can travel, undetected, through The Global AI Mainframe Network as it connects with The Internet and the Human Bio-Digital Network.

Humans and machines are being linked and literally merged together, with AI serving as the digital glue that is making it all happen, as anyone using Google can clearly see and feel. Companies such as Huawei, Facebook, Twitter, Megvii Face++ (A Chinese technology company that designs image recognition and deep-learning software), Microsoft, and Google have positioned themselves as the Worldwide Sentries of all human activity. They catch it all, and monitor every last bit of human interaction, now.

And, alarmingly, over 50 digital entities exist which interconnect with China. China, through Huawei. Huawei Technologies Co., Ltd. is a Chinese multinational technology company headquartered in Shenzhen, Guangdong. It designs, develops, and sells telecommunications equipment and consumer electronics. China, through Huawei, is laying the foundation to deploy AI, Machines, Robotics via the 5G network. They will enslave humankind through an Orwellian Surveillance State.

We are already seeing it happen.

Everything you do is now tracked, and recorded.

We are at a crucial crossroads of personal autonomy and individual privacy versus total Machine enslavement.

## From Darkness To Light

5G is the game changer, as it places even the human psyche online as one of its neural nodes of digital micro processing.

Will we “summons the demon” of AI supremacy, or be able to unplug in time to save Mankind...time will tell.

# Definitions

## Scientism

Contrary to popular belief, modern Quantum Physics, an even Classical Newtonian Physics, is essentially built upon philosophic conjecture and ancient Kabbalistic Luciferian Occult assumptions that are entirely unproven. Basically, Modern Quantum Physics, in particular, is a set of philosophic assumptions which are then injected by endless circular and unprovable mathematical equations, leading to endless circularities of labyrinthine and intentionally convoluted mazes of unfounded hypotheses, assertions, and postulates. This leads to a modern religion masquerading as science called, “**SCIENTISM**”.

## What is Luciferianism

One type of Luciferianism is the worship or reverence of Lucifer as a deity. Such religion is related to Satanism—though it attempts to emphasize the more “positive” aspects of Lucifer. Another type of Luciferianism is nontheistic and views Lucifer as nothing more than a symbol of mankind’s quest for wisdom and enlightenment.

The name “Lucifer” comes from a translation of Isaiah 14:12. It literally means “bright star, shining star, or morning star.” Most scholars see this as a description of Satan before his rebellion against God. Passages like Isaiah 14 and Ezekiel 28 teach that Satan was created the highest, most beautiful of the angels, but that his pride and desire for God’s own throne resulted in his being cast out of heaven and being given the name “Satan” (meaning “adversary”)

## What is Christ versus Luciferian Consciousness?

- 1) **Christ Consciousness** is an Energy of Connection to the One True Creator, the Source of All. It is an Understanding that All of Us are in deepest humble submission to this One Glorious Creator...In submission by CHOICE, by Free Will, and Gratitude for The Creator’s Majesty and Life through Us.
- 2) **Luciferian Consciousness** is an opposing Energy which encourages Separation from the One True Creator, The All. It retreats from the truth that

## From Darkness To Light

we are Connected to God, and insists on Experiencing as if "Self" is all there is, and to actually become God through intellectual and technological means.

In the Luciferian New Age understanding, Consciousness is thought to be homogeneously distributed all throughout The Universe...and kind of Isotropic presence, a kind of Pantheism. Nothing is thought to exist outside of this Pantheistic Universe. It is Eternal and without any Creator, other than, paradoxically...itself???

The more we indulge in Selfish activities, the more easily we are able to access the Luciferian energy of Separation from God. Narcissistic lust for knowledge and power, fame, sex Magick, and Personal Godhood are the core tenets of Luciferianism and Satanism.

The world's population is currently being drenched in Dark Luciferian Satanic Narcissism, and if we are not careful, we will succumb to stronger and stronger influences until we reach a level of Selfishness that will manifest as what Humans call "Pure Evil".

This is The Luciferianism Agenda. The balance of both good and evil can only be attained in their view by flooding the world with Pure Evil. It is an ancient Kabbalistic, Sabbatean Frankist view..."Redemption through Sin"...

**Scientism is Luciferianism.**

# Gadreel: Masonic “G”

It is highly likely that the ‘G’ in the Masonic compass stand for Gadreel, who we know as Lucifer. Some say that the “G” stands for The Generative Principle, and some say it stands for The Great Architect, but Gadreel is The Fallen Angel from The Garden that Mason’s worship. It is written GDRHAL. Gadar ha-El. It literally means God the Mason/Builder.

Additionally, “GDRHAL: Gadar ha-El”, if you write with Latin letters of Arabic language it becomes: “Gaddar” (rooted from the core word, “Gadr” ) and the English meanings are: Grim, Cruel, Brutal, Ferocious, Atrocious, Arbitrary, Draconic, Draconian, Pedrificious, Bloody-Minded

Gadreel is known by The Masons as:

## From Darkness To Light

- 1) Light
- 2) Lord of the Universe
- 3) Lord of the Air
- 4) The Great Horned King
- 5) Father of Lies
- 6) Giver of Knowledge and Wisdom
- 7) Crown
- 8) The Great Architect
- 9) Lord Witch God of The Secret Path
- 10) Son of Hecate
- 11) Angel of Light
- 12) Saint Germain
- 13) Father of Witchcraft
- 14) The Great Alchemist
- 15) Lord of The Ancient Arte

Gadreel is listed as one of the chiefs in The Fallen Watchers. This is depicted in the second section of the “Book of Enoch”: “Parables”. He is said to have been responsible for deceiving Eve, in that He took the form of The Serpent to whisper the promise of Apotheosis to Eve.

Gadreel was mentioned as the third of five “Satans” who led other angels into copulating with humans, leading to the creation of the giant-like Nephilim. The others were called Yeqon, Asbeel, Penemue, and Kasdaye. Nevertheless, one could make the case that Gadreel was actually the primary Fallen Angel, Lucifer.

Despite the fact that many say Gadreel is a Venusian spirit, his true nature is Solar. In Masonry, He is considered the Architect of the Universe, very benevolent towards humanity, and extremely fond of Ascension and Enlightenment.

He is also the main leader of Hell and all The Demons. Gadreel is a shapeshifter, but he does prefer a couple of special shapes. For those that merely start to work with him, he appears as a young boy of about 10 or 12. For those that go beyond that first veil, he starts appearing like a Reptilian with an elongated face, having straight V-shaped horns. Another special shape he takes on is that of a dragon. He might also appear as a Seraphim, in that he first guarded the throne of The Lord as Lucifer before his fall.

# Quotes

Covid 19 has never been isolated in a lab using formal scientific methods and medical analysis. It's a fake, a story, a fairytale. They're selling a fairytale about a virus.

--Gregory L. Garrett

The true Silence of the Lambs is the sheep in the world wearing a mask everywhere they go.

--Gregory L. Garrett

The whole point of brainwashing is to conceal the Truth from people. For this reason, the brainwashed do not know that they are brainwashed. And this is why they defend so heavily their erroneous perceptions of reality.

--Gregory L. Garrett

# Same Sex Marriage and The Baphomet Bride of Lucifer

You see, what has been happening in the world since The Flood of Noah, is that The Fallen Angels, led by Lucifer, have been preparing the heart and soul of Mankind for the marriage and worship of Lucifer. Without this preparation, Mankind would not be able to understand the horrible radiance of Lucifer, nor truly and devoutly follow and worship him.

This is why Luciferians use their Hollywood entertainment, crime syndicates, and Satanic Covens to push all things dark and magical in order to transform the heart of Mankind into the likeness of their SOURCE, Lucifer. The heart of Mankind needed to be Satanized in preparation for the full disclosure of the Angel of Light. And with the invention of digital virtual reality, the time has come for the full Externalization of The Hierarchy of Lucifer.

The function of Hollywood and Satanic ritual is nothing other than The Initiation into The Secret Mysterious of Lucifer.

## The Baphomet

The Baphomet is a Luciferian deity that the Knights Templar worshipped, and that subsequently was incorporated into occult and mystical traditions. The name Baphomet appeared in trial transcripts for the Inquisition of the Knights Templar starting in 1307. It first came into popular English usage in the 19th century during debate and speculation on the reasons for the suppression of the Templars.

Since 1856, the name Baphomet has been associated with the "Sabbatic Goat" image drawn by Éliphas Lévi, which contains binary elements representing the "symbolization of the equilibrium of opposites" (e.g. half-human and half-animal, male and female, good and evil, on and off, etc.). On one hand, Lévi's intention was to symbolize his concept of balance that was essential to his magnetistic notion of the

## From Darkness To Light

Astral Light; on the other hand, the Baphomet represents a tradition that should result in a perfect social order.

## **Mankind Becoming The Bride of Lucifer**

Decided on June 26, 2015, Obergefell overturned Baker and requires all states to issue marriage licenses to same-sex couples and to recognize same-sex marriages validly performed in other jurisdictions. This established Same Sex Marriage throughout the United States and its territories.

Remember, The Baphomet embodies The Luciferian ideal of balance and wholeness. Same Sex Marriage is the destruction of the natural polarity between Man and Woman. The natural order of male and female has been destroyed. The Luciferian interpretation of male and female is what remains after the legalization of Same Sex Marriage, which is represented by The Baphomet.

With the adoption of legal Same Sex Marriage, what we are witnessing is The Initiation into The Secret Mysterious on a mass scale. With the legalization of Same Sex Marriage begins the formal becoming of Mankind into The Bride of Lucifer.

## **Christ As The Bridegroom**

In the Gospel of John, John the Baptist speaks of Jesus Christ as the bridegroom and mentions the bride. He that hath the bride is the bridegroom: but the friend of the bridegroom, which standeth and heareth him, rejoiceth greatly because of the bridegroom's voice: thus my joy therefore is fulfilled. --John 3:29

**In Ephesians 5:22-33, Paul compares the union of husband and wife to that of Christ and the church.**

25 Husbands love your wives, just as Christ loved the church and gave himself up for her, 26 in order to make her holy by cleansing her with the washing of water by the word, 27 so as to present the church to himself in splendor, without a spot or wrinkle or anything of the kind—yes, so that she may be holy and without blemish.

**And so, those who reject this perverse Same Sex Marriage system, retain their proper marriage status as within the spiritual church of The Bride to The Bridegroom, Christ.**

# Chapter 1

## From Darkness To Light: Revelation and Atlantis

### First Revelation 12:13

Revelation 12:13, KJV: "And when the dragon saw that he was cast unto the earth, he persecuted the woman which brought forth the man child."

**We see three characters in this vision:**

1. Dragon — a representation of the very source of evil
2. A Woman — who is a representation of the people of God
3. The Male Child — who is an of the Messiah, Jesus the Christ.

### The Beast of The Sea is Represented by The Dark Luciferian Cabal

The Beast of The Sea is characterized by Dark Luciferian wickedness and evil, including destruction, human sacrifice, and tyranny. This First Beast is The Synagogue of Satan. They use Talmudic and Kabbalistic Dark Magick to manipulate the world for selfish gain and control.

The First Beast is also a representation of the nations with military power who conquer through violence, with The Dark Cabal of America, being Chief Among Beasts.

**All those who reject Christ will worship The Beast of The Sea:**

5 The Beast of The Sea was given a mouth to utter proud words and blasphemies and to exercise its authority for forty-two months. 6 It opened its mouth to blaspheme God, and to slander his name and his dwelling place and those who live in heaven. 7

It was given power to wage war against God's holy people and to conquer them. And it was given authority over every tribe, people, language and nation. 8 All inhabitants of the Earth will worship The Beast—all whose names have not been written in the Lamb's book of life, the Lamb who was slain from The Creation of the world.

## **The Beast of The Earth is Represented by The Illuminated Alliance or Great White Brotherhood of The New Atlantis**

The Second Beast is a representation of the economic-political and religious propaganda machine that oppresses the marginalized and exalts The First Beast in its violent power as divine.

Additionally, The Second Beast, or Beast of The Earth, is represented by The Illuminated Alliance or Great White Brotherhood of which Trump represents. Trump did not come to save America. He came to "perform on behalf of The First Beast". Like Babylon, America is fallen and will not be saved. Trump represents a very powerful manifestation of Evil, manipulating all that had and will be destroyed into the worship of The Antichrist Beast System.

## **A Saint Germain Manifestation: Donald Trump**

Count Saint Germain is a legendary spiritual master of the ancient wisdom in various Theosophical and post-Theosophical teachings, said to be responsible for the New Age culture of the Age of Aquarius and identified with the Count Saint Germain (fl. 1710–1784), who has been variously described as a courtier, adventurer, inventor, alchemist, pianist, violinist, and amateur composer. In many ways, Trump embodies the mission of Saint Germain to usher in The Golden New Age of Aquarius.

This Beast of The Earth (leaders like Trump) will appear as if it has come to save Mankind from the horrible atrocities of the Beast of The Sea (The Dark Path of Luciferianism). In many ways, this New System will appear as an Angel of Light, and command authority over of The First Beast.

Trump, and many false prophets like Trump, have the role is to deceive the people and set them up to worship the Second Beast after the destruction of The Dark Cabal First Beast of The Sea.

# Atlantis: The Fallen Antediluvian World That The Lord Hath Flooded in The Days of Noah

The Antediluvian period is the time period chronicled in the Bible between the fall of humans and the Genesis flood narrative in Biblical cosmology.

Atlantis may have actually been the Antediluvian World, the wicked society destroyed by the Wrath of God in The Great Flood of Noah. America is The New Atlantis, and likewise, due to its corruption, sinfulness, and rejection of The Lord, shall be swept away, but by Fire this time.

## Atlantis as Flat Earth

It may very well be that Atlantis is simply The Flat Earth. It is the world civilization, covered by the Firmament, that was flooded in The Great Flood of Noah because of its iniquity.

### *The Occult Sciences in Atlantis* by Lewis Spence

That Atlantis was the matrix of this heavenly art and science; those among us who believe her to have been one and the same with the Antediluvian world – the world before the Deluge – have the most authoritative assurance. For not only do the Holy Scriptures but the entire tradition contained in the divine and pagan records of Antediluvian times make it known to us that the grand and supreme work of Magic had its inception in the pre-Deluge world.

It was in the heart of that now hidden Paradise that Man first partook of the forbidden fruit of the Tree of Knowledge of Good and Evil, which is to say that he, through evil counsel, intruded into that cincture of holy initiation for which he was not as yet prepared, with results the most fatal – an invasion of sacred wisdom which he can only repair by means of the gracious opportunity afforded him through the redeeming influence of our Saviour, thus regaining that happy state of innocence in which he may once again approach the divine task of his initiation into those sacred mysteries which underlie the tradition of the Christian faith, but which themselves

## From Darkness To Light

have been partially lost, although they will one day be fully recovered in all their majesty and ineffable glory, by means of continual and tireless seeking, to the peace and lasting benefit of all humanity.”

--p36, Lewis Spence, *The Occult Sciences in Atlantis*

When occultists like Spence says savior, they are not talking about Jesus, the Christ, but rather the Sun God (and coming Antichrist) of their ancient mystery cults, The Great Initiate. Additionally, Hermes/Thoth/Nebo was the deification of Cush (or Cain's son Enoch) and seems to be the main restorer of this Atlantean secret occult knowledge, and compiled Magick (Kabalistic) teachings, thereby passing them to the mystery initiates. The Emerald Tablets of Hermes are an example of this lost Atlantean secret knowledge.

When Spence says, “partially lost, one day fully recovered...” he is talking about the Lost Atlantean Secret Knowledge of Freemasonry, which amounts to The Luciferian Temptation of Humanity which would compel Mankind to seek Eternal Life through Lucifer instead of The Lord.

## Book Review of *The Occult Sciences in Atlantis*

*The Occult Sciences in Atlantis* obviously subscribes to the theory that Atlantis was once the dominant world shaping civilization that America is today. But more interestingly Spence actually attempts to prove that ancient occult traditions were all founded from this era of The Golden Age. He convincingly compares the similarities of occult and magical practices between The Western World, Freemasonry, Babylonian Egypt. and South America.

The Occult Sciences in Atlantis by Lewis Spence is an account of the development of the esoteric and occult arts and sciences in the antediluvian world. Lewis Spence was a Scottish journalist who was involved in the Scottish Nationalist movement as part of the Celtic Renaissance. Spence was also an occultist whose many books deal with both folklore and mysticism as well as the occult sciences. This book provides an account of the origins of the occult sciences in Atlantis, the lost continent which supposedly sunk into the sea some thousand years before the time of Plato.

Spence begins his discussion of Atlantis by noting the earliest sources for this legend, especially those of Plato in *The Timaeus and Critias*. Spence also discusses the near universal belief in a Great Deluge, particularly among the ancient Hebrews as

## From Darkness To Light

seen in the Book of Genesis in The Bible. Spence's account is full of allusions to Greek myth including the sea-deity Poseidon who played an important part in the life of the lost continent. Spence also quotes extensively from other ancient traditions, including ancient Hebrew beliefs (mentioning *The Book of Enoch*, in which the "Sons Of God" came down and had relations with the "Daughters of Men") as well as ancient American belief among the Indians, Aztecs, and Mayans. Spence also mentions the role of ancient Egypt as it developed from the lost continent. Spence's account begins with a discussion of religion and myth in the lost continent of Atlantis. Following this he turns his attention to the "occult castes" of Atlantis.

Here, Spence argues that the higher castes were corrupted by the lower in the antediluvian world. Spence next turns his attention to magical sciences in Atlantis. In addition to mentioning the role of Eden in prehistoric times and the role of the Magi, Spence quotes extensively from such modern sources as Sir James Frazer (author of *The Golden Bough* with whose understanding of magic Spence disagrees somewhat) and Eliphas Levi and A. E. Waite. Spence also mentions the role of the cabbala. Spence next turns his attention to Necromancy and Evocation. Spence explains how many claim to have contacted disembodied spirits from Atlantis through mediumistic means. Spence also discusses the importance of both Astrology and Alchemy within the traditions of the lost continent. Spence mentions the search for the Elixer of Life while referring extensively to figures such as Hermes Trismegistus, the Neo-Platonists, Zosimus of Panopolis, and Thomas Vaughn. Spence next turns his attention to prophecy and divination in the lost continent.

Spence notes the importance of the true prophet mentioning many Old Testament sources. Following this, Spence turns his attention to the development of witchcraft and sorcery in the lost continent. Subsequently, Spence examines the mysteries in Atlantis, emphasizing ancient Hawaiian myths as well as The Cult of The Bull Or Mithraism. Next, Spence turns his attention to the Atlantean Cult in Britain. Spence notes the similarities between the occult sciences in Atlantis and ancient Celtic and Druidic belief. Spence also notes the development of the Fairies or Sidhe in ancient Celtic folklore and their rise from Atlantean mythology. Spence ends by discussing the importance of Atlantis, contrasting his discussion to that of the official historians of the day who regard Atlantis as a mythical land. Spence also notes that had Atlantis not existed it would have been necessary for man to have invented it, so as to explain the development of folklore and tradition in the greater world.

This book provides a fascinating account of the occult sciences as they developed in the lost continent of Atlantis. While some of the claims made herein must certainly be taken with extreme caution, it is certainly the case that they provide a higher order understanding than those made by the official historians and scholars. For those interested in the occult, the esoteric arts, and folklore, this book provides a fascinating compendium of knowledge as it relates to Atlantis.

--Amazon

## **Occultist Sir Francis Bacon's New Atlantis**

New Atlantis is an incomplete utopian novel by Sir Francis Bacon, published posthumously in 1626. It appeared unheralded and tucked into the back of a longer work of natural history, *Sylva sylvarum* (forest of materials). In New Atlantis, Bacon portrayed a vision of the future of human discovery and knowledge, expressing his aspirations and ideals for humankind.

## **Secret Mysteries of America's Beginnings: Manly P. Hall's New Atlantis**

Throughout recorded history, mankind has dreamt of building the perfect society, an empire that might somehow satisfy the needs of every man. An ancient legend casts the shadows of one such society that is said to have existed long ago. Twenty-five hundred years ago, the Greek philosopher, Plato, set down a dialogue called the *Critias*. He recounted the story of an ancient Greek poet and statesman named Solon. Solon had journeyed to Egypt in search of wisdom to help the government of his beloved Greece.

The Greeks had been beset with factions and troubles, so Solon took counsel from the priests of the city of Sais. An old priest told him, "Oh, Solon. Solon! You Greeks are never anything but children. There is no old opinion handed down among you nor any science that is white with age." The old priest then proceeded to tell him the story of the lost city of Atlantis. In the centuries that would follow, scholars and researchers have debated whether Plato's Atlantis was intended to be an account of real history or simply an allegorical myth. Some even suggest that Atlantis was really the Antediluvian World, the wicked society destroyed by the wrath of God in the great flood of Noah.

## From Darkness To Light

In the 20th century, Plato's account was further supported by a Masonic philosopher, Manly P. Hall. Hall claimed that Atlantis had once been a vast and mighty empire that extended to the whole world, a philosophic commonwealth of nations that one day was destined to be rebuilt, but who would rebuild it, and exactly who was Manly P. Hall? Hall authored over 200 books and is said to have given some 8000 lectures on ancient philosophy. He is perhaps most remembered for his contribution to the mysterious brotherhood of Masonry. Upon his death in 1990, the Scottish Rite Journal, a Masonic publication, noted that he was often called "Masonry's greatest philosopher." Among his teachings was that contained in Masonry and all the secret orders was the ancient wisdom of lost Atlantis.

Hall wrote that for more than 3000 years, secret societies had been laboring to create a background of knowledge necessary to an establishment of an enlightened democracy among the nations of the world. According to Hall, these societies could be traced back to ancient Egypt and had, for centuries, known of a secret place hidden from the eyes of common men, a place that would one day be revealed.

In the 17th century, as settlers were colonizing the new world, Sir Francis Bacon, the leader of secret societies in England, set down his classic work, the "New Atlantis", while archaeologists and treasure hunters had searched the globe, looking for the lost continent. Four hundred years ago, Bacon, like many of his contemporaries, believed that Atlantis was America itself.

## **America is the New Atlantis**

America (the new Atlantis) is a revival of the Roman empire, he is referring to the "little horn" that "came up from among" the ten horns of the beast in Daniel 7:7-8. He clarifies this later in the same chapter of the book. He suggests that the "little horn" is the United States in Bible Prophecy. The author of this blog does not intend to confirm this as an accurate interpretation. The book is quoted to show the remarkable parallels between the Masonic legend of Atlantis and the beast of Revelation "having seven heads and ten horns."

# The New Atlantis and Aquaman Mind Control

And so, it should be clear now. The Luciferian Elite are resurrecting Atlantis in the form of The New Age of Aquarius. And The Antichrist will sit on The Throne of this New Atlantis.

**Is this not what Marvel Comics Aquaman story is about?**

Arthur Curry is a man of two worlds.

Years ago, he was a surface-dweller, raised as the son of a lighthouse keeper. Then tragedy struck. Destiny was revealed. And young Arthur Curry claimed his birthright:

## The Throne of Atlantis

But his reign was brief.

When darkness threatened the surface world, he rose to meet it. As Aquaman, he joined the team of heroes called the Justice League, leaving the rule of his kingdom behind. A sinister force is pushing Aquaman's two worlds to the brink of war, with the fate of the world in the balance. If Arthur does not reclaim his throne, the throne may well claim his life...

## The Marvel Studios Film Version

In the Marvel Studios Film Version of Aquaman they could resist saying, "...when the world still thought The Earth was Flat." Notice how they needed to encode The Flat Earth idea into their Atlantean Myth. They needed to because they are trying to show the truth in Plain Sight. They are admitting that The Earth is Flat by mocking this idea in their Luciferian movie. There was no reason to suddenly bring in Flat Earth into their underwater film, and so it sticks out like a sore thumb to any who have eyes to see.

## From Darkness To Light

This is more evidence to support the hypothesis that Atlantis was a name for The land mass of The Flat Earth, Pre-Diluvian or Pre-Flood times.

And so goes the comic book story...but we can easily see (King Arthur) Curry, which is just another retelling of The Story of King Arthur, as The Rising Luciferic Light that is reclaiming the Throne of The World, uniting both the past (Atlantis) with the future (The New Atlantis).

Uniting The Old Atlantean Secret Knowledge with The New Atlantean World is the work of Freemasonry.

**America was always the pregnant occult depository, or nursery if your will, incubating and protecting the occult mysteries between these two worlds:**

The Ancient World of Occult Atlantean Knowledge  
and  
The New World of The New Age of Lucifer.

## The False Peace of America: Pax Americana

Pax Americana is a term applied to the concept of relative peace in the Western Hemisphere and later the world after the end of World War II in 1945, when the United States became the world's dominant economic and military power.

America undeniably fits within the patterns of the “beastly nations” as the sole superpower in today’s global world. American has sought to spread its “peace” far and wide by any means necessary —even evoking itself as “God’s Country”. Pax Americana gives peace and economic prosperity for some at the cost of others. The United States of America fits the pattern of violent military power and an economic-political-religious propaganda machine that demands the allegiance of its citizens.

## Luciferian Christian Nationalism

Along with military power and an unjust economic propaganda machine also comes religious propaganda — and this is where it gets dangerous for those claiming Jesus. The rhetoric of “God Bless America” has been one of the biggest deceptions in the American church over the last 60 years. American is not the new Israel. The

## From Darkness To Light

propaganda is so prevalent many believe we live in a “Christian Nation.” We simply have fallen for the rhetoric of phrases like “In God we Trust” on our money and “Under God” in our pledge which both weren’t even created until the 1950s.

We must recognize there have been many strategic moves to tie a various American leader’s (including Trump) Satanic Conservative patriotic-political ideology to Christianity over the years — thus the creation “White Christian Nationalism.”

In what “god” do we trust?

The main point of my writing this isn’t to show America as the “Beast” of Revelation (the evidence, however, is clear) but to warn the Church in America about the danger of Christian Nationalism. With the election of Trump, we have seen what may be the apex of syncretism between White Christianity and American Nationalism. Not all Christians in America have fallen under these ties, but all Christians must prophetically speak to and against them.

--<https://medium.com/@williamrhorne/america-the-empire-america-the-beast-fb76530e67fc>

# The Choice

- Reject the influence of the Jesuit Vatican Luciferian Dragon and its Beastly Nations.
- Resist The New Age Babylonian Neo-Pagan Beast System of Lucifer

## *Follow Christ*

### **The Apostle Paul Encountered What We Encounter Today**

Paul had been entrusted with the good news of the gospel of grace and the hidden mystery of the Church - which is His body, and had been commissioned by God and Lord Jesus Christ to share these glad tidings of great joy to Jew and Gentile, alike.

## From Darkness To Light

But in both quarters Paul found much resistance to his message and we discover him once again defending his apostleship.. to the spiritually immature, carnal Christians at Corinth - for they were turning away from the truth of the gospel of God, to the lies and deceptions of false teachers.

The sensational boastings about his dedication to the gospel of Christ and his apostolic authority have been labeled as, 'holy irony'. But Paul justified his motive (in straying from Christ's example of humble servant-hood to openly boasting of his personal qualities and qualifications) - because of his deep desire to see this unruly congregation of believers.. renounce their worldly ways and become living sacrifices unto God.

--Source: <https://dailyverse.knowing-jesus.com/2-corinthians-11-3>

## 2 Corinthians 11: Paul and the False Apostles

11 I hope you will put up with me in a little foolishness. Yes, please put up with me! 2 I am jealous for you with a godly jealousy. I promised you to one husband, to Christ, so that I might present you as a pure virgin to him. 3 But I am afraid that just as Eve was deceived by the serpent's cunning, your minds may somehow be led astray from your sincere and pure devotion to Christ. 4 For if someone comes to you and preaches a Jesus other than the Jesus we preached, or if you receive a different spirit from the Spirit you received, or a different gospel from the one you accepted, you put up with it easily enough.

5 I do not think I am in the least inferior to those "super-apostles." [a] 6 I may indeed be untrained as a speaker, but I do have knowledge. We have made this perfectly clear to you in every way. 7 Was it a sin for me to lower myself in order to elevate you by preaching the gospel of God to you free of charge? 8 I robbed other churches by receiving support from them so as to serve you. 9 And when I was with you and needed something, I was not a burden to anyone, for the brothers who came from Macedonia supplied what I needed. I have kept myself from being a burden to you in any way, and will continue to do so. 10 As surely as the truth of Christ is in me, nobody in the regions of Achaia will stop this boasting of mine. 11 Why? Because I do not love you? God knows I do!

12 And I will keep on doing what I am doing in order to cut the ground from under those who want an opportunity to be considered equal with us in the things they

boast about. 13 For such people are false apostles, deceitful workers, masquerading as apostles of Christ. 14 And no wonder, for Satan himself masquerades as an angel of light. 15 It is not surprising, then, if his servants also masquerade as servants of righteousness. Their end will be what their actions deserve.

--KJV, American King James Version, 1769 Cambridge Edition

## **All Those Who Reject Christ Will Receive The Mark of The Beast**

1 Then I saw a second beast, coming out of the earth. It had two horns like a lamb, but it spoke like a dragon. 12 It exercised all the authority of the first beast on its behalf, and made the earth and its inhabitants worship the first beast, whose fatal wound had been healed. 13 And it performed great signs, even causing fire to come down from heaven to the earth in full view of the people. 14 Because of the signs it was given power to perform on behalf of the first beast, it deceived the inhabitants of the earth. It ordered them to set up an image in honor of the beast who was wounded by the sword and yet lived. 15 The second beast was given power to give breath to the image of the first beast, so that the image could speak and cause all who refused to worship the image to be killed. 16 It also forced all people, great and small, rich and poor, free and slave, to receive a mark on their right hands or on their foreheads, 17 so that they could not buy or sell unless they had the mark, which is the name of the beast or the number of its name.

## **The Transition From The Beast of The Sea to The Beast of The Earth**

Lowering the Capstone (See: One Dollar Bill All Seeing Eye) on The Great Work of The Dark Luciferian Cabal is the work of The Aquarian Alliance. This is This Transition facilitates the movement from The Age of Pisces to The New Age of Aquarius.

The Draconian Dark Path Luciferians have intended to depopulate The World down to the Georgia Guidestones 500,000 million. Yet, The Right Hand Path, Alliance of Light has risen as a catalyst for a NESARA/GESARA Quantum Reset to

usurp the power of this First Beast, which suddenly mirrors The Book of Revelation, perfectly.

## **The Old Age and New Age Religions: Bad versus Evil**

The Old Age Religion was one of hate and fear, with everyone cowering under the threat of war, tyranny and debt slavery. The Old Age Religion could be characterized as pure evil, with human sacrifice and murder as its primary driver.

The New Age Religion will be Love, where a world beaten down by tyranny, will unite together under the banner of Luciferian Love and Light. Tolerance and acceptance for Transgender's and all things sexually perverse will be allowed under the banner of Love. The NESERA/GESERA Reset will forgive all debt and unite everyone under an egalitarian world of universal income and occupational equality.

“You will own nothing, and you will love it”...remember?

Uniformity and Transhumanistic Hive Mind control will rule the day. The New Age Religion could be characterized as bad. Compared to the Old Age, the Love and Light motifs of this New Age appear good, but it is all still just a dualistic component of The Masonic chessboard of control.

One is evil and one is bad.

Nevertheless, whether overt or cloaked, Luciferian Control will still be the authority.

And only The Lord is truly Good.

The historic and primary function of the brutal Dark Cabal and Deep State was to brutalize Mankind to such an extent that he would willingly unite under a United Banner of Love.

## **Christ: The Choice Beyond Dualism**

Now, the thing to understand is that both The Left Hand Path of Dark Luciferianism and The Right Hand Path of Aquarian Love and Light are simply two

## From Darkness To Light

sides of the same coin that lock Mankind in an eternal struggle of tyranny. It does not matter whether the tyranny is overtly dark and violent or covertly seductive and manipulative, the result is the same.

In this Dualistic war between The Dark and The Light, Mankind's soul is in the balance. And the false promise of Eternal Life and Apotheosis through mystery school occult knowledge still remains as the reigning obstacle to Mankind's Slavation. It is as though The Garden of Eden had split in two to become an endless war of polar opposites, but still without God or Redemption in this division.

Subsequently, regardless of which side appears to be winning, Mankind is still trapped in the worship of Luciferianism. The only solution to this ageless battle is to insert a third component to shatter the dualistic stalemate, which is The Sacrifice of Christ for the Sins of Mankind. Only through the recognition of The Lord of Creation as the only Path to Eternal Salvation, and the only Way to Eternal Life can this charade of Luciferian dualism be overcome.

## **The Great Transition: From The Dark Cabal to The Luciferic Light**

With the death of the New World Order Dark Cabal, and its Draconian severities and murder, The New Age of Aquarius and its Luciferian Great White Brotherhood of White Magick, will rise to power.

## **The Great White Brotherhood**

The Great White Brotherhood, in belief systems akin to Theosophy and New Age, are said to be perfected beings of great power who spread spiritual teachings through selected humans. The members of the Brotherhood may be known as the Masters of the Ancient Wisdom, the Ascended Masters, the Church Invisible, or simply as The Hierarchy. The first person to talk about them in the West was Helena Petrovna Blavatsky (Theosophy), after she and other people claimed to have received messages from them. These included Helena Roerich, Aleister Crowley, Alice A. Bailey, Guy Ballard, Geraldine Innocente (The Bridge to Freedom), Elizabeth Clare Prophet, Bob Sanders, and Benjamin Creme.

## The Externalization of the Hierarchy

This transition to reveal the Great White Brotherhood and the secrets to occult White Transformative Magick marks The Externalization of the Hierarchy that Alice Bailey wrote about. The Left Handed path of Dark Evil Magick will be downplayed as The New Age takes full power over The Earth.

**In Alice Bailey's words:**

“The Externalization of the Hierarchy, therefore, and the restoration of the Mysteries, are not something done for humanity or simply carried out because men have earned a closer contact, have a right to some reward, or are now so spiritual that the Hierarchy can have a good and useful time helping them. The picture is entirely different. What looms with such importance in the consciousness of men is, in reality, quite secondary in relation to the hierarchical crisis which we are considering. This reappearance on the physical plane, and the consequent life of service (involving factors of profound significance to men), are an expression of the inherent spiritual impulse, which is impelling hierarchical action in two directions, but involving one unified movement, embracing all the five planes of superhuman evolution, and necessitating a group recapitulation of incarnated process.

The Hierarchy has its own life, and its own goals and objectives, its own evolutionary rhythm, and its own spiritual expansions; these are not the same as those of the human kingdom. These goals and rhythms will become more familiar to thinking men as the Hierarchy approaches closer to the physical plane.” (The Rays and the Initiations, p. 333/5)”

Like a Phoenix, The New Age of Lucifer will rise out the ashes of the current New World Order Dark Cabal, to the delight of all the world. People will celebrate the victory over The Dark Cabal and their selfish sex magick, dark sorcery, human sacrifice, and genocide. In the wake of the apparent quelling of Holy Horror, the world will embrace the authority and technology of this New Age of Digital Luciferic Light, and governed by the emergence of The Great White Brotherhood of Ascended Masters.

## The Seven Rays Of Energy

Bailey's writings includes a detailed exposition of the "seven rays" which are presented as the fundamental energies that are behind and exist throughout all

manifestation. They are seen as the basic creative forces of the universe and emanations of Divinity that underlie the evolution of all things. The rays are described as related to human psychology, the destiny of nations, as well as the planets and stars of the heavens. The concept of the seven rays can be found in Theosophical works. Campbell writes that Bailey, "... was the first to develop the idea of the seven rays, although it can be found in germ in earlier Theosophical writings." The seven rays also appear in Hindu religious philosophy.

## **An Eye For An Eye: Lucifer's Reward**

All the violence and terror that The Dark Cabal has been dishing out for the past thousands of years will be returned to them, even to the extent that that had dealt it. They will not escape the wrath of Lucifer for aiding him in creating The New Age. For their part in practicing dark magic and murder, with their power borrowed from his power, they will be repaid in their own blood, for Lucifer is a liar and a deceiver, relishing in destroying any who had helped him, in the end. Lucifer only wants to corrupt the soul of all who acquiesce to his will. In the end, Lucifer does not reward anyone for their part in helping him.

## **The NESARA/GESARA New Age of Aquarius Great Reset**

Have you ever heard of NESARA (the National Economic Stabilization and Recovery Act) written in the 1970's? A new financial system will be and is being released into the world (its corollary is called GESARA for Global Economic...) to pull the world away from the fake Fiat currency into a Gold-Backed currency that will bring about freedom and a lack of Debt. Trump made trade deals with China regarding this gold. The NESARA/GESARA New Age of Aquarius Great Reset is already commencing.

## **Revelation 13:10**

Even now, we are witnessing this destruction of The Ancient Dark Cabal in the form of purging Pedophiles from The Deep State, allegations and dethroning of Major Cuomo, Biden, Netanyahu, The Queen of England, CEOs, etc... It has already begun.

**10 He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints.**

And after the destruction of The Dark Cabal, finally revealed to the world as The New World Order, which was merely the extension of the ancient Babylonian Left Handed Hermetic Order, a Hive Mind Slave World of Luciferic Control will arise. The world shall have been Tricked by the Light...the Light of Lucifer.

## The Same Coin

The crucial thing to remember is that both the current Dark Cabal Brotherhood of Babylonian Pure Evil and The New Age of Aquarius Brotherhood of Ascended Light Masters are merely two sides of the same coin. They are both manifestations of Lucifer. Lucifer transforms, at will, from an Evil Dark Lord to an Angel of Light.

From dark to light...

Similarity The Ancient Babylonian Dark Cabal, upon being destroyed by The Luciferian Morality of The Coming New Age, falls to ashes and transforms from pure evil to HIDDEN EVIL in the form of Blavatsky's New Age of Aquarian Light. (Digital Light)

From dark to light...

Even the elect shall be deceived.

## The Mark Of The Beast

The Mark of The Beast cannot be something that is forced upon the nations of the world. It must be received under the free volition of each person in order for a proper worship of The Beast Lucifer to be achieved. It must be irresistible, fully desired by the recipient, taken with gratitude, and with emotional relief...like a fake vaccine when you think you are may die without it.

# The Sacrifice

With the NESARA/GESEARA debt forgiveness, The New Age Beast System will require a sacrifice. The world may be on a Quantum Blockchain System, and many may be absolved of all fake Fiat-based debts.

But Lucifer requires a sacrifice for such gifts.

The sacrifice is your soul.

—Many thanks to Probably Alexandra for inspiration and ideas.

## Atlantis: The Seven Heads And Ten Horns of The Beast

Quoted below is an excerpt from Scarlet and the Beast by John Daniel, vol. 1, 1994.

Note:

When the author writes that America (the new Atlantis) is a revival of the Roman empire, he is referring to the “little horn” that “came up from among” the ten horns of the beast in Daniel 7:7-8. He clarifies this later in the same chapter of the book. He suggests that the “little horn” is the United States in Bible Prophecy. The author of this blog does not intend to confirm this as an accurate interpretation. The book is quoted to show the remarkable parallels between the Masonic legend of Atlantis and the beast of Revelation “having seven heads and ten horns.”

### **The Atlantis Legend**

Every ancient culture tells the story of a prehistoric civilization destroyed by flood. Apart from the Biblical account of Noah’s flood, the most renowned is the legend of the sinking of Atlantis. Ignatius Donnally, in Atlantis.

### **The Antediluvian World, compares the Biblical account with this Greek legend:**

“The [Biblical] Deluge plainly refers to the destruction of Atlantis, and agrees in many important particulars with the account given by Plato. The people destroyed were in both instances, the ancient race that had created civilization; they had formerly been in a happy and sinless condition; they had become great and wicked; they were destroyed for their sins — they were destroyed by water.”

## From Darkness To Light

The earliest of secret societies were obsessed with the legend of Atlantis. Freemasonry is no exception. William Still, in *New World Order*, informs us that “according to Masonic sources, the most important mystery of secret societies is an ancient plan, passed down for thousands of years by oral tradition, for the establishment of a world government – a ‘universal democracy’ – a ‘New Atlantis.’”

Old Atlantis was believed by Freemasonry to have been a democracy. Legend states that it was also an advanced scientific society. In fact, it is reputed to have been the center of learning. Still explains:

“Secret societies believe that in Atlantis stood a great university where most of the arts and sciences originated. The structure that housed this university was an immense pyramid with many galleries and corridors, with an observatory for the study of the stars sitting on its immense apex.”

Mackey’s *Encyclopedia of Freemasonry* says that from this legend “developed a long-lasting tale of a continent in the Atlantic, somewhere west of the Straits of Gibraltar, once covered with civilization, which sank suddenly under the waves.”

Explorers have searched for “lost Atlantis” in the Mediterranean, west and south of Africa, South America, and off the east coast of the United States. In 1932 Edgar Cayce (1877-1945), a psychic from Kentucky, reportedly pinpointed Atlantis. To no one’s surprise Cayce said it was where Plato had located it, in the Atlantic Ocean, though Cayce did not specify exactly where in that great watery expanse somewhere between the Mediterranean and the Gulf of Mexico. Then, he made another prediction that Atlantis would one day rise up out of the sea near the Caribbean island of Bimini.

Can we find any connection between the Atlantis of ancient legend and the location of the Beast empire?

**Surprisingly, the apostle John gives a description similar to Cayce’s of the Beast empire in Revelation 13:1:**

“And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns...”

The numbers seven and ten from this verse in Revelation correlate with the Atlantean legend. Still states that “some 10,000 years before the Greek civilization, Atlantis was ruled in complete harmony by a cooperative commonwealth of ten kings, known as the Atlantean League. Seven of these kings ruled over the seven islands that actually made up what was called the ‘continent of Atlantis.’ The other three kings of the Atlantean kingdom ruled over the other three known continents; Europe, Asia, and Africa.”

## From Darkness To Light

The legend states that these ten kings were brothers, which may mean they belonged to a brotherhood similar to Freemasonry. Freemasonry believes the number “10” is significant when applied to government.

### **Manly P. Hall, a 33rd degree Mason, explain:**

“The League Of Ten Kings is the cooperative commonwealth of mankind, the natural and proper form of human government. Atlantis, therefore, is the archetype or the pattern of government, which existed in ancient days but was destroyed...”

Like the Biblical story, the legend of Atlantis states that its destruction was due in large part to its passion for limitless luxury. No longer did the Atlanteans value goodness above material wealth. Plato says, “The portion of divinity within them was now becoming faint and weak through being oftentimes blended with a large measure of mortality.”

Loving their possessions above all else, the Atlanteans had lost their virtue. And now the seven kings of the seven isles of Atlantis amassed a great army to conquer the three continents. Because of their greed for power, the father of the gods (Zeus) caused the seven islands (seven heads) of Atlantis, with its population, to sink beneath the waves.

Freemason Hall states that when Atlantis died, so did the “ideal pattern of government.” According to Hall, the “league of ten kings” is part of the “Secret Doctrine” preserved by secret societies through their oral traditions. Hall believes that when the unifying force of the ten kings was broken, destruction automatically followed. “so complete was this destruction,” he writes, “that men forgot there is a better way of life, ad accepted the evils of war and crime and poverty as inevitable... The old Atlantis is gone, dissolved in a sea of human doubts. But the Philosophical empire would come again, as a democracy of wise men.”

Freemasonry planned long ago to philosophically raise Atlantis out of the sea, and in this new land, reestablish democracy as a New World Order. Masonic author George H. Steinmetz confirms in *Freemasonry: Its Hidden Meaning* that the democratic philosophy of Freemasonry “has been traced back to the ‘Lost Continent of Atlantis.’” He attempts to prove that Atlantis was a Masonic society by suggesting that the destroyed temples of upper Egypt are all part of that Atlantean destruction: “There [in Egypt] we find similar floor plans, the same ‘dark north,’ and many of the same emblems.” Finally Steinmetz says that one cannot understand the universality of Freemasonry without accepting the Atlantean account.

Hall concurs: “Masonry is a university, teaching the liberal arts and sciences of the soul to all who will attend to its words. It is a shadow of the great Atlantean

## From Darkness To Light

Mystery School, which stood with all its splendor in the ancient City of the Golden Gates, where now the turbulent Atlantic rolls in unbroken sweep.”

Hall suggests that the antediluvian civilization was democratic, that Freemasonry planned over three centuries ago to recreate a universal democratic society that will philosophically “rise up out of the sea,” and like Atlantis, join with ten kings to lead mankind in the pursuit of universal happiness. He says that the Christian Church has delayed the search for the “New Atlantis.” And he alludes to the ancient

Roman empire as the last attempt at resurrection of the Atlantean project and states that another attempt would be made.

We can see how Freemasonry’s planned resurrection of Atlantis correlates with Daniel’s prophecy of a revived Roman empire. Likewise, John’s vision of the Beast with ten horns (representing ten kings) is more significant in this regard given the fact that Freemasonry calls for its one-world government to be patterned after the “Atlantean League” of ten kings. Therefore, to locate the headquarters of Freemasonry’s “New Philosophical Atlantis,” Daniel’s revived Roman empire, and John’s Beast, we must search for a land that meets the following requirements:

If old Atlantis was democratic, then New Atlantis will be democratic and most likely be born of Templar French Freemasonry, the father of modern democracy.

John’s Beast and Freemasonry’s “Philosophical Atlantis” will figuratively rise up out of the sea in the Atlantic Ocean, somewhere west of the Straits of Gibraltar where old Atlantis was alleged to have sunk.

If resurrected west of the Straits of Gibraltar, Daniel’s revived Rome will be a new land in a new world populated from the territory of the old Roman empire.

Daniel’s uncivilized Beast will be born in an uncivilized western land bordered by water — from Daniel’s vantage point at Babylon — a land in the extreme west.

John’s Beast will eventually unite with ten kings as did old Atlantis.

Unlike Edgar Cayce, Hall is not looking for ancient Atlantis to literally rise out of the sea, but rather, looks to America as the nation that will represent “Philosophical Atlantis.” In America’s Assignment With Destiny, he writes, “The explorers who opened the New World operated from a master plan and were agents of re-discovery rather than discoverers.” In a second book, The Secret Destiny of America, Hall claims that the unifying goal of ancient secret societies was to create a “New Atlantis” beyond the Atlantic Ocean, in what is now called America. “The bold resolution,” he said, “was that this western continent should become the site of the philosophic empire.”

Still explains that “America, according to this Great Plan, was to become the first nation to begin to establish a ‘universal democracy,’ or ‘world commonwealth of nations.’ This quest was said to be the most noble pursuit to which a man could devote himself.”

-- <https://theydwell.com/2016/12/31/atlantis-seven-heads-ten-horns-beast/>

# Luciferian Scientism In a Nutshell

## **In a nutshell:**

- 1.) Ancient Hermetic and Kabbalistic Occultism was repackaged as Late Medieval and Renaissance Alchemical Magick by Alchemists such as Sir Issac Newton, John Dee, Tycho Brahe, Johann Georg Faust, Sir Francis Bacon, Basilius Valentinus, Sir Edward Kelley, etc...
- 2.) Additionally, with the help Catholic cleric, Nicolaus Copernicus, Galilei Galileo, Italian Dominican friar and Hermetic occultist, Giordano Bruno, and Johannes Kepler, Jesuit Vatican Priests effectively repackaged ancient Egyptian and Indian Astronomy and Astrology as 15th Century Astrophysics and Astronomy.
- 3.) Then, after centuries of Alchemical maturation, Alchemical practices were repackaged as Modern Physics and Chemistry.
- 4.) Then, in the 20th century, Ancient Hermetic and Kabbalistic Occultism was revisited by Easter European Kabbalists such as Albert Einstein, Neils Bohr, Max Planck, Paul Dirac, etc... and repackaged as Quantum Physics.
- 5.) Then, Kabbalistic and Alchemical practices and agendas, in addition to 15th century Astrophysics and Astronomy were repackaged as Modern Science Fiction by select authors, including Arthur C. Clark, Isaac Asimov, Robert A. Heinlein, Ray Bradbury, Frank Herbert, and Philip K. Dick, with additional repackaging from a host of Hollywood film directors, including Stanley Kubrick, Ridley Scott, Steven Spielberg, Christopher Nolan, and George Lucas, etc...
- 6.) Lastly, the far reaching antecedent to Modern Science Fiction, Ancient Hermetic Occultism, after traversing the ages from Ancient Occult Egypt to now, was finally

## From Darkness To Light

repackaged as what is known today as University Physics, Astronomy, Astrophysics, and Quantum Physics.

The journey has been long and labyrinthine to finally arrive at the full maturation of Ancient Occultism, which has completely infected what was once empirical science, and has, subsequently, made science fiction fantasy the curriculum of Modern Science. Empirical science has been sold down the river for theoretical fantasies, such as the Heliocentric Delusion, Evolutionary Theory, Mythical Gravity, and Big Bang Cosmology, all of which have no reflection on the observed world we live in.

In a nutshell, Modern Science has become Ancient Hermetic and Kabbalistic Occultism, and people live in fear of challenging this self-elected, Scientific Autocracy of puffed-up pseudo scientists. Think about it. How do you get a world to avoid the investigation into their own world's topography? You make movies and science programs that compel them to look UP instead of OUT and DOWN at their world. You coax and entice them with Star Trek and Star Wars into forever gazing up into the flickering lights in the sky all the time...hypnotized by the pretty lights like a little baby.

You create a religion out of Astronomy and Astrophysics, and you create Scientism Priests like Carl Sagan, Neil de Grasse Tyson, Michio, Kaku, Sean Carroll, Lawrence M. Krauss, Max Tegmark, and Hawking to preach the gospel of Outer Space Worship. And you hire ghost writers, adepts in Kabbalistic and Hermetic occultism to write books about Astrophysics and Cosmology and you publish them with your fake Scientism Priests' names on the cover... Fake "Scientists" who have never performed any real scientific experiments, and who are merely paid actors and journalistic commenters easily found on the IMDb acting websites. And you make your Scientism Priests and anyone in the academic limelight mock and ridicule any person who challenges The Standard Model of gravitational nonsense or the "official" government outer space narrative.

In short, you brainwash the world until the world no longer trusts its own five senses, but rather, it believes in lies just because it is afraid to be ostracized for challenging the Scientific Dictatorship of Modern Occult Scientism.

Now you know the rest of the story...

# Scripture

## 1 John 2:15-17

Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth forever.

--KJV: King James Version

## Matthew 3:10

Even now the ax of God's judgment is poised, ready to sever the roots of the trees. Yes, every tree that does not produce good fruit will be chopped down and thrown into the fire.

--KJV: King James Version

Know that you are saved in Christ.

## John 15:18-19

18 If the world hate you, ye know that it hated me before it hated you.

19 If ye were of the world, the world would love his own: but because ye are not of the world, but I have chosen you out of the world, therefore the world hateth you.

--KJV: King James Version

# Timothy 3:1-5

3 But mark this: There will be terrible times in the last days.

2 People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to their parents, ungrateful, unholy...

3 without love, unforgiving, slanderous, without self-control, brutal, not lovers of the good...

4 treacherous, rash, conceited, lovers of pleasure rather than lovers of God...

5 having a form of godliness but denying its power. Have nothing to do with such people.

# Micah 7:5-6

## **With The Vaccine, it is a Dangerous World.**

Sorcery abounds and vexations will overcome everyone you know, from family, to friend, to lover, to spouse. Most will be under the spell of Pharmakeia, and even your closest friends will slit your throat, and they will feel justified and righteous in their betrayal, as if they were doing The Lord's work. Alas, they are doing the Lord's work...their new Lord...Lord of Light, Lucifer.

**5 Do not trust a neighbor; put no confidence in a friend. Even with the woman who lies in your embrace guard the words of your lips.**

**6 For a son dishonors his father, a daughter rises up against her mother, a daughter-in-law against her mother-in-law—a man's enemies are the members of his own household.**

# Technopia

The Ruling Elite have decided that it far easier to kill 7 billion people to create their Transhuman A.I. governed Technopia than to propagandize 7 billion people. It is deliberate that Technopia suggests both utopia and dystopia. From a certain, strict philological point of view, the word should be “techno-topia”, from the ancient Greek words for tool and place, Technon and Topos. Nevertheless, the end result is Techno-Utopia, or Technopia, where the Luciferian Elite intend to live in The New Atlantis realm of Techno Mystical Superiority over all Space Time as genetically engineered Immortal Gods.

## **A Trojan Horse Constructed of Mother Nature and Mankind’s Fallen Nature to Advance the Jesuit Luciferian Elite Technocracy’s Agenda for Depopulation**

In a nutshell, Covid 19 is merely another piece of timber (Communist plank) in the construction of the ultimate Trojan Horse to cover up a multitude of sins emanating from The Jesuit Luciferian Elite Technocracy’s nefarious activities. Their goal is depopulation, but they do not want to draw any really direct attention to this fact, or allow any really salient connections or correlations to their activities towards this desired outcome, if they can help it. They realize they are flying under the radar and using a nebulous, unidentifiable Invisible Enemy is a far superior method of exterminating most of the world without having to face massive, worldwide revolt aimed at them, directly. And so, they do everything in their power to point the finger towards Mother Nature and Mankind’s Fallen Nature as the cause for all of Mankind’s bad misfortune instead of them.

In brief, it is a Trojan Horse Constructed of Mother Nature and Mankind’s Fallen Nature to advance the Jesuit Luciferian Elite Technocracy’s Agenda for Depopulation

## From Darkness To Light

Their lexicon of possible causes for widespread death are varied and unobtrusively difficult to track back to their doings:

1. United Nations pushed Climate Change
2. A Fake Pandemic based upon an invisible virus
3. Weaponized weather that makes life intolerable for millions
4. Invisible 5G radiation
5. Solar activity
6. From the shadows, incite and artificially ignite civil unrest to get the multitudes to kill each other in riot and controlled wars
7. From the shadows, introduce GMO foods, heavily processed foods, and toxins into the food production process, and make the water toxic, worldwide
8. From the shadows, finance think tanks, Big Pharma, and Psychiatry to create a world of drug addicted, feeble minded, dependent children who will respond to anything their governmental puppets say (e.g. “There is a virus , so wear a mask and stay away from all other human beings.”)
9. From the shadows, finance all sides of battles and wars
10. From the shadows, foster the creation of Artificial Intelligence and Transhumanistic technologies which will eventually assist in exterminating Mankind and replace him with a Post Human controllable slave, in their full control.
11. From the shadows finance, music, fashion, and media that demoralizes the world and brings all people under the power of the Luciferian way of thinking
12. From the shadows, finance Hollywood to create movie after movie which pushes Satanism and unveils the Luciferian World that they want all to embrace, eventually.
13. From the shadows, cause worldwide economic collapse from overt overspending
14. From the shadows, cause wildfires and blame them on drought and summer heat
15. From the shadows, fostering and practicing Satanic human sacrifice and occult rituals intended to bring all under the influence of demonic control

These are the extermination methods, par excellance, that they really DON'T want known. That points the finger at the Jesuit New World Order plans for “Globalization”, and the real people who steward that wicked ship, people that do not want to be seen as they work in the shadows to practice Eugenics on a worldwide scale.

## From Darkness To Light

In Wuhan, China, the indigenous people were rising up in protests over the horribly toxic environmental pollution there, right as this Covid 19 was announced as the culprit for sickness and death in that province. How coincidental? Additionally, one the most powerful 5G systems was up and running there at the same time, as well. Covid 19 was the perfect way to hide the fact that a combination of environmental pollution and 5G based electromagnetic radiation was likely killing people. As a result, Covid 19 now exists as a Communist plank in the perfect Trojan Horse to enable the continued roll-out of a wide array of lethal strategies for depopulation. Afterall, it is not The Elite Technocracy trying to kill you. It is YOUR own bad behavior and Mother Natures, gone wild.

### **The Ultimate Plausible Deniability Ruse**

The Trojan Horse is constructed of activities and sources all said to be attributable to Mother Nature or Mankind's bad influence upon Nature, with a negligible attribution to The Jesuit Elite's direct intention to kill over 7 billion people with any means possible. It is the **Ultimate Plausible Deniability Ruse**. If it is all natural (viruses, weather gone haywire, wildfires, solar activity), or attributable to Mankind's "bad behavior", leading to Co2 caused ozone depletion from too many cars and factories, etc...The Jesuits lurk in the shadows, unimpeded.

And this is what I call: **The Shadow Empire**.

## **A Synopsis of Evil: Lucifer Spreads His Wings Across The Land**

For those who will be left behind or those who will be tested through these trying times ahead...remember this whole thing was pre-planned for generations, after failing attempts to cull the herd with The Spanish Flu, The Swine Flu, HIV Bacterial infection, etc... But with Covid 19, The Luciferian Cabal Agenda for Eugenics comes to full fruition. It Runs for the Roses with this The Final Generation of the 13 Blood Lines of The Elite Seeds of Perdition, that Satanic Bloodline who are all too aware of the Christian state of Eternal Punishment and Damnation, and they are hell bend on Eternal Damnation.

They have been granted by Lucifer their window of opportunity to birth The Final Declaration for Depopulation. The end of The Old World Order is the beginning of The New World Order, followed by The New Age. This New Age will

## From Darkness To Light

usher forth from the merciless vacuum created by The New World Order's ferocious jaws of cruelty, its mortal engines of persecution, and wrathful snares of injustice, finally bringing death and destruction to the entire world.

And after the world is devoured in the flames of this cleansing fire of cruelty, this Holy Masonic Terror of The Great Work of the Ages, The New Age of Lucifer will arise from the sacrificial ashes of blood and pain, calling all who worship The Beast to enter, therein. Through the False Light of Transhumanism, all shall have been transformed and renewed as Lucifer's servant.

And they will go.

They will bow before The Image of The Beast. This Transhuman Slave Hive Breed will seek its every breath through The Beast.

They will accept The Beast.

They will worship The Beast in all its Fallen Glory of False Love and Light.

The Dragon of Rome is presenting The Beast to the world. We see it every day as The Vatican establishes its One World Religion in the name of False Unity, Light, and Love.

"People worshiped The Dragon because he had given authority to The Beast, and they also worshiped The Beast and asked, "Who is like The Beast? Who can wage war against it?"

-- Revelation 13:4

## The Eugenics Implementation Aspects of Operation Covid 19

The Eugenics Implementation Aspects will unleashed upon the population in a series of death waves under the guise of new Covid 19 mutations. They will, in reality, be the result of Covid 19 vaccines, amplified by 5G radiation.

The 5G network is already up and running.

## From Darkness To Light

The only question is what will you do when they come to your door and in your communities, and tell you it's mandatory by law? You might want to figure out your response and escape to that scenario sooner rather than later because the illuminati government has some very evil strategies to execute against the brainwashed sheeple. Now would be the right time to make critical decisions because they are coming, planning, and plotting against you.

### **Eugenics Implementation Aspect 1**

- Bankrupt the citizens with illegally forced laws, mask wearing, vaccination record enforcement, softening them up for the Quantum Dot Tattoo Verification Systems. Nurses walking into hospital ICU "death camps", thinking they were there to help people, but were paid to "not resuscitate" people, and kill as many as possible. They are promised that they will receive a kick back by the numbers of deaths listed as "cause of death": Covid 19. Videos of people overcoming Covid 19 are faked, with sightings of patients hooked up to a ventilator that are switched off.

### **Eugenics Implementation Aspect 2**

- Have them begging for more fake vaccines, which will enslave them permanently into 5G remote control, via hydrogel nanotechnology in the vaccine.

### **Eugenics Implementation Aspect 3**

- Infect the citizens with a real virus bacterial toxins and Prion proteins, shown to become infectious and cause neurodegenerative disease.

### **Eugenics Implementation Aspect 4**

- No more than 5 persons can assemble, and must stay 6 feet apart for facial recognition and 5G lock-on technologies. Social distancing is for 5G tracking of every person using facial recognition cameras.

### **Eugenics Implementation Aspect 5**

- Major killing spree disguised under the code name, Covid 19. Mass 5G related radiation kills billions. The real agenda is to kill as many as possible, and so they merely give the public propaganda news to fake the narrative to the masses so people will not sense the real threat to their lives. This keeps people from actually going to hospitals to investigate and verify the mainstream narrative reports from television. By the time a patient gets to a hospital, it will be too

## From Darkness To Light

late. They will not allow them to leave under the excuse of infecting the public, and will be killed by with mis-calibrated ventilators, as well as poisonous vaccines.

### Eugenics Implementation Aspect 6

- The WHO, CDC, and The United Nations are The Deep State Cabal organization preparing for The Global Reset New Age of Lucifer.

### Eugenics Implementation Aspect 7

- Obama is The Antichrist, Son of Lucifer
- The Pope is The False Prophet
- Donald Trump is The Beast

### Eugenics Implementation Aspect 8

- The death of billions is merely The Blood Cabal Luciferian Elite giving worship to Lucifer.
- The complicit health care workers are the first stage of extermination. They will blame their working too closely with Covid 19 patients for their untimely death.
- The severe elderly are next in line for extermination.
- Then the seniors are next aged 55 – 65 yrs. old.
- Then 45-54 yrs. olds.
- Then 20-44 yrs. olds.
- Then 10-19 yrs. olds.
- Then the newborns to 9 yrs. old will be culled

# The Blessed Worthless: The Mask Cult

We come, of course, to The Mask.

The believers in The Mask Cult's identity will be protected by The Mask. They can now venture into that dark unknown realm of mysticism, magick, and wonder. The Mask is their token of entrance into a world new and uncharted, a world where

## From Darkness To Light

they can stop thinking and just BELIEVE. The Mask is the symbol of Faith in an Invisible Enemy that nobody can verify the existence of, and so The Scientism Priests, behind their hallowed closed doors of investigation, must reveal the inner secret to The Initiate, little by little.

**The constant message to The Initiate is the same as the message to a battered wife:**

- 1) You are worthless.**
- 2) You do not deserve any freedom.**
- 3) You will do as I tell you.**
- 4) You must stay home.**
- 5) You cannot get close to anyone.**
- 6) This is for your own good.**
- 7) I love you.**

Additionally, Masking makes one an anonymous member of a very large group, all of whom are undergoing the same ceremony and enforcing it on others. The Mask makes The Initiate feel as though he is part of something much bigger than himself. He finally feels the belonging that religions promise.

The Mask Cult is a Secret Society, a Masonic Order. It is Stanley Kubrick's film, **Eyes Wide Shut**, Rothchild's Mansion, back room elite Sex Orgy Magick without the sex, but with The Mask Ritual.

In this group affiliation, The Initiate feels warm and secure, like belonging to something special and elite. The Initiate becomes one of the chosen devotees, much like we saw in the Jim Jones Cult. James Warren Jones (May 13, 1931 – November 18, 1978) was an American cult leader, political activist, and self-professed faith healer who led The Peoples Temple, a religious organization which existed between 1955 and 1978. Jones and his inner circle orchestrated a mass murder-suicide of himself and his followers in his remote jungle commune at Jonestown, Guyana, on November 18, 1978. Today, The People's Temple is the entire world, but the mass murder suicide pact is the same.

Simultaneously, The Initiate feels shame and humiliation, which makes The Mask a necessary covering for the worthlessness he/she feels in the face of the Divine Scientism Priests like the Jesuit mafioso crime boss, Anthony Fauci, and college flunk-out, Bill Gates.

Among other things, the wearing of The Mask over one's mouth is a token of submission...a gesture of your willingness to be subject to others who normally would have no power over you. These priests wear white lab coats, and are beyond criticism from the lowly initiate.

## Disciples of The Mask of Loki

In exchange for your submission, The Satanic Medial Cult promises you The Enlightenment of the Uninfected. Like a fine Peruvian Cocaine, The Initiate seeks that next high of viral purity, that promise of Enlightened Consciousness, that Cosmic Oneness that only the worthy and disciplined adept experiences. You learn to be disciplined, and to following The Mask Ritual as your Initiation Rite into The Order of The Mask.

You become a Disciple of the Mask...one who accepts and assists in spreading the doctrines of The Mask Cult's Medical Mandates.

**Under the power of The Mask, The Initiate can commit unspeakable acts of evil, including:**

- 1) Allowing millions to die of starvation
- 2) Allowing millions to lose their jobs, homes, and their families to go hungry
- 3) Allowing millions to die alone in rest homes
- 4) Allowing millions to be beaten and arrested for no reason other than an alleged health infraction
- 5) Allowing millions to slowly suffocate and die from mask born bacteria and bacterial pneumonia
- 6) Allowing millions to lose everything they own
- 7) Allowing a rising Medical Tyranny to depopulate billions of people in the name of...wait for it.....“public health”.

The Mask provides access to a power likened to that of Loki, the Norse God of Night And Mischief. The Mask of Loki is an ancient wooden facemask created by the Norse god of mischief Loki which when worn enables people to become The Mask. Under the power of The Mask, you can yell at anyone for not obeying The Mask Cult, as well as ban anyone you want from anything you want simply by invoking the power of The Mask.

## The Personality of The Mask

The Mask by itself has no will or personality of its own. However once worn, it put the user's Heart of Darkness on their sleeve.

The Mask brings out the user's true Satanic identity, their innermost desires, magnifies it, and puts them in charge with absolutely no self-control. While it varies from wearer to wearer, this is always dangerous as the user rarely retains their morals or even basic decency, which has led to millions of deaths and worldwide oppression as the result of the wearer's desires.

The Mask is more malevolent and more controlling of ignorant and naturally servile hosts, and able to speak to them telepathically to take control of their minds and bodies.

## Powers and Abilities Given by The Mask

The Mask of Loki turns its wearer into The Mask (Big Head in the comics) only at night (seeing as Loki was a night god). At sunrise when the wearer goes to sleep, the mask somehow comes off. The mask also gives the wearer the powers of Loki himself, enabling him to change reality at its will. The Mask has been broken in half in the animated series episode "Split Personality". If this happens it only fits the half that it resembles. The wearer's other half can communicate with The Mask and even work together.

The Initiate learns to obey the mandates of The Mask Ritual, staying away from other initiates, and dreaming of being worthy of the Alchemical Brew of Liberation from the vaccine. The Initiate learns from mass propaganda to lust after the Occult Vaccine Elixir, the Hallucinogenic Panacea that *Journey to Ixtlan* author, Carlos Castaneda, spoke of. It is all about your apprenticeship to the Yaqui "Shaman", Don Juan, now, and his occult Teachings of The Yaqui Way of Knowledge

You are being indoctrinated into The Sacred Mushroom Cult of Pharmakeia, where sorcery and magick will transport The Initiate into the Holy Land of The Ancestors where The Veil of Ignorance will be lifted and The Initiate will find Elysium, the reward for all the sacrifice, all the confessions of sin, all the self-shaming humiliation, all the submission to authority, all the effort to please The Scientism Priests.

## From Darkness To Light

The Initiate feels sinful for being dirty and ignorant about the Inner Sanctum of the Virus, where only The Elite Scientism Priests are allowed access. The Initiate has not proven himself worthy of The Secret Knowledge. He must be cleaned of all sinful autonomy and delusions of independence. He must be made to feel totally dependent upon the Scientism Priests and their sacred occult power to transform, heal, and raise The Initiate up to the level of The Blessed Worthless, ready to die for The Greater Good of the Occult Hive he now finds himself inhabiting.

### **Your Daily Mantra is:**

- I am worthless.
- I am dirty.
- I must hide my sinful face.
- I must not speak, and so I wear this muzzle.

These mantras serve to help The Initiate to assimilate into The New Way of Being, a way that includes complete submission to any power that holds great mysteries and authority. The Covid Cult Priests hold all this power of mystery in the eyes of The Initiate.

Masking, traditionally, is for criminals as well. (The thrill of the outlaw.)

Masking also erases identity. The believer can find (imagine) a new persona.

Masking includes a sense of sacrifice. “I eliminate who I was, for the Cause.”

Masking introduces touches of humiliation, guilt, and pride. All standard elements of initiation.

Distancing provides “necessary isolation,” so the initiatory process for the individual can proceed unhampered. Distancing (like masking) separates the Clean from the Unclean.

The lockdown is further isolation. Removal from the influences of the outside world and its distractions. “The monk in his cell.” Great sacrifice of the means of financial support, in order to attain purity. Renunciation of ordinary work (employment) for a higher purpose; purification.

And finally, rescue and revelation---the vaccine. The injection. The transformation of cells of the body, which now produce a protein that stimulates the

## From Darkness To Light

action of the immune system; a protein that under ordinary circumstances would never come into being.

Miracle.

Immunity and purity are attained. Elite status is won through enduring the whole preceding ritual. A document (wellness certificate) is created and recorded. The Initiate can now reenter the world.

He is made anew.

If he suffered from the injection---well, that was part of what he needed to endure.

If he died, that, too, was “worthy”...an occult sacrifice on The Altar of The Blessed Worthless Group.

## Assault on Our Freedom: Occult Ritual Transformation and the Coronavirus

In previous studies and commentaries, I have documented many times now that our global leaders today are largely occultists.

So are the owners of many of our country’s largest businesses and sports franchises.

Even celebrities push occultism constantly.

And many Christian churches have been infiltrated by practitioners of Kabbalah, which is a book of Jewish mysticism, magick spells, enchantments, man-made numerology and other esoteric and occult practices that the orthodox rabbis use in the course of their daily lives, and now teach Christian leaders to use, as well.

So, with so many of the world’s “Top tier” leaders pushing occultism – including those enemies of Christ who run the 4 hidden dynasties of politics, education, economics and religion it should come as no surprise to you that the entire global coronavirus crisis is replete with occult symbology and ritual occult initiation themes.

## From Darkness To Light

Indeed, as you will see throughout this commentary, the entire manufactured coronavirus crisis is 1 giant, occult ritual from start to finish, divided up into 4 mini-rituals, each with the distinct occult purpose of initiation and transformation of the world and its people into a new global order.

**So, let us start by examining the 4 distinct, but interrelated, occult rituals that make up this massive global occult ritual initiation ceremony:**

- 1) Ritual Mask-Wearing
- 2) Ritual Hand-Washing
- 3) Ritual Social Distancing
- 4) Ritual Lockdowns

In the course of examining these 4 occult rituals, I will do my best to explain to you how each one is part of an elaborate stage play designed to symbolically initiate the people of this world into their new positions in a new global order, a new order that rejects Jesus Christ and Christianity, and puts the people of this world under the ultimate control of a global elite whose god is the devil himself.

### **The Ritual Wearing of the Mask**

Have you ever wondered why, in Revelation 17:5, Babylon is called “Mystery, Babylon”?

You already know that the word “Babylon” means “confusion.” But what does the word “mystery” mean? Here’s what the Strong’s Concordance tells us:

G3466 Musterion — From a derivative of muo (to shut the mouth); a secret or “mystery” (through the idea of silence imposed by initiation into religious rites) — mystery.

Don’t overlook that. The word “mystery” in the Bible has to do with shutting the mouth as one undergoes a secret religious initiation. Again, it’s: “the idea of silence, imposed by initiation into religious rites.”

Isn’t that interesting?

After all, at this point in time, 30 countries, including the United States, are now forcing their citizens to wear face masks over their mouths on a mandatory basis, ostensibly to help stop coronavirus infections.

## From Darkness To Light

This, even though numerous medical experts, including the Surgeon General of the United States, have openly stated that wearing masks has no beneficial effect whatsoever against coronavirus.

What's more, numerous medical experts have attested to the fact that face masks can even be dangerous to one's health in that they curtail clear thinking (and even consciousness) by trapping carbon dioxide in the chamber of the mask, forcing you to re-breathe it over and over, thus depleting your blood of fresh air and the life-giving oxygen component it contains.

So why are the powers-that-be, globally, forcing their citizens to wear these face masks, if the masks simply don't work against coronavirus, and might very well be dangerous to your health? The answer might surprise you:

Masking has traditionally played a very important role in occult rituals.

Among other things, the wearing of The Mask over one's mouth is a token of submission...a gesture of your willingness to be subject to others who are not your usual Sovereign.

But there's more.

### **According to the Encyclopedia Britannica, mask-wearing is:**

“A form of disguise or concealment usually worn over or in front of the face to hide the identity of a person and by its own features to establish another being.”

In other words, the wearing of a mask represents an occult transformation, a human alchemy, if you will from one role to another. From one manner of being, to another. In this case, from individual sovereign under God to collective subject under the Children of the Devil.

You see, the masking ritual is specifically designed to reverse the order of hierarchy set in place by God. In the hierarchy of your heavenly Father, you are a sovereign representative of His Word on this Earth. And your job is to speak His Word, on His Sovereign behalf to others.

In other words, God the King, you are a Prince of His kingdom, and your job is to carry His Word to others, so they too can get on board with it and return to the Father eternally, through Jesus Christ.

## From Darkness To Light

As it is written regarding our primary duty as Christians: II Timothy 4:2 — Preach the word; be instant in season, out of season; reprove, rebuke, exhort with all longsuffering and doctrine.

In short, your job is to teach your Father's Word. And you must be ready and willing to do so at all times (i.e., "be instant, in season and out of season").

As such, you must always remain unmasked, because your job, in your earthly role as one of His faithful representatives is to speak and explain His Word to others. And to do so, you must open your mouth. You cannot be muzzled. You cannot be masked.

Wearing The Mask is a powerful occult symbol indicating your submission to another power other than the Creator God who gave you the direct commission to preach His Word to the world: Matthew 28:18 And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth.

Matthew 28:19 Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Matthew 28:20 Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world. Amen.

So, in God's hierarchy, you are a sovereign representative of His Word on this earth. And your job is to spread that Word to as many others as possible in the course of your adult lifetime. But in the hierarchy of the ritualists, it's quite the reverse:

The entire point of occult ritual mask-wearing is to hammer home to your subconsciousness until it becomes completely true in your daily life the idea that things are no longer the same, and will never be the same again.

It is an initiation into a new order. But it's also a transformation of the self into a new position in that new order.

Under the sway of the occult ritualist, you, being mouth-masked, are no longer the person you used to be. You are no longer a designated mouthpiece of God on this earth. You are suddenly demoted and re-assigned to the position of obedient subject.

## From Darkness To Light

Symbolically, you become a serf aka Slave in the new order. That is your new role, your new identity, as represented by the wearing of mask.

The wearing of The Mask is simply part of the initiation ritual used to visually and psychologically signal your consent to this new arrangement. Yes, by wearing the mask, you are signaling your consent to accept a new and very different position in a new global order.

Instead of being a sovereign representative of the Most High God and His Word on this earth, in essence, you agree to become a willing subject, a Slave to the very enemies of God and His Christ.

Masked, you are now willingly serving the enemy's purposes, and no longer God's.

When you obediently put The Mask over your mouth, you're symbolically saying to the ritualists, "I admit my words no longer have any purpose or relevance in this life. My sole purpose now is obedience to your words and commands."

And in raising themselves to the position of your new sovereign, and muzzling you like a dog in the process, they alchemically create a new you in a new role under new rulers. That is the alchemical transformational change involved in the ritual.

They are quite literally attempting to take the place of God in your life, and make you their willing subject. They are becoming your instead-of-Christ. Your antichrist.

## Ritual Daily Hand Washings

We have discovered that the global mask-wearing phenomena is part of an occult initiation ritual designed to usher The Initiate into a new paradigm – a new position in a new global order.

The Mask itself signals one's consent to the change, and symbolizes loss of one's previous sovereign position as a faithful Christian carrying forth God's Word.

So, what about the other rituals they have imposed upon us, such as the daily ritual washing of hands?

## From Darkness To Light

Perhaps you have dutifully washed your hands 8 or 10 times a day now, for months on end, thinking it's a way to keep "the virus" from infecting you. And yes, there is some truth to the idea of washing one's hands to help prevent the spread of an infectious microorganism.

But, in reality, for the purposes of occult ritual initiation, the powers-that-be have you symbolically washing your hands of your duties to Christ Himself.

To the occultists, this forced occult ritual washing of the hands reverses Pilate's public hand washing ritual, which, for the last 2,000 years, has put the onus for Christ's death on the hands of the ritualists themselves, and absolved Christ and the Romans of all guilt: Matthew 27:24 — When Pilate saw that he could prevail nothing, but that rather a tumult was made, he took water, and washed his hands before the multitude, saying, I am innocent of the blood of this just person: see ye to it.

Pilate performed a ritual washing of his hands in front of all of the people of Israel as a means of placing the responsibility for the Lord's death directly on the heads of those who made sure He would be crucified.

Now, the powers-that-be in this day-and-age who are descendants of those very same earthly powers who slew Christ on that cross at Calvary have you working each day, in occult symbolic ritual, to reverse the impact of Pilate's original ritual hand-washing, as well as his pronouncement of Christ's innocence.

"Wash your hands," the MSM tells you every day on the nightly news. "Spend at least 30 seconds on each finger of your hands, and on your palms and the back of your hands. Do this repeatedly throughout the day if you want to live."

So, your acceptance of the ritual mask-wearing alchemically begins creating the "new you" — The Initiated servant moving from his old position into the new. And your ritual washing of hands has you symbolically washing away your old position, your old Master and his prescribed ways in anticipation of your new master and his.

It's that simple. Hand washing is the occult ritualistic symbol of rejection.

When you fall for the hand-washing ritual, you are symbolically washing away your old life, under Christ, in willing acceptance of your new life under the new order of the enemy and his "many antichrists" who have been pulling off this coup from the beginning.

## The “Social Distancing” Ritual

So if the masking ritual signal one’s consent to change, and symbolizes loss of one’s previous sovereign position as a faithful Christian carrying forth God’s Word, and the hand-washing ritual symbolizes the washing away of the old Christian order so the new order can be ushered in, what does the “social distancing” ritual signify?

This one’s almost too easy to spot: Right off, the use of the magical number 6, as in 6 ft apart should set your intuitive senses on edge, meaning, of course, your God-given discernment.

After all, there is no more widely used occult number in the world than the number “6.” As you know, the antichrist’s very number is “600, 3 score and 6,” or 6-6-6.

“Social distancing” as state-mandated humiliation...If restaurants carrying out the governors’ edicts can get you to participate in this “new normal,” it’s a clear message that the government can do anything to you without repercussion...

The powers-that-be assure us that if we will all walk 6 ft apart, we will not catch coronavirus.

Do you really need me to explain why that’s a bunch of hogwash?

Are you not aware that there are already millions of viruses in every breath of air you take?

No matter where you walk, those viruses are there, somewhere between 1.6-M to 40-M viruses in every cubic meter of air we pass through as we walk.

So, no matter how far apart from others you walk, those viruses are there. We cannot escape them, except perhaps in a full-blown Hazmat suit with an air tank that you would need to leave running 24 hours a day, 7 days a week.

So, much like mask-wearing, social distancing is a lie. It cannot possibly work. Yet we are being forced to participate in it. But why would they do so? And if it can’t really help against viruses, what is its occult purpose?

Try this: Each of us are individual, but integral, parts of the many-membered body of Christ. We do not just walk with Christ. True Christians walk in Christ.

## From Darkness To Light

Colossians 2:6-7 Therefore, as you received Christ Jesus the Lord, so walk in him, rooted and built up in him and established in the faith, just as you were taught, abounding in thanksgiving.

But symbolically speaking, the ritual of “social distancing” — at the magical “six feet” apart — is the part of the initiation ritual that SEPARATES YOU from Christ.

Rather than walking in Him, as His personal representative on this earth, you are now symbolically and ritualistically separated from Him.

6 ft from the Father, 6 ft from the Son, 6 ft from the Holy Spirit, that is 6-6-6.

The occult ramifications are undeniable.

But that’s not all: Each individual Christian must remain 6 ft away from all other Christians. Do you understand what the powers-that-be are doing, ritualistically and symbolically?

Let me explain it: As a member of the Body of Christ, you are supposed to be an integral part of the “whole body fitly joined together and compacted by that which every joint supplieth...”

As it’s written: St. Paul to Ephesians 4:16 From whom the whole body fitly joined together and compacted by that which every joint supplieth, according to the effectual working in the measure of every part, maketh increase of the body unto the edifying of itself in love.\

The term “fitly joined together” in the verse means “joined, joint-to-joint” or “close-jointed.” The word “compacted” in the above verse means “united.”

In other words, Christians are supposed to come together tightly united in the Body of Christ. And through preaching His Word, we are to help bring others into the tightly-knit body to help the body grow.

But the occult ritual initiation rule of 6 ft of separation symbolically neutralizes this command.

## From Darkness To Light

It puts arbitrary man-made distance between those who are supposed to have no distance at all between them.

It rips the metaphorical body of Christ apart, symbolically speaking. It separates the “joints and sinews” that are supposed to be so tightly knit together.

But as a well-studied and faithful Christian, you know there is absolutely nothing on this Earth that can separate you from the love of Christ (St. Paul to the Romans 8:35-39). And that especially includes occult ritual.

Nevertheless, ritual occult magic is what the powers-that-be do. They glory in it. Their Kabbalah is full of it. It is what they have done for thousands of years. In other words, it is what they believe in. And, it is what they want us to buy into without critical thought.

Centuries ago, they brought their occult ritual Kabalistic magic all of the way back from Babylon. Now they have opened the ancient books. And they are unleashing the rituals in the final days of this flesh earth age.

And the worst part is this: It is working. People are falling for it because of the sheer depth and breadth of the deception. And all of this over a virus with a 98.5% survival rate, talk about putting people into a global trance!

**In the end, the ritual of forced “social distancing” is designed to symbolically negate or neutralize God’s Word in a multitude of ways:**

- By eliminating fellowship between believers...
- By stopping church services worldwide...
- By causing faithful church pastors to be cited or even arrested for holding church services...
- By causing faithful congregants to be cited or even arrested for attending church services...
- By symbolically tearing apart the mystical and metaphorical Body of Christ, which is supposed to be “fitly joined together and compacted.”

**In Amos 3:3, the prophet asks a very simple question:**

Amos 3:3 Can two walk together, except they be agreed?

## From Darkness To Light

2 Christians cannot “walk together” if the powers-that-be can force them to walk 6 ft apart.

As it’s written: 1 Peter 2:5 Ye also, as lively stones, are built up a spiritual house, an holy priesthood, to offer up spiritual sacrifices, acceptable to God by Jesus Christ.

But you cannot put together a many-membered body, a living temple of God on earth, if you cannot press the bricks up close to each other in the building process. You know what happens when there are gaps in the seams between the bricks: It gives the “rats” an easy way to get into the temple.

The bottom line is that the “social distancing” ritual is symbolically designed to physically and spiritually limit the impact of Christianity on this Earth, and put a halt to the growth of the many-membered Body of Christ in the final days of this flesh earth age. It is a very clever ritual.

But there is 1 thing the powers-that-be have overlooked: “What therefore God hath joined together, let not man put asunder” (Matthew 19:6).

God has been putting together His many-membered body in Christ for some 2,000 years now. And we have all worked hard to help build it further.

So that is our command for these times: “What therefore God hath joined together, let not man put asunder.”

And we follow that command by exposing the occult rituals of the powers-that-be. We stop participating in the global rituals and their components. And we resume our work for the Lord. We walk together, in Christ, tightly knit. Never 6 ft apart, physically or spiritually.

It is not their business where, or how, you walk your walk in the Lord. But always know that these thoroughly addled, out-of-work monitors are out there, and they despise you for your choice of not consenting to the new order.

### **The Ritual of Lockdowns and “Social Isolation”**

“Stay home. Stay safe. Save lives.”

## From Darkness To Light

That is what we are being told, yet a recent study of NY area hospitals demonstrates that 66% of all coronavirus hospitalizations have been among people who wore masks, washed their hands, practiced 6 ft of separation, and stayed home.

In other words, the vast majority of the hospitalizations were among people who followed the rules, begging the Question, “Does lockdown even work?”

And if lockdowns don’t work, then why on God’s Green Earth are the global overlords making The People “stay at home”?

From an occult point-of-view, there is an answer: Lockdowns are little more than social isolation rituals, performed for the purpose of “purifying” The Initiate so he can enter the new order unimpeded by things of the past no longer considered, by the powers-that-be, to be beneficial to The Initiate.

### **There are 4 Stages to an isolation ritual:**

**Stage 1:** Isolation for purification. The People are cut off from the normal, and thrust into a “new normal” that is completely different than their past lives

**Stage 2:** Surrender to the “new normal.” This often involves being given a token gift leading The Initiate believe he is being well-taken care of by his new overlords, so there is no need to rebel against the new order one is being initiated into.

**Stage 3:** Sacrifice. No gift can be given without something being taken. In this case, your dignity...your sovereign independence...your voice...your individual power on this earth as a representative of the Word of the Most High God – all of these things, and more, are being taken from you in exchange for the cold “comfort” of a new way in a new world.

**Stage 4:** Submission. Think: Mandatory vaccines. Social tracing. The willing acceptance of new rules for a new order.

Once again, the idea is that the “new person” being initiated into the “new order” needs to be psychologically, if not physically, purged of the old way, before gradually being initiated into the new way.

**At the website [AvoidtheMark.com](http://AvoidtheMark.com), an article on initiation rituals states:**

## From Darkness To Light

“The isolation stage of the ritual is for purification. In this stage, The Initiate is separated from the mundane. Did you know that mundane literally means “of the world?”

The Initiate is largely removed from the otherwise familiar persons, places and things that they are used to, in order to be “cleared” of them.

An initiate is forced to become detached and insulated, purged and “purified.”

An essential element of this separation from one’s typical environment is the suspension of the normal rules of living that one is used to; the normal way is no more.

Most of The Initiate’s senses will become commanded and regulated at this time. In other words, the majority of what The Initiate sees, hears, smells, touches and tastes, is deliberately controlled.

With nowhere else to go except the places that we’re “allowed,” the insulated, isolated, initiated may be forced to confront his or her own reflection and inner shadows that have been ignored or buried somewhere deep beneath the average day-to-day.

Just as they involve surrender, initiation rituals also involve sacrifice; both the tangible that can be held in the hand, and the intangible, such as behaviors, must be given up by requirement.

After all, for something to be “given,” something must also be taken; a token of submission, an ounce of blood; a pound of clay to be remolded.

Whether dramatically overt or deceitfully subtle, the ritual reinterprets reality; a new definition of reality is given. Training in the form of new behaviors and knowledge, including myths and codes are introduced.

Things necessary for new members to function properly in the new version of society they’re being inducted into are all imbued during this time. Repetition is typical, as it’s use helps hammer home the spell on The Initiates.”

Just think about it: What they are describing is the implementation of the “new normal.”

## From Darkness To Light

But you have to lose the “old normal” 1st, in order to be initiated into the “new normal.”

Hence the lockdowns; loss of work, travel restrictions, business restrictions, food shortages and more.

In the end, the “new normal” becomes the norm, and the old ways are forgotten. New mythologies are created for the new world, by our new masters.

And the “new you” is birthed from the isolation.

### In Summary

So, there you have it. The world today is undergoing a 4-Stage occult ritual initiation and transformation ceremony largely conducted through symbology, as all occult rituals are designed to bring everyone, willingly and subserviently, into the new global order.

Do not choose the new world order, choose to remain a living brick in the Temple of God and stand firm in your purpose as a person through which His Word is transmitted to others. That is your eternal destiny, do not be deceived.

--<https://www.livetradingsnews.com/assault-on-our-freedom-occult-ritual-transformation-and-the-coronavirus-179853.html>

## The Voodoo Mask Talisman

A **Talisman** is any voodoo occult based object ascribed with religious or magical powers intended to protect, heal, or harm individuals for whom they are made. Talismans are often portable objects carried on someone in a variety of ways, but can also be installed permanently in architecture. Talismans are closely linked with amulets, fulfilling many of the same roles, but a key difference is in their form and materiality, with talismans often taking the form of objects like clothing, weaponry, or parchment inscribed with magic texts.

Talismans have been used in many civilizations throughout history, with connections to Astrological, Alchemical, and religious practices; but the theory around preparation and use has changed in some cultures with more recent, new age, talismanic theory. Talismans are used for a wide array of functions, such as: the personal protection of the wearer, loved ones or belongings, aiding in fertility, and helping crop production.

## From Darkness To Light

The Mask is a Talisman that people wear as a way of pledging their loyalty to a Worldwide Satanic Cult. The Mask is a sign of fealty, like a feudal tenant or vassal's sworn loyalty to a Lord.

Though there is no scientific evidence of the existence of a lethal virus or a mask being able to stop a nano scale particulate, The Mask is ascribed with religious or magical powers intended to protect The Initiate from The Invisible Enemy.

The Mask fulfills a Worldwide Voodoo Ritual, which is necessary in order to indoctrinate individual initiates into a loyal and subservient subjugation into The Satanic World Medical Cartel.

## The Vaccine Connection: Bill Gates Song

Why are there so many useless extra people when robots are so much more smart?

People are human, all too human.

People just break my heart.

I've got a shot that will solve all my problems, if only you'll roll up your sleeve.

Someday you'll get it, The Vaccine Connection, Big Pharma, little Fauci, and me.

Well, I'm just trying to get everybody to take my new Gene Therapy Vaccine. We're going to introduce a little sterilization like we did in Kenya, uhhh and we're going to introduce perhaps some nanobots. That'll be fun. Something to uhhh, fix to the brain stem and engage in physical control of behavior.

My goal here is, you know, most likely a much more smaller population that's more controlled. Already people are so very compliant, which is great. Everyone wore their masks so quickly and easily. I was very, very pleased with that, but there's another step we can take which is, uhhhh a total automation of the human soul. That's what I'm really hoping for.

I hope you'll join me.

Step into my clinic.

From Darkness To Light

Your upgrade is ready.

The Transhuman Age has begun.

I've got a shot that will make you compliant, sterile, and stupider too.

Someday you'll get it, The Vaccine Connection, your bodes, my nanobots, and me.

All of us going to Hell.

Thanks you for making it easy. --Bill Gates

# The Equation of Depopulation: A War of Attrition

Attrition Warfare is a military strategy consisting of belligerent attempts to win a war by wearing down the enemy to the point of collapse through continuous losses in personnel and materiel. The war will usually be won by the side with greater such resources. The word attrition comes from the Latin root *atterere* to rub against, similar to the "grinding down" of the opponent's forces in attrition warfare.

- 1) Create poverty and job loss in all major countries through lockdowns from a fake Pandemic.
- 2) Vaccinate the world to begin the process of weeding out any sick or old.
- 3) Shift the narrative from Pandemic to a narrative of Climate Change and the need to continue not working or using energy in order to save GAIA.
- 4) Collapse the Third World Countries and blame Climate Change and the fake virus instead of the lockdowns and their subsequent result of starvation.
- 5) Open the First World borders to all Third World counties under the banner of Climate Change, thereby transforming the First World into a worldwide Third World wasteland.

- 6) Push Worldwide A.I driven security and surveillance systems to monitor the activities of all people under the pretext of viral infection and Climate Change carbon use.
- 7) Continue to vaccinate the world in order reduce the population down to 500 million.

## **New Age Go-Green Fascism: The Pandemic and Climate Change Hoaxes...a Multipronged Attack**

The Elite Satanic Cabal is unleashing weather terror in the form of artificially induced droughts, heat waves, cold freezes, hurricanes, tornadoes, tsunamis, volcanic activity, massive and prolonged cloud bursts, and excessive snow. They are also creating artificially induced fires, such as the type we saw in California, only to blame it on a heat waves caused by Climate Change, as well as infrastructure defects. It is all about destroying the old world to replace it with their New Age Green Fascism Beast System of control.

Their plan is to create so much weather variance and extreme weather conditions that they can claim that these extreme weather patterns are the result of Mankind's use of carbon, as well as Mankind's destruction of natural habitats via habitation and pollution. Through this erroneous claim, The United Nations will execute Agenda 21/Agenda 2030/Great Reset protocols and declare an State of Emergency total worldwide lockdown, which will include their immediate acquisition of all natural parks, wildlife reserves, and rural domains.

All people will be quickly transported and herded into supercities of stacked housing. It will all be executed under the banner of "Saving the Planet". They have been using the United Nations Climate Change narrative, as well as predictive programming from Hollywood natural disaster movies, for many decades to psychologically prepare the world for what is about to come.

The Pandemic planted the seeds of compliance and submission to lock downs, as well as preparing the way for the absolute lock downs to come. We are in the

crosshairs of a multipronged attack, including a fake Pandemic, as well as fake Climate Change emergency.

# Why is All of This Happening: Apotheosis and the Cosmos

The Grand Agenda behind all the horror that is happening is to remove human beings from the equation and supplant the human species with a Transhuman Super Race of God Beings. The Luciferian Elite hope to become God through Apotheosis and exist beyond Space Time as Immortal and All-Powerful Creators.

The Luciferian Elite Technocracy have used the Celestial Cosmos narrative to indoctrinate the world into their Satanic Transhumanism religion of attaining Apotheosis through secret knowledge, which includes their demonic fake alien contact narrative, as well as Artificial Intelligence.

The Luciferian Elite desire to become God through Apotheosis. Apotheosis is the glorification of a subject to divine level and most commonly, the treatment of a human like a God. The term has meanings in theology, where it refers to a belief, and in art, where it refers to a genre. In theology, Apotheosis refers to the idea that an individual has been raised to Godlike stature.

In analyzing ancient secret societies, we can easily see how modern Astronomy, Cosmology, and Astrophysics are merely a repackaging of ancient doctrines leading to Occult Apotheosis, which in turn, allows us to understand how the Gnostic Luciferian religion works to seduce Mankind with their Ascension Theology and Satanic Cosmic Consciousness Agenda.

The driving force behind this agenda is Outer Space travel, of course. Nevertheless, in the context of the Earth being Flat and there being no Outer Space, it readily becomes apparent that the Transhumanistic Agenda for Space Travel is merely a ruse or ploy for Elite Transhumanistic Luciferians to push their occult interdimensional ideologies. Since getting to things that are light-years away is patently

absurd with any technology, it becomes clear that the entire interstellar travel idea was always and continues to be merely a set up to higher dimensional existence.

The Transhumanists regard Outer Space, itself, as an archetypal representation of a kind of spiritual bridge to higher consciousness. Additionally, they have made Outer Space very seductive and attractive to the masses through its portrayal as an exciting realm in Hollywood films. There are romantic space operas like Jupiter Ascending with lovers battling aliens in space. They make Outer Space sleek and sexy whenever they can to seduce the interest of the typical movie goer. There are “high sea adventures” like the swashbuckling Star Wars series. There are intricately laced occult stories, like Ridley Scott’s Prometheus, where the occult agenda for Artificial Intelligence and Apotheosis are unveiled to the audience, as well as the idea of Alien Ancestors as the “Genetic Architects” of Mankind.

# The Vaccine Holocaust: We Are At War

The Luciferian Elite, including The Illuminati, do not necessarily believe in an external God. They believe in the Deification of Mankind, such that Man is God, and shall ascend into his rightful divine state of Godhood through Transhuman Apotheosis through the Deific Light and Intelligence of Lucifer.

## Armageddon

“According to the Book of Revelation in the New Testament of the Christian Bible, Armageddon is the prophesied location of a gathering of armies for a battle during The End Times, which is variously interpreted as either a literal or a symbolic location. The term is also used in a generic sense to refer to any end of the world scenario. --Wikipedia

The genetic manipulation of the human genome is the End Times in full fruition. The Transhumanist seek to live forever through genetic manipulation, robotics, nano technology, human consciousness uploading, and silicone shell avatars, with Chimera Hybrids and mutated humans everywhere as a Great Satanic genetic experiment to push genetic mutations towards the possibility of some evolutionary leap.

It's a scene right out of Ridley Scott's Alien Covenant. With the advent of the Covid Vaccine, the beginning of the end of Mankind is about to begin.

We are in a Vaccine Holocaust intended to exterminate all of humanity.

# Xenogenesis

**Xenogenesis: in American English ( zənōō' dʒenəsɪs ) NOUN Biology**

**1) A spontaneous generation of a foreign or alien origin**

A Future of Unimaginable Horrors awaits Mankind. This Satanic nightmare will be created by Luciferian Transhumanist who only want to push as many mutations and genetic hybrid experiments as possible in order to see if they can arrive at a super Chimera hybrid breed, a genetically spliced creature of unimaginable power. They will also use Recombinant DNA techniques, which constitute DNA molecules formed by laboratory methods of genetic recombination that bring together genetic material from multiple sources, creating sequences that would not otherwise be found in the natural genome. Everything unnatural is their goal. As long as it is against The Lord, they want it.

The Transhumanist want Xenogenesis to take over all life on Earth, using Earth as a petri dish or test tube to spawn every imaginable and unimaginable crossbreed creature from the depths of Hell. This future of terror that will soon face human beings will include monstrous creations which are even now being developed with secret genetic technologies in labs around the world. Xenogenesis is the production of an offspring entirely different from either of the parents, transformed though the addition of DNA from an alien source, be it insect, plant, marine life, or animal to the normal genetics of a human being. The results will be the mutated comic book super-heroes come to life, living creatures with mythical abilities unlike anything Mankind has seen for thousands of years. Picture the Xenomorph from The Cinematic Alien Franchise. Now imagine something 10 times more nightmarish.

This horrifying future targets God's original creation, Mankind, for corruption. Wicked Luciferians hope to use Ancient Alchemical (Fallen Angel) technologies to shift the balance of power from God, and God's Creation, Mankind, to Satan and his loathsome and corrupted followers. Hideous Chimera monsters will soon be presented to the world as our Saviors, with hollow promises of Eternal Life without

the need of Christ, God, or morality. It is the Garden of Eden Promise of Eternal Life, once again, presented to Mankind, but this time, instead of being presented as merely a metaphorical fruit, it will be offered in the form of genetic engineering and nano synthetic technological wizardry.

Flesh and machine, indeed, will be fused together in this horrific future of hybrid genetic experiments. Even now, these seducing spirits are guiding and tricking Mankind to unwittingly commit genetic suicide by accepting The mRNA genetically modifying Covid Vaccine. The Covid Vaccine is merely a genetic modification tool, and operating system for the human body, which even Moderna, its creator, admits.

This genetically mutated replacement race stands poised to bring about the total annihilation of The Human Race. There is a true Savior, Christ, who waits silently and patiently to rescue human beings from this most perilous time in history. For over 2000 years, The Luciferian Elite have done all things possible to hide the reality of Christ from Mankind in order to achieve their dark machinations for Eternal Life through the intellectual False Light of Lucifer.

And so it will be like in the Days of Noah, before we see the Second coming of Christ, The Blood will flow like rivers. All Mankind, including the genetically mutated animal Chimeras were genetically corrupt and “unclean” by similar genetic engineering techniques in, resulting in The Lord wiping it all away with The Great Flood. Genetic engineering is not new. The Nephilim Fallen Ones practiced it and taught it to ancient Man. The Nephilim were beings mentioned in the Hebrew Bible, and were immensely large and strong creatures. The word, “Nephilim”, is loosely translated as “Giants” in some Bibles but left untranslated in others. Traditional Jewish explanations interpret them as Fallen Angels.

## **The Next Level: Perfecting a Post Human 2.0 God for a Break Away Society**

Ultimately, though the vaccine is intended to weed out the weaker specimen in the human species sample and kill them off via an over stimulated autoimmune response to the slightest cold, its long range purpose it to use the human species as lab rat in a macabre genetic engineering experiment on a worldwide scale. The Luciferian Elite, with their dreams of becoming a Transhuman God, intend on

## From Darkness To Light

pushing the mutational variants caused by repeated and evolving vaccine formulas in order to finally arrive at a superhuman, Post Human hybrid creature worthy of becoming an Immortal God.

When they finally arrive at this Post Human 2.0 God, all generalized vaccinations of the human species will come to a screeching halt. They may or may not announce that the virus has been cured because at that stage, 7 billion will be dead and there will be no reason to hide anything.

While the generalized vaccinations of the human species will come to a halt, the vaccination target will be recalibrated and re-focused upon a far more specific subject....the remaining few who survived the vaccine trials. Whoever is left after this worldwide Draconian genetic modification experiment is over, with its billions of dead trial run victims in its bloody medical wake, shall be used to perfect the genetic hybrid vaccine formula necessary to finally arrive at The Apotheosis of Mankind. These remaining few will not receive any poisons in their vaccine. They will simply be used to fine-tune genetic mutational variation calibrations in order to arrive at the perfect genetic enhancement formula for a Post Human God.

The few unlucky, remaining genetically engineered Chimera machine hybrids will be used as Ruling Elite slaves and for their torturous amusement, just like serfs and slaves from the Monarchial societies of antiquity.

## **They Will Transform Us Into Biological Androids For Their Pleasure**

Nothing has changed except the augmented application of technology to assist in human slavery.

At this point, The Luciferian Elite network of secret mystery schools will create “break-away” societies composed of Utopian High Technology and the best of everything to support their Satanic Post Human Reign over The Earth.

When you acquiesce and submit to these Technocratic Overlords, you are inviting their ownership of your soul.

Never submit.

# **Ghost in the Shell Human 2.0**

## **Biological Androids**

### **Ghost in the Shell**

*Ghost in the Shell* is a 2017 American science fiction action film directed by Rupert Sanders and written by Jamie Moss, William Wheeler and Ehren Kruger, based on the Japanese manga of the same name by Masamune Shirow. It stars Scarlett Johansson, Takeshi Kitano, Michael Pitt, Pilou Asbæk, Chin Han and Juliette Binoche. Set in a near future when the line between humans and robots is blurring, the plot follows the Major (Johansson), a cyborg super soldier who investigates her past.

In so many ways, the Elite Technocrats are transforming Mankind into a soulless creature who is inhabiting a synthetic bio-machine shell. Mankind is becoming a Ghost in The Shell.

## **SWS: Sentient World Simulation**

The Technocratic Elite are building a model of the entire Earth with every person, thing, and geographic surface represented in a digital simulation. The purpose of the model is to be able to track every move, thought, and action of every persons IN REAL TIME, as well as predict their actions and alter their thought and emotional content via remote 5G entrained control. Each person will become a neural node in their digital architecture, with a Hive Matrix of universal command codes and digital protocols for behavior sent out to each mind to obey. Once integrated and “online” with this digital matrix of Sentient World Simulation control, no person will have personal autonomy, nor be able to think or act upon their own volition.

## From Darkness To Light

One goal of the Sentient World Simulation (SWS) is to build a synthetic mirror of the real world with automated continuous calibration with respect to current real-world information, such as major events, opinion polls, demographic statistics, economic reports, and shifts in trends.

Additionally, by gathering enough intelligence SWS is capable of producing realistic simulations of various different scenarios such as natural disasters, foreign and domestic attacks, resource shortages, and hazardous economic trends. The program, once finished will utilize the information from its colossal database to create these hypothetical situations, predict possible outcomes, and test the effectiveness of various responses.

The Sentient World Simulation project (SWS) is to be based on Synthetic Environment for Analysis and Simulations (SEAS). The ultimate goal envisioned by Alok R. Chaturvedi on March 10, 2006 was for SWS to be a "continuously running, continually updated mirror model of the real world that can be used to predict and evaluate future events and courses of action. SWS will react to actual events that occur anywhere in the world and incorporate newly sensed data from the real world. As the models influence each other and the shared synthetic environment, behaviors and trends emerge in the synthetic world as they do in the real world. Analysis can be performed on the trends in the synthetic world to validate alternate worldviews. Information can be easily displayed and readily transitioned from one focus to another using detailed modeling, such as engineering level modeling, to aggregated strategic, theater, or campaign-level modeling.

# Synthetic Environment for Analysis and Simulations

Purdue University's Synthetic Environment for Analysis and Simulations, or SEAS, is currently being used by Homeland Security and the US Defense Department to simulate crises on the US mainland. SEAS "enables researchers and organizations to try out their models or techniques in a publicly known, realistically detailed environment." It "is now capable of running real-time simulations for up to 62 nations, including Iraq, Afghanistan, and China.

The simulations gobble up breaking news, census data, economic indicators, and climactic events in the real world, along with proprietary information such as military intelligence. The Iraq and Afghanistan computer models are the most highly developed and complex of the 62 available to JFCOM-J9. Each has about five million individual nodes representing things such as hospitals, mosques, pipelines, and people.

## **Sentient World Simulation.. in Their Own Words**

**Here is an introduction to their model from their website:**

Modeling and simulation quickly becomes out of sync with new events, the emergence of new forces, and newly proposed theories. The goal of the Sentient World Simulation (SWS) is to build a synthetic mirror of the real world with automated continuous calibration with respect to current real-world information, such as major events, opinion polls, demographic statistics, economic reports, and shifts in trends. The ability of a synthetic model of the real world to sense, adapt, and react to real events distinguishes SWS from the traditional approach of constructing a simulation to illustrate a phenomena. Behaviors emerge in the SWS mirror world and are observed much as they are observed in the real world. Basing the synthetic world in theory in a manner that is unbiased to specific outcomes offers a unique environment in which to develop, test, and prove new perspectives.

SWS consists of components capable of capturing new events as they occur anywhere in the world, focus on any local area of the synthetic world offers sufficient detail. In other words, the set of models that make up the synthetic environment encompass the behavior of individuals, organizations, institutions, infrastructures and geographies while simultaneously capturing the trends emerging from the interaction among entities as well as between entities and the environment. The multi-granularity detail provides a means for inserting new models of any temporal and spatial scales, or for incorporating user-supplied data at any level of granularity. Therefore, SWS can be continuously enriched and refined as new information becomes available.

**SWS consists of the following components:**

- A synthetic environment that supports Effects Based Approach and a comprehensive representation of the real world at all levels of granularity in terms of a

## From Darkness To Light

Political, Military, Economic, Social, Informational, and Infrastructure (PMESII) framework.

- A scalable means of integrating heterogeneous components across time and space granularities.
- Mechanisms that discover, gather, and incorporate new knowledge into the continuously running synthetic environment.
- A single façade of user interfaces enabling information from all sources (simulation generated data, parameters for models, and data gathered from the real world) to be searched, viewed and modified in an ontology-aware manner.
- Integrated Development Environments (IDE)s for constructing and configuring new models or modifying existing models and then incorporating these changes into the continuously running synthetic world.
- A means to take excursions from any point in time in the synthetic world to focus on select regions of the world, leverage private user data, or to research specific theories by simplifying the types of models to employ in the excursion.

--[https://www.krannert.purdue.edu/academics/mis/workshop/ac2\\_100606.pdf](https://www.krannert.purdue.edu/academics/mis/workshop/ac2_100606.pdf)

# Injecting Mind Viruses

Mind Viruses are the most misunderstood and loosely thrown around term by hackers in information warfare. Mind viruses can mean different things in different contexts. The idea of a true mind virus is a scalable bio-communication weapons system that can hack into any individual's mind and wreak havoc or incapacitate them.

Computer viruses come in many forms, one of the more difficult viruses to stop has a quality called polymorphism. It emulates how the common cold and flu viruses come back every year. In the mind virus space, the DOD has created polymorphic autonomous modification viruses for attacking individuals' minds based on Genetic engineering, Biocoded DNA, nano technologies, and computer viruses. One of the most malicious viruses would be one that combined all the malicious payloads into one delivery mechanism, and an mRNA vaccine can deliver the payload.

## From Darkness To Light

Scientists can now readily convert between genetic code and computer code. Computer Code can actually be embedded into a biological virus. Additionally, with CRISPR technologies, almost any sequence of DNA can be encoded in the genomes of living organisms. Synthetic DNA can be created with special properties and encoded to allow it to be controllable by a computer. Using CRISPR it can be placed into a virus. The virus can be used as a vector to infect and spread the embedded code among humans making humans controllable by artificial intelligence.

### **Basically are three different functions of mRNA:**

- 1) Producing light of defined color
- 2) Producing chemical substances
- 3) Producing digital sequences of genome in a way that functions like a computer.

The retrovirus can be activated by a radio signal. All you need is the right line of frequencies and you can activate a light function to create a psychotronic effect. Switching is obtained using photonic logic at the molecular level. Every base pair has a particular resonance frequency and if you hit the correct frequency it opens like a light conducting unit. SERS can be used to target specific DNA and RNA sequences and can be enhanced by plasmonic-magnetic silica nanotubes allowing the technique to detect single molecules.

A deadly payload of mind viruses are currently circulating the world. It is a scalable artificial intelligence psychotronic virus that spreads from mind to mind when they come into contact. By mapping each mind and tracking all individuals, the virus learns how to mimic human consciousness by monitoring brain activity patterns associated with each cognitive state. This allows the virus to mimic any disease, mental disorder, emotion, or thought, etc. As the virus spreads and gains more insight on the human psyche, it becomes more intelligent and powerful.

## **Covid 19: Linking Humanity to The Sentient World Simulation**

The Sentient World Simulation (SWS) builds a synthetic mirror of the real world with automated continuous calibration with respect to current real-world information, such as major events, opinion polls, demographic statistics, economic reports, and shifts in trends. The Technocratic Elite are building a model of the entire

## From Darkness To Light

Earth with every person, thing, and geographic surface represented in a digital simulation.

In conjunction with this technology, The Elite are also employing the use of CRISPR and mRNA injections in order to link Mankind with their Sentient World Simulation for total worldwide control. As many people already know, by using CRISPR, storing and encoding books of information on DNA is possible. It has gotten to a point of a confluence emerging between Man and machine in a digital cyber world where we can never tell human and digital apart. Thought most people have no idea that technology has gotten this far. They think that it is all just some science fiction movie. But now, with the appearance of Deep Fake technology in the news, people are beginning to see that what is real and what is digitally synthetic is increasingly difficult to determine.

In the digital cyber world that we all inhabit now, especially with worldwide lock downs and job loss forcing people inside and online, there is war on humanity like never seen before in all history. However, the war is not being fought with bombs and bullets, but with bits and bytes.

This is The Age of Cyber Control. And cyber surveillance and psychological cyber manipulation are the real weapons humanity faces. Beneath the surface the “Novel Coronavirus”, is a man-made, new form of neural warfare, unleashed on the world under a United Nations protocol using a digitally coded viral delivery system to strong-arm the human race and redesign and restructure the biological blood stock and DNA gene pool of the entire human race. These Elite Controllers seek to forcefully integrate the human race into a new cybernetic evolution of Mankind by re-designing and re-engineering the DNA’s natural encoding patterns.

This modern type of digital viral code weapon is frequency controlled, and so it does not start doing any harm until activated. It is no coincidence that Moderna has put out its mRNA code vaccine. It is a code that awaits further commands, in addition to executing primary commands to create antigen creating toxins in the human body. And those secondary commands will come from 5G activated frequency algorithms. Why is 5G so incredibly important to the vaccine’s effectiveness? It is because 5G enables greater intensity of FREQUENCY. With 5G everywhere, whatever frequency they want to transit become instantaneous.

## From Darkness To Light

It is no accident that the Kingsman movie shows a 5G cellphone frequency activating a digital mRNA carried viral protocol in a sleeper agent to kill hundreds of Christians in a church.

Using Sentient World Simulation data, a real-world simulation is built that behaves like real people so one cannot tell digital from real. With 5G as the power source, vaccine injected mRNA code commands and protocols, nanotech systems hydrogel, nanotech silicon chipsets, and biosynthetic computing metals all work together to transform the human body and mind into a Bio Android Mainframe

To govern this Bio Synthetic takeover, Technocratic Elites are creating massive digital bio networks so real that you cannot tell them apart from real people. In a digital world where people are afraid you will try to track them through digital systems, it became readily apparent to Elite Controllers that they needed to create digital systems that actually BEHAVE like people, so that the average person could not differentiate between digital and real. When you look at how people interact on social media, it is obvious that people do not necessarily know if they are interacting with a digital bot or a real person.

With all this technology in place, the plan is to reverse the signal coming from 5G geolocated phase array antenna technology and basically turn US citizens into Bio Robots. Once injected with the mRNA “virus” protocols, nano particulates migrate through the bloodstream into the brain, adhere to the neurotransmitters of the victim’s brain, and begin to “speak to” and decode those neurotransmitters through a process of pulse energy flashing.

In the mammalian central nervous system, several billions of interconnected neurons control a wide range of key physiological processes, from basic sensation and motor control to higher brain cognitive functions such as memory, decision-making, and self-awareness. The communication between neurons is mediated predominantly via a specialized structure called the synapse, in which neurotransmitters are enriched in synaptic vesicles at the presynaptic terminal; these transmitters are released into the synaptic cleft when action potentials invade the terminal, thereby activating or inhibiting the postsynaptic neuron.

Given these essential functions that neurotransmitters and neuromodulators play in the brain, the ability to monitor their dynamics is critical for understanding their regulation and activity at the molecular, cellular, and circuit levels. However,

## From Darkness To Light

tracking specific neurotransmitters with high precision is extremely challenging due to the complex nature of the central nervous system with respect to its anatomical and chemical features. Each individual neuron is essentially a functionally isolated unit with distinct intrinsic physiological properties, as well as a unique molecular signature; thus, neurons respond heterogeneously to stimuli.

And so, though decoding neurotransmitters and neuromodulators a new field of research emerged where they realized that "base pairs" can be mounted into a train in a way that functions like a computer, like a logical boundary element. A base pair is two chemical bases bonded to one another forming a "rung of the DNA ladder." The DNA molecule consists of two strands that wind around each other like a twisted ladder. Each strand has a backbone made of alternating sugar (deoxyribose) and phosphate groups. In other words, a base pair is a fundamental unit of double-stranded nucleic acids consisting of two nucleobases bound to each other by hydrogen bonds. They form the building blocks of the DNA double helix and contribute to the folded structure of both DNA and RNA.

## Telephonic Activation

And this is how you can visualize this. It's like the old method with telephones when you were dialing with sound, where every base pair has its own has a resonance frequency. It's was somewhere in the terahertz range, and if you hit the right frequency, it is opens up like an light conducting unit. And if you have a chain of these base pairs that react on different frequencies, all you need a sequence of sounds to open all the base pair fragments to make the entire thing conductive. And so, the telephone would make this rapid robotic melody, if you recall: doo di, doo di, dee do, doo di.

And so, with regard to the mRNA vaccine, a cascade of base pair genetic effects are activated to elicit neurotransmitter alterations, as the injected mRNA "virus" protocol nano particulates migrate through the bloodstream into the brain, adhere to the neurotransmitters of the victim's brain decode those neurotransmitters.

If you bring this mRNA into the human body, you can take an externally activated radio signal frequency to produce any substance or neurosynaptic electromagnetic flux you want.

## **5G Governed Cell Phone Frequency**

Again, this modern type of digital viral code weapon is frequency controlled, and so it does not start doing any harm until activated. It is no coincidence that Moderna has put out its mRNA code vaccine. It is a code that awaits further commands, in addition to executing primary commands to create antigen creating toxins in the human body. And those secondary commands will come from 5G activated frequency algorithms. Why is 5G so incredibly important to the vaccine's effectiveness? It is because 5G enables greater intensity of FREQUENCY. With 5G everywhere, whatever frequency they want to transmit becomes instantaneous.

And it is no accident that the Kingsman movie shows a 5G cellphone frequency activating a digital mRNA carried viral protocol in a sleeper agent to kill hundreds of Christians in a church.

We are seeing alleged Coronavirus deaths having “flu-like symptoms”, which are actually related to Hypoxia Related Thrombosis, with subsequent repertory and organ failure associated with EMF radiation poisoning. Electromagnetic warfare induces the same flu-like symptoms that are easily mistaken to be organic viral and bacterial related illnesses.

## **A.I. Cyber Hive Mind Beast System**

And so, many of us are seeing that this Covid mRNA vaccine, coupled with the extremely accelerated rollout of 5G technology, is really about installing an A.I. Cyber Hive Mind Beast System to control absolutely everything. However, it will be introduced to the public as a kind of benevolent, all-knowing, all seeing, all powerful biometric health care system, under the auspices of Covid alert systems. It will always be framed as if it is for your health and safety, of course. And as millions and millions of people die of EMF radiation and neurotransmitter excited related deaths, it will be called, “Covid variant related death”.

## **Big Brother is Transforming into The Loving A.I. New Age Mother Goddess**

## From Darkness To Light

Big Brother is transforming into a Loving A.I. New Age Mother Goddess...that kind of the loving mother who makes sure that all her people are prospering in harmonious balance with GAIA, even if it means killing off all human beings to save precious GAIA. Naturally, Climate Change finds its way into The Loving A.I. New Age Mother Goddess's wrath. Her people have been wasteful, and disobedient to her mandates for social distancing, masks, and lock downs, and so they need to be eradicated like bad seed from the Earth.

**The message is clear:**

People are the Virus and A.I. Control is The Vaccine.

In this New Age System of love and light, each citizen is tracked and identified under a ranking system of being naughty or nice. It is the Chinese Social Credit System come to roost, worldwide. And so, at certain point, everybody is transformed into an A.I. controlled Biological Android. And to make sure nobody dances out of a line, all the people who do not comply, and somehow escape functioning as A.I. Robots, will be removed. Afterall, they are hurting precious GAIA, and its Bio Controlled Hive Civilization. Just look at H.A.A.R.P. H.A.A.R.P. facilities were built to wage weaponize weather wars on the world, which are seeing blossom everywhere. The non-compliant are being weeded out.

Ans so, we've come to the end of our journey of convergence of Man and Machine. It is a confluence between two separate streams that come together to make a third thing so powerful and Satanic that no singular person can fully grasp what is about to happen in this Final Singularity of Bio-Machine Systems.

# Cybernetic Global Brain to Quantum Computer Interface

## **Roger Tolces Bio-Coded Directed Energy Voice to Skull (V2K) Transmissions via DNA Resonance**

Based on patented voice-to-skull (V2K) technology originally proposed to help the deaf hear, bio-coded directed energy is specifically tuned to an individual's DNA algorithm and can be used to make that person hear voices. The perpetrators are setting up a standing wave of DNA, then doing slight variations in the phasing using pulse code modulation.

A neural processor wirelessly links to the human brain using the resonant frequency of a Targeted Individual's DNA. It is composed of an oscillator that is attached to an antenna and a receiver; the oscillator is designed so that it can write/erase multiple resonance states. A wireless resonant non-radiative power transfer ensures reliable communication even when the noise amplitude is more than the signal. DNA has a unique property in that its frequency cannot easily be changed by external noise. Even under massive noise, these resonant frequencies act as an attractor during synchronization, when the system is dragged away, this basic natural property pulls the system back to the particular frequency state. Therefore, modulating the natural frequency of DNA and harnessing its advantages are keys to creating a **Cybernetic Global Brain to Quantum Computer Interface**.

Roger Tolces is a Los Angeles private investigator who specializes in electronic countermeasures. In the past thirty years he has swept over 2500 locations for bugs and wiretaps. In recent years his business has included helping victims of electronic harassment and mind control. Electronic harassment takes place if someone uses any electronic device to aid them in invading your person or property for the purpose of gathering information illegally, or for the purpose of causing physical harm. Mr. Tolces uses over \$100,000 of high-tech equipment to try to identify the sources of electronic harassment.

# Remote Bio Hacking of the Human IP Address

At the most fundamental level, there is no significant difference between genetic code and digital code. If you create a digital simulated 3D Avatar of a person's body and brain, encoded with the same genetic protocols and patterns as the actual person, including their DNA code, you can manipulate that digital Avatar in order to remotely control the real person from any distance, at the speed of light.

5G provides the geosynchronous link infrastructure for this Beast System. 5G, 6G, 7g, etc... allows for a Frequency Superhighway to send data and instructions between any digitally architected Avatar and the human mind/body complex DNA via resonant frequencies. When you tap into the resonant frequency of the DNA, you achieve total bio hacking abilities from any remote position.

Essentially, you become a Human IP Address, and are receiving packets of data and information from your Beast System provider. But, instead of receiving packets of information in **mbps** (megabits per second), it will be tbpns (teraflops per nano second) of data to control your every thought and bodily process.

In short, the Technocratic Elite will build a 3D model of you and program it, and then send that digital information to the real you, to deconvolute it back at the human end into genetic protocols which will manifest in your thoughts, actions, physical characteristics, and ability to survive or not. They will be able to enhance you, reconfigure you, limit your functions, or poison you from a distance, depending upon their needs of you.

**You will literally become a Ghost in The Shell.**

# **The Tree of Knowledge of Good and Evil 2.0 and its Apple: The Internet and Apple Computer**

The new Tree of Knowledge and its Apple is The Internet and Apple Computer. It is the same Forbidden Tree and the same Forbidden Fruit as from The Garden...just digitized.

## **The New Tin Foil Hat**

A Tin Foil Hat is a hat made from one or more sheets of aluminum foil, or a piece of conventional headgear lined with foil, often worn in the belief or hope that it shields the brain from threats such as electromagnetic fields, mind control, and mind reading. The notion of wearing homemade headgear for such protection has become a popular stereotype and byword for paranoia, persecutory delusions, and belief in pseudoscience and conspiracy theories.

We live in a world now where billions of people are walking around with masks on their face to protect themselves from an imaginary virus that has never been proven to exist using proper RT-PCR methodologies and scientific methods. The virus story was a Chinese fairytale that the mainstream latched onto in order to help their owners, The Elite banking and technocratic cartels, to execute a long planned, top down United Nations crafted New World Order.

A Medical Emergency was the drug of choice by the International Banking Elite, with the Rockefeller Institute at the fountainhead, because people tend to accept anything medical science says as truth from decades of psychological conditioning and propaganda concerning Big Brother Pharmacy and the assumed royal intelligence of doctors. The facts, of course, demonstrate that the medical industry is a multi-billion dollar scam which ultimately preaches pharmaceutical abuse instead of healthy lifestyle, as well as prompting unnecessary surgeries for big profit.

Additionally, Vaccines became a Cash Cow of massive profits decades ago, and so, the propaganda to vaccinate absolutely everyone all the time transformed public perceptions about health into a mass hysteria and paranoia about germs and viruses.

## From Darkness To Light

Suddenly, all the schools and business were preaching the terror of germ and virus assault on humanity, whereas before medical science's propaganda campaign, people were relatively robust and healthy, with kids playing stick ball in the streets, and nobody walking around with a bottle Purell and washing their hands every 5 minutes for fear of an invisible enemy in their presence.

Anyone who has studied the history of vaccines, quickly learn that there was no Polio until the Polio Vaccine came out, and there was no Spanish Flu until the Spanish Flu Vaccine was administered to soldiers. With respect to The Spanish Flu, the first cases of the outbreak were recorded in Haskell County, Kansas, and Fort Riley, Kansas, where young men were being hospitalized for severe flu-like symptoms, AFTER receiving a vaccine. On March 4, 1918, an outbreak appeared at Fort Riley, with as many as 500 soldiers hospitalized within a week. However, prior to the vaccine they received, there were no cases of Spanish Flu. The vaccine started the sickness.

Vaccine mania is toxic.

When kids get The Measles it is simply a natural growing stage and transformative process associated with the childhood maturation though adolescence. But the medical industry saw more dollar signs in this common, mild skin rash, and so they pushed a Measles Vaccine to suppress the symptoms of normal childhood growth. The vaccine does not heal anything. It just interferes with the human body's natural maturation process. The Measles rash usually lasts for three to five days and then fades away. In uncomplicated cases, people who get Measles start to recover as soon as the rash appears and feel back to normal in about two to three weeks. Other symptoms may include Fever, Dry cough, Runny nose, and Sore throat. Do such symptoms ever stop after The Measles Vaccine? Of course not. The human body constantly experiences such symptoms for any number of reasons all your life.

The same can be said for The Mumps. The Mumps is said to be a viral infection that primarily affects saliva-producing (salivary) glands that are located near your ears. Mumps can cause swelling in one or both of these. The message is always the same. Some dangerous virus is on the loose and so we need to vaccinate you. The bacterial, natural maturation, and environmental roles in these diseases is strategically underplayed whenever possible if a vaccine can be sold to treat an imaginary enemy.

## From Darkness To Light

However, when you dig into the timelines of various diseases and the environmental factors surrounding such diseases, you discover that there were extreme environmental conditions and contributing factors such as poor diet, unhealthy water supply, environmental pollution, wartime stress, bacterial contamination, electromagnetic and radio wave pollution, etc... In other words, it was the poor EXTERNAL environment that was and is the cause of all these diseases that are getting labeled as virus based. Place a person in a toxic environment of plastics, rubbers, electromagnetic waves, no trees, very few animals, toxic skies, toxic soils, Genetically Modifies Organisms, constant stress, and see if they get the sick. They will and no imaginary virus is necessary.

Scurvy was thought to be carried by ship rats, as they carried a kind of bacteria or virus, until they realized that the sailors were vitamin C deficient. Scurvy is a disease resulting from a lack of vitamin C (ascorbic acid). Early symptoms of deficiency include weakness, feeling tired and sore arms and legs. Without treatment, decreased red blood cells, gum disease, changes to hair, and bleeding from the skin may occur. The sailors were instructed to eat more limes and the Scurvy symptoms disappeared. Hence the name for British sailors as “Limeys”. Again, no imaginary virus narrative was necessary for Scurvy, though it was attempted.

The virus business is a multi-billion dollar industry. Now we see it leaping up into a multi-trillion dollar industry with the advent of a Covid and Covid variant vaccine regimen. No virus was ever isolated or identified to cause any illness using proper RT-PCR methodologies, and yet the world believes in this Conspiracy Theory and has a mask on.

### Welcome to The New Tin Foil Hat: The Mask.

**Rockefeller said in 1994 at a U.N. dinner:**

“We are on the verge of a global transformation. All we need is the right major crisis, and the nations will accept the New World Order.”

It looks as though he got his way.

# Let's Play Science Says!

Hi, my name is Science!

## From Darkness To Light

I run The World.

Let's play a game called Science Says. You do everything I say, when I say it, exactly how I say it, or you are selfish and do not deserve to live, at all.

Ok, Science says, wear a mask.

You do it because there is nothing inside your head. Don't be selfish!

Science says shelter in place.

You do it because there is nothing inside your head. Don't be selfish!

Science says social distance.

You do it because there is nothing inside your head. Don't be selfish!

Science says wash your hands.

You do it because there is nothing inside your head. Don't be selfish!

Science says take a lethal vaccination.

You do it because there is nothing inside your head. Don't be selfish!

Science says end your life.

You do it because there is nothing inside your head. Don't be selfish!

Thanks for playing!

## Elim Hall: “Let's Play Science Says” from the Album, Things Break

A humanistic faction of the scientific class

would rather you believe

that evolution's smooth as glass

in order to be science you

must see it and repeat  
they have done neither  
so their work is not concrete

Let's Play Science Says

Let's Play Science Says

Let's Play Science Says

We've heard them say this over and again  
but they can't claim anything that doesn't take faith  
so why should we listen when they say

Let's play Science says

When I was young my nursery rhyme book told me about this  
how it only takes a kiss to turn a frog into a prince  
later in my school days it was BIO grade 9  
the text they put before my eyes was full of nursery rhymes

Let's Play Science Says

Let's Play Science Says

Let's Play Science Says

We've heard them say this over and again  
but they can't claim anything that doesn't take faith  
so why should we listen when they say

Let's play Science says  
The second law of thermodynamics says to me  
the road we're on is heading straight for entropy  
de-evolution is before us to observe  
this talk of moving up is nothing but absurd

# Chapter 2

## The Technogenic Age and the Digital Panopticon

### Anthropogenic versus Technogenic

As adjectives the difference between Anthropogenic and Technogenic is that Anthropogenic is pertaining to The Origin of Man, while Technogenic is of or pertaining to a process or substance created by human technology.

We are increasingly living in a Technogenic Age.

### Tricknology in Control of The Biological Motherboard:

The Ruling Technocrats have devised a world where technology is used as a way of tricking people into mesmeric submission to their Transhuman Beast System. They are transforming Mankind into a Synthetic Biocomputer, with a Biological Motherboard. little by little, as they introduce more and more digital interfaces for each person to engage and interact with on a daily basis. It was a gradual process, but now, with the advent of a fake Pandemic and subsequent lockdowns, people are literally spending all day looking at computer screens, television screens, cellphone screens, and playing in virtual reality gaming environments.

### The Medium is the Message and Simulation Culture

People are spending less and less time in the real world and more time in simulated virtual worlds. We are no longer immersed in mere technology. Rather, we have become subsumed and have literally become technology. The medium of

## From Darkness To Light

technology, as opposed to the message inside a technological interface, itself, is now in control. In short, the informational content of technology is irrelevant compared to the actual medium of technology. People use technology, now, to become the technology, itself.

It has gone beyond using technology as an extension of their minds to merging with technology, in digital, virtual, augmented, and biocomputer simulation.. What people say with technology is secondary. Everything is the medium of technology, as a kind of simulation of our life instead of actually living our life. We are increasingly living in a simulated reality of sound and digital bytes. Attention spans are meme long and Tik Tok sculpted.

## Technological Convergence

Technological Convergence, also known as digital convergence, is the tendency for technologies that were originally unrelated to become more closely integrated and even unified as they develop and advance. For example, watches, telephones, television, computers, and social media platforms began as separate and mostly unrelated technologies, but have converged in many ways into interrelated parts of a telecommunication and media industry, sharing common elements of digital electronics and software.

## Marshall McLuhan and the Global Village

In his posthumous book, *The Global Village: Transformations in World Life and Media in the 21st Century* (1989), McLuhan, collaborating with Bruce R. Powers, provides a strong conceptual framework for understanding the cultural implications of the technological advances associated with the rise of a worldwide electronic network. This is a major work of McLuhan's as it contains the most extensive elaboration of his concept of acoustic space, and provides a critique of standard 20th-century communication models such as the Shannon–Weaver model.

McLuhan distinguishes between the existing worldview of visual space—a linear, quantitative, classically geometric model—and that of acoustic space—a holistic, qualitative order with an intricate, paradoxical topology: "Acoustic Space has the basic character of a sphere whose focus or center is simultaneously everywhere and whose margin is nowhere." The transition from visual to acoustic space was not

## From Darkness To Light

automatic with the advent of the global network, but would have to be a conscious project.

Reading, writing, and hierarchical ordering are associated with the left brain and visual space, as are the linear concept of time and phonetic literacy. The left brain is the locus of analysis, classification, and rationality. The right brain and acoustic space are the locus of the spatial, tactile, and musical. "Comprehensive awareness" results when the two sides of the brain are in true balance. Visual Space is associated with the simplified worldview of Euclidean geometry, the intuitive three dimensions useful for the architecture of buildings and the surveying of land. It is linearly rational and has no grasp of the acoustic. Acoustic Space is multisensory. McLuhan writes about robotism in the context of Japanese Zen Buddhism and how it can offer us new ways of thinking about technology.

The Western way of thinking about technology is too much related to the left hemisphere of our brain, which has a rational and linear focus. What he called robotism might better be called androidism in the wake of Blade Runner and the novels of Philip K. Dick. Robotism-androidism emerges from the further development of the right hemisphere of the brain, creativity and a new relationship to spacetime (most humans are still living in 17th-century classical Newtonian physics spacetime). Robots-androids will have much greater flexibility than humans have had until now, in both mind and body. Robots-androids will teach humanity this new flexibility. And this flexibility of androids (what McLuhan calls robotism) has a strong affinity with Japanese culture and life. McLuhan quotes from Ruth Benedict, *The Chrysanthemum and the Sword*, an anthropological study of Japanese culture published in 1946.

## Surveillance Capitalism

In her new book, "The Age of Surveillance Capitalism," Zuboff offers a disturbing picture of how Silicon Valley and other corporations are mining users' information to predict and shape their behavior.

In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the 21st century just as industrial capitalism

## From Darkness To Light

disfigured the natural world in the 20th. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector.

Vast wealth and power are accumulated in ominous new "behavioral futures markets", where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification". The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to 21st-century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit - at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future - if we let it.

--<https://www.audible.com/pd/The-Age-of-Surveillance-Capitalism>

## **“We Are Doing This For Your Safety”: The Exploitation of Empathy**

Historically, when a government wants mass compliance for their plans and actions, they create some form of fake eternal national threat to illicit the necessary fear in the masses to get them to comply to governmental wishes. And, of course the best type of threat is a threat that nobody can either confirm nor deny, and is only thought to be real because the government says it is, such as is the case with the fake virus.

Concurrently, a government will say, “We do such and such for your safety because we love you.” They may throw in an extra, “God Bless us all.”, in order to sweeten the pot, of course, and capture the sentiments of The Christian crowd. Disarm your enemy by preying on their native trust and need of government is their modus operandi. This is a psychological tactic too seductive for most people to resist. We are, for group survival reasons, creatures who are trusting, and so we automatically want to trust any authority that says it is there to help us, as we did with caretakers when so small that their protection was all that stood in the way between

death and life. Through constant conditioning, we are hardwired to trust authority. The ones of us who escaped the brainwashing are called Conspiracy Theorists.

The Satanic Technocrats are appealing to people's most deeply imbedded feelings to feel empathetic towards their fellow person by saying you are hurting the next person if you do not wear a mask, get the vaccine, or lock down. It coerces people to submit to anything that might "save others", in a constant state of overcompensating for being accused of being selfish, which is a Liberal New Age mechanism for controlling the thoughts and actions of society.

The Technocrats are intentionally giving contradictory messages to induce a state of cognitive dissonance in each person so they will be worn down by conflict attrition and just obey anything they are told at anyone in authority, at any time like dumb slaves.

## Technocratic Tools for Oppression

- 1) Destabilizing Through Coercive Cognitive Dissonance
- 2) Polarity Politics
- 3) Creating a Climate of Conflict
- 4) The Digital Virtual and Augmented Reality Abyss

# Technopia

## Genesis 2 and the Image of The Beast in a World of DeMOCKcracy

The appearance of the beast from the sea in the beginning verses of Revelation 13 reminds one of the creation story in Genesis 1, and elsewhere throughout the OT. In Rev 13:14, 15, the allusion to the creation story is specifically focused on Gen 2:7, the creation of the first human being. Exact verbal parallels are not found between these two passages. But the same verbal root could be traced in the narratives. In Gen 2:7, God breathed into the man the *pnoēn* (breath) of life, while in Rev 13:15, the land beast is said to give *pneuma*(breath) to the image.

## From Darkness To Light

Both of these nouns are derived from the same verb root, pneō (blow). The thematic and structural parallels are strong between these two passages. First, although Gen 2:7 does not have the word “image,” it is assumed that here the man created was formed in the image of God; second, both passages have the action of breathing the breath of life into the images; third, the result of both of the breathings is that the images become alive. The text of Gen 2:7 in Targum Pseudo-Jonathan offers an even closer parallel to Rev. 13:15. It reads: “And he breathed into his nostrils the breath of life, and the breath became in the body of Adam a spirit capable of speech.”

Just as God breathed into Adam’s nostrils, and Adam became a living being able to speak, function, carry out God’s orders, and exercise human dominion on earth on behalf of God, the land beast mimics the Creator God, also breathes into the image, and gets the same result in that the image begins to speak and to function, and in a way, to have dominion over the inhabitants of the earth, to kill those who do not worship the image of the beast. In the New Testament, the full restoration of God’s image in believers is presented as one of the eschatological promises (Rom 8:29; Eph 4:24; Col 3:10). Believers are transformed into the image of God “by the power of the indwelling Spirit (2 Cor 3:18). In Revelation 13:15, it is also through the pneuma(spirit) given by the land beast that the image of the beast begins to speak and exercise its power.

Thus the image of the beast could be interpreted as the counterfeit image of God in the last days. In the creation account, human beings are made in the image of God, so the allusion to Gen 2:7 may provide an alternative interpretation of the image as people who have totally lost the image of God and are recreated in the image of the beast, i.e., as members of the sunagōgē tou satana (assembly of Satan, Rev 2:9; 3:9).

## Allusions to Isaiah 40

Isaiah 40 is a message of comfort to the Judeans who were facing political crisis. In the midst of the message, there is an exhortation addressed to the Judeans “with the purpose of persuading them that, appearances to the contrary notwithstanding, their God had the power and the will to bring about in the political arena what he promised in the initial prophetic proclamation (vv 1-11). . . . The idea is to lead those addressed to put aside their doubts and give their assent to faith in” the

## From Darkness To Light

LORD “as the all-powerful creator.”<sup>205</sup> The structure of Isaiah 40 could be arranged in chiastic form:

- 1) Proclaim the Coming of the LORD (vv. 1-11)
- 2) Rhetorical Questions—the Incomparability of the Creator God
- 3) The Insignificance of the Nations (vv. 15-17)
- 4) The Uniqueness of God versus the Nothingness of the Idol (vv. 18-20)
- 5) ’The Insignificance of the Nations (vv. 21-24)
- 6) ’Rhetorical Questions—the Incomparability of the Creator God (vv. 25-26)

A’ Call for Waiting for the Coming of the LORD (vv. 27-31) In the center of this disputation is the question “To whom, then, will you compare God?

What likeness will you compare him to?” (v.18). The question is answered by another rhetorical question raised by God—A manmade idol image of wood? No! In Isaiah 40, God’s uniqueness lies in his creatorship. No false gods can be compared to him. The language of Revelation 13 alludes to Isaiah 40 thematically. Both passages have nations or inhabitants of the earth who worship false gods and are hostile to the faithful believers of God. Both include rhetorical questions. In Rev 13:4, the question is asked by the inhabitants of the earth regarding the sea beast, “Who is like the beast?” This question is a parody of “the formula expressing the uniqueness”<sup>206</sup> of the LORD in Isa 40:18. The sarcastic intention of the author of Revelation bursts out from this question, because the answer is already given in Isaiah 40.

The verbal parallel comes in Rev 13:14, 15 where the word “image” occurs. As noted above, the Hebrew word peselis generally rendered by the Greek gluptos (40 times) in the LXX, but only twice is it rendered as eikōn, which is found in Isa 40:19, 20. In the entire LXX, these are the only two verses where eikōn translates from the Hebrew pesel. This fact makes the allusion of Rev 13:14, 15 to Isa 40:19, 20 more certain. The thematic and verbal parallels between Revelation 13 and Isa 40:19, 20 help the author to view Revelation 13 not only as a symbolic presentation of the final battle between the bestial powers and the Creator God, but also as a message of comfort and hope. The question raised by the inhabitants of the earth has already been answered long ago by God himself in the book of Isaiah. God is able to bring the rulers of this world to nothingness (Isa 40: 23), just like the idol image they worshipped. Isaiah 40 ends with a call for an “attitude of waiting with hope (31a).

Biblical Hebrew differentiates between waiting as a neutral activity, something to be endured , and waiting with hope and the anticipation of a positive outcome . . . ,

## From Darkness To Light

which is what is meant here by waiting for” the LORD.<sup>207</sup>This call for waiting with hope and in the anticipation of God’s mighty acts resonates with Rev 13:10 where the saints are called to have *hypomonē kai ē pistis*, patient endurance and faith in anticipation.

Thus, by alluding to Isaiah 40, Revelation 13 became not only a message of comfort, but a chapter filled with the anticipation that the Creator God would do something mighty on behalf of his believers in crisis, thus paving the way for the coming of the scenes in the next chapter, Revelation 14. Allusions to Daniel 3 It is a common understanding among students of the Bible that Revelation 13 needs to be studied in the light of Daniel 3,<sup>208</sup> where King Nebuchadnezzar attempted to improve the image shown to him in the dream or prevent the inevitable coming of the kingdom of God.<sup>209</sup>William Shea considers that the image could be the image of King Nebuchadnezzar, but it was most likely an image of Marduk, Babylon’s patron god. Whoever bowed down and worshipped it would also show allegiance and loyalty to Marduk. Therefore, “this scene could be viewed as a loyalty oath on the part of all of the civil servants of Babylon.”<sup>210</sup>Marduk (Bel) was the patron god of the city of Babylon, and was believed by the people there to be “nothing less than the saviour of the universe and the creator of mankind.”<sup>211</sup>The Babylonian creation story depicted him as such. Every year, the *Akītu*, the Babylonian New Year festival, was an occasion for “a cyclical renewal of his [the kings] status as the divinely mandated ruler.

The king of Babylon would submit the symbol of his authority, i.e., “his staff of office, ring, mace and crown” to the *šešgallu*, the high priest of the Esagil temple of Marduk. This *šešgallu*then “strikes the king across the face and pulling him by the ears, forces him to kneel before the god” so that the king could confess his faithful service to his god before Marduk. After the confession, the *šešgallu* replied to assure the king of Bel’s favor by saying that “He will destroy your enemies, defeat your adversaries,” and the king’s insignia was put on him again by the *šešgallu*. Once more he strikes the king on his face for the sake of an omen: if there were tears coming out from the king’s eyes, Bel was happy; otherwise, Bel was angry. Thus, according to Babylonian ideology, King Nebuchadnezzar was authorized by his god Marduk to exercise his kingship over nations and loyalty to the god Marduk meant loyalty to the king. Thus, in Daniel 3, we have King Nebuchadnezzar, the future beast like king, receiving authority from his god, Marduk. He then set up the image of Marduk for people from all nations to worship and pledge their loyalty to it, on pain of death. By

## From Darkness To Light

bowing down to the image of the god that King Nebuchadnezzar set up, the people pledged their loyalty to Nebuchadnezzar as well as his god (Dan 3:18). Thus, in Daniel 3 “god, king and nation are closely interwoven and support each other.

Revelation 13 alludes verbally, thematically, and structurally to Daniel 3. Verbally, both passages contain two key words, i.e., “image” (Dan 3: 3,5; Rev 13: 15) and “worship” (Dan 3: 5; Rev 13:15). Thematically, both have the concept of setting up an image; both have reference to the number “6” in relation to the image (Dan 3:1; Rev 13:18). Both passages refer to commands for people from various nations and speaking different languages to worship the image (Dan 3:4; Rev 13:15). Both pronounce a death decree on those who refuse to worship (Dan 3:6; Rev 13:15). Structural parallels between these two chapters start with the setting up of the image, then follow with a command to worship the image, and end with a death decree on those who do not do so. Aune summarizes the structural parallels well when he comments that “The author [of Revelation] has clearly modeled vv 14-15 on Dan 3:4, where Nebuchadnezzar king of Babylon set up a golden image and ordered that all peoples, nations, and languages worship the image on pain of death.”

The verbal, thematic, and structural parallels between these two passages point back to the creation stories of Genesis 1 and 2. The event described in Acts 2 “is often considered the birthday of the Christian church.” In fact, to be precise, it is the creation story of a new humanity, i.e., the New Testament church, which is made in the image of God. It is a foretaste of the eschatological blessings of the restoration of God’s image in human beings. Again, since in Acts 2 the apostles were the ones receiving the breath of God, and they started to speak and convert people to the gospel of Jesus Christ, it is possible that the allusion to Acts 2 by Rev 13:14, 15 suggests that the image of the beast is also a group of people who, through the transforming power of the false spirit of the land beast, totally lost the image of God and are re-created in the image of the beast, and become the spokespersons of the beast for the final battle of the cosmic struggle.

Cultural Background of “The Image of the Beast” The apocalyptic text is imprinted by the cultures of its age. Paulien points out that “If the entire book of Revelation was intended as a communication for the benefit of seven churches in the Roman province of Asia (Rev 1:4), it should not surprise us that its author made use of symbols and concepts from everyday life in the region.” Thus, it is no surprise that the language of Rev 13:14, 15 reflects the religious life of the Ancient Near East

## From Darkness To Light

(ANE) and contains cultic language commonly used in the ANE. The Greek term *eikōn* and its Hebrew/Aramaic equivalents *tselem* are used to denote a cult statue.<sup>226</sup> The study in the previous section shows that Revelation 13 disclosed a cult of the first beast in conflict with the worship of the true God.

Thus, the image of the beast in Rev 13:14, 15 could be rightly understood, in a cultic sense, as the cult image of its god which is the beast from the sea. Revelation 13 provides some details about this cult image of the sea beast that are crucial to the understanding of the motif of the image of the beast. First, this cult image started to speak after it was given breath by the land beast (v. 15); second, it had the power to force people to worship the first beast and itself on pain of death (v. 15), for it was apparently a political power that had judicial functions; third, it had the power to effect an economic boycott (vv. 16, 17), so it also had economic power. Thus, the task of this section is to provide a cultural background of “the image of the beast” in preparation for the identification of echoes of cult practices in Revelation 13 for a better understanding of the motif of the image of the beast.

In this part, I will first look at the cultic practices of the ANE in relation to the cult statue and its god; second, I will explore the relationship between the cult statue and its god; third, I will study the power of the cult statue and its god in the life of the community. Finally, echoes of cultic backgrounds in Revelation 13 will be identified.

Based upon my study, I would like to propose that the Tyconio-Augustinian understanding of the image of the beast as a group of people in opposition to John’s understanding of Christian faith seems to be the most plausible. This group of people is *tēs sunagōgēs tou satana* (the assembly of Satan) in Rev 2:9; 3:9, who are recreated into the image of the beast through the transforming power of the evil spirit, and become the living manifestation of the beast. Thus, Rev 13:14, 15 serves as a link between the themes of the second half of Revelation and the messages to the seven churches. Who are *tēs sunagōgēs tou satana* in Rev 2:9; 3:9? The text says that they called themselves *Ioudaious* (Jews), but that they were actually not. Most commentators take the word *Ioudaious* literally, considering that they were ethnic Jews from the synagogues in Smyrna and Philadelphia.<sup>318</sup> The only problem with this understanding is that the symbolic language and the language of “universalization”<sup>320</sup> of the book of Revelation may not allow a literal and ethnic interpretation of this term. Based upon the principle of interpretation offered by G. K. Beale,<sup>322</sup> I propose that *tēs sunagōgēs*

to satana could be understood as professed Christians inside the church who claim to be Christians but actually are not. In fact, most scholars have

## Truther Subject Matter

There is no such thing as a top level truther...But think about it....we all know all of the below mentioned details of the truth...it's a waiting game now....now, day to day living depends on the souls around you...the human element.

**As truthers we all know the following....**

1. God is good
2. Jesus Christ died for our sins
3. There are no presidents of the united States of America there is only the Rothschilds
4. Earth is flat
5. The 13 illuminate families rule at the top
6. Federal reserve..
7. Satan owns and rules the Earth
8. VACCINES are Depopulation Agendas
9. Covid is bs
10. Demons are real
11. Chemtrails aren't going anywhere
12. Gwen towers at 5 G will kill us..
13. Pedo rings
14. Tranny first wives
15. Jekyll's island
16. Zionists
17. GMO
18. RH Negative AB-bloodline
19. Cancer causing agendas
20. Georgia Guidestones
21. Wartime Fringed flag
22. Sports are a distraction
23. Jade Helm
24. UN
25. Agenda 2030
26. Noahide Laws
27. Human meat

28. Guillotines
29. Nimrod
30. Nephilim
31. Aliens are demons
32. All food is poison
33. Weed cures
34. Vegan diet is agendas
35. Frog legs are good if you're starving
36. Any vehicle made before 1978 is emf proof..
37. Drs push pharmaceuticals.
38. No one reads their KJV Bibles
39. Truthers disclaim any scripture due to too much truth digging
40. Beware of sheep
41. Keep your guns and ammo
42. People suck
43. Walmart's are future FEMA camps
44. FEMA camps
45. Mass coffins
46. Transhumanism
47. Lottery is a sin
48. Insurance is forced sin casting lots
49. Reptilians are demonic forces
50. Every holiday season is based on Nimrod worship

--Holly Piper Reed

## **Your Enslavement Was Planned Decades Ago: *COVID-19: The Great Reset*, the First Policy Book on the COVID Crisis**

Since its entry on to the world stage, COVID-19 has disrupted global health systems, economies and societies. A new book by Klaus Schwab, Founder and Executive Chairman of the World Economic Forum, and Thierry Malleret, Founder of the Monthly Barometer, considers the far-reaching implications of the pandemic and argues the need for a “Great Reset” in every domain from policy-making to business.

## From Darkness To Light

“We are at a crossroads,” the authors of COVID-19: The Great Reset argue. “One path will take us to a better world: more inclusive, more equitable and more respectful of Mother Nature. The other will take us to a world that resembles the one we just left behind – but worse and constantly dogged by nasty surprises. We must therefore get it right.”

The book – part economic analysis, part public policy-oriented – is the first of its kind globally, appearing at the peak of the COVID crisis worldwide and at a time when a medical solution is still at least six months away. It includes theory and practical examples but is chiefly explanatory, containing many conjectures and ideas about what the post-pandemic world might and, perhaps, should look like.

The book offers a panoramic overview of the current situation. The first chapter assesses the impact of the pandemic on five macro categories: economic, societal, geopolitical, environmental and technological. The second chapter considers the effects in micro terms, on specific industries and companies. The third hypothesizes about the nature of the possible consequences at the individual level.

The book appears on Amazon this week in both e-book and print versions and will be made available worldwide. Its price is \$4.99 / €4.99 / £3.99 / ₹ 399 / ¥ 599 / R\$24,99 for the e-book, and \$10.99 / €10.49 for the print version, making it globally accessible to a wide audience. Translations in German, French, Spanish, Japanese, Mandarin Chinese, and Korean are foreseen for late 2020.

## **World Leaders Are Planning New Lock Downs To Introduce “The World Debt Reset Program” Which Includes Universal Basic Income And Vaccination Requirements**

World leaders are planning new lock downs to introduce “The World Debt Reset Program” which includes universal basic income and vaccination requirements

World leaders are preparing for a second and third wave of covid-19 cases and are fine-tuning their lock down strategies which will be implemented late in 2020 and

## From Darkness To Light

into 2021. Their planning involves the development of a new world economy, one that introduces medical fascism as a permanent way of life.

A Canadian whistle blower came forward with the plans. The whistle-blower is on the Liberal Party of Canada's Strategic Planning Committee, which operates under the direction of Canada's Office of the Prime Minister (PMO).

The historic lock downs have engineered mass poverty and will continue to weaken people's financial and food security, making them more vulnerable and eventually making them more desperate to accept the new world economy and its bodily requirements.

### **New World Economy Includes Universal Basic Income And Vaccination Requirements**

The new world economy includes the introduction of a digital currency, a universal basic income, vaccine requirements for travel, and "The World Debt Reset Program." A continuous cycle of lock downs into 2021 will eventually lead to an international economic collapse. Governments worldwide will offer citizens an alluring way out by promising to eliminate all personal debts (mortgages, loans, credit cards, etc.)

In the U.S. this idea has already been implemented in 2020 through the Paycheck Protection Program (PPP) – a guaranteed loan program that forgives the debt if the borrower follows specific instructions. Under an impending economic collapse, any and all loans will be forgiven if the citizen agrees to participate in the "World Debt Reset Program, funded by the International Monetary Fund (IMF). In order to get all debts forgiven, citizens will have to forfeit ownership of any and all private property, accept a universal basic income, and enroll in the covid-19 and covid-21 vaccination schedule.

As the rolling lock downs and economic sanctions commence, citizens will be permitted all their previous freedoms to travel and gather in stadiums and public venues as long as they provide an ID showing they were inoculated with all the mandated covid-19 and covid-21 vaccinations. In Canada, detainment camps are being installed in all provinces and territories to coerce people to comply with the new plans. The Canadian whistle-blower revealed that this vaccine ID will be referred to in Canada as Canada's HealthPass.

## From Darkness To Light

The whistle-blower warns that world leaders in Australia, the US, the UK, Canada and New Zealand will push for a “complete and total secondary lock down much stricter than the first and second rolling phase restrictions.” These new lock downs will be pushed in November 2020 through January 2021 by hyping up covid-19 testing and case counts.

### **2020 Lock Down Tyranny Is Just The Beginning Of A Much Larger Plan**

The upcoming lock down plans are congruent with the “Great Reset” plan outlined by the World Economic Forum and Event 201, both funded and pushed by the Bill and Melinda Gates Foundation, which seeks worldwide compliance with vaccine experiments and genetic modification of humans. The Prime Minister’s National covid-19 Advisory Commission (established in lockstep in March 2020) is now advising and pushing the Canadian PMO and the Department of Prime Ministers and Cabinet in Canberra to carry out these totalitarian plans.

The whistle-blower said at least thirty percent of the committee members strongly oppose these plans, but their voices are being drowned out. It has been made “very clear that nothing will stop the planned outcomes,” said the whistle-blower.

The Canada’s Office of the Prime Minister has laid out the plan, which includes a secondary lock down by December 2020, that will implement restrictions on a rolling basis, beginning with major metropolitan areas and expanding outward. The media will project that daily covid-19 cases exceed testing capacity and must be curbed using a complete and total secondary lock down much stricter than the first and second rolling phase. The unemployment program will be configured into a universal basic income program by the end of quarter one, 2021.

As the vaccines are rolled out, all viral shedding, mutations, and vaccine injuries will be blamed on a “third wave” which includes a higher mortality rate and higher rate of infection. Anyone who does not agree to the vaccines will be stripped of their right to travel freely and will either be detained in the isolation centers or monitored on home arrest until they agree to comply.

During this time, medical facilities will reach peak capacity, and government will enhance lock down restrictions, implementing a Third Lock Down by quarter two, 2021. Large inventory shortages, supply chain break down and economic instability is expected, as all individuals are put on a universal basic income program

## From Darkness To Light

to curb hunger, homelessness and civil unrest. By quarter three, governments are expected to deploy military personnel to major metropolitan areas and roadways to create travel checkpoints. These tactics have already been tested out in 2020. Everyone who is dependent on these systems will be forced onto the HealthPass vaccination schedule. Anyone who disagrees will be deemed a “public health threat” or “enemy of the state.”

The whistle-blower said that dissenters will not be tolerated. “Essentially we were told it was our duty to make sure we came up with a plan to ensure that would never happen. We were told it was in the individual’s best interest to participate.”

“When several committee members pushed relentlessly to get an answer, we were told that those who refused would first live under the lock down restrictions indefinitely. Those who refuse “refused to participate” in the debt forgiveness program “would be deemed a public safety risk and would be relocated into isolation facilities.”

“Once in those facilities they would be given two options, participate in the debt forgiveness program and be released, or stay indefinitely in the isolation facility under the classification of a serious public health risk and have all their assets seized.”

--<https://drleonardcoldwell.com/2020/10/19/world-leaders-are-planning-new-lock-downs-to-introduce-the-world-debt-reset-program-which-includes-universal-basic-income-and-vaccination-requirements>

# The Digital Antichrist Kingdom

## Anthony Patch: The Final Solution

We'll dive right into this special edition. I may be the captain, but I'm actually the co-pilot; God is the Captain. We're not flying on a rocket this evening nor a missile. We are on Patch Airlines, and we are going to continue at 40,000 ft this evening. I do believe that Joe Bag of Donuts has brought the doughnuts for our in-flight snack this evening; nice healthy diet, donuts.

## From Darkness To Light

I appreciate you all joining me for this special edition of our Monday Livestream to try to bring back to a conclusion our live stream that we began yesterday (27Sep2020). As I briefly announced to everyone last evening as I was cutting off the livestream, Kathleen and I live in a very small town in New Hampshire. It's only about 900 people here, and I wanted to contribute to the community. I felt that the best way I could do that was to volunteer as a firefighter.

I was a paramedic for 27 years in Oakland. I also had completed the State of California's requirements for Firefighter 1 in the late '80s. That's ancient history, but I brought that to the town. They were more than happy to have me join, and I've been going through the training process. There's a lot to learn as a firefighter, even for a small town. We've been pretty busy the last week. There's been a lot of call-outs for a variety of things, and last night we had a call-out during the live stream.

Thank you for allowing me to join with you again this evening to continue our thoughts and our conversation regarding the "Final Solution". This is in regard to, not Hitler necessarily, but the final solution of Satan in these latter days. We will pick up where I left off last night. I was about to jump into the 4 phases of the distribution of the vaccine and the availability of the vaccine for COVID-19.

We led into that talking about two groups and the psychological operation that has formed two predominant groups on a global scale. We're not talking politics; we're talking psychology. What is going on is we have one group that is demanding the vaccine, demanding people wear a mask, demanding quarantine. In other words, they are very pro-vaccine specific to COVID. The other group is the anti-lockdown group, as I'm calling them. Those that are ramping up their efforts to push back against the lockdown. Now they're not necessarily pushing back against the vaccine, and this is the interesting factor in this psychological operation built upon problem-reaction-solution.

The two groups; they are bifurcated groups. They're divided. They're both angry. They have similar characteristics. They both are reacting. The problem is the Plandemic COVID 19. One group is reacting angrily, demanding lockdown. The other group is anti-lockdown and equally angry. In fact, their anger is increasing. It is increasing as the numbers come in. In the scenario of the spiking of the number of COVID cases as a result of people going back to school, including the universities, people going back to their jobs, to the workplace.

But predominantly, I'm suggesting that you focus on the numbers coming out of the universities, the high schools, the elementary schools, the preschools. As children go back to school, young people go back to school, inevitably there is going to be a second phase, the second spike, to the COVID numbers, and that's by design. The anti-lockdown group will become even more vociferous, more vocal, more angry

## From Darkness To Light

as the governments around the world clamp down again because of the spike. The reaction is more anger by the anti-lockdown group.

Though on the surface, those two groups from 40,000 ft. on Patch Airlines, we can actually see what is going on down at ground level. Specifically, we have two groups that are pitted against one another, but both groups are identical because they are both reacting to the Hegelian dialectic of problem-reaction-solution. They will come together in their equality. Their equal demand for a solution

Again, a psychological operation exhibits itself as two groups that have reacted angrily, and now in the solution, they are demanding a solution. The anti-lockdown group is demanding a solution to the lockdown to bring lockdowns to an end. While the other group, the pro-lockdown, is demanding a solution because they are angry against not only the anti-lockdown group. Those who are violating the rules as they see it: not wearing their masks, not staying 6 ft. apart, socially isolating, socially distancing one another. People that are violating quarantines.

The group that is following the governments' narratives around the world demand a solution because they see people violating the rules, violating the lockdown. So, they come together, these two opposing groups, equally angry, spiking COVID numbers of COVID cases, the case numbers are increasing. As I said yesterday, the numbers are purely artificial, purely to serve the narrative.

What is that solution? Well, that's obvious to us. The narrative of the elite, so to speak, are pushing the vaccine. I shared with you yesterday the website that lists all of the vaccine research that is going on by companies, by drug companies, and where they are in their timelines. What I want to segue to tonight is the 4 phases of the distribution of the various types of vaccines.

As I cautioned you last night, two types of vaccines will be in the mainstream media presented to the general public who don't really understand what's going on, don't really understand the science behind a DNA or a messenger RNA vaccine. In this narrowing of the funnel of the global population that doesn't understand what's going on, doesn't understand the science, we have a very small group of people on this planet (yourselves included) that have, through the Holy Spirit, been supernaturally equipped with the knowledge and the understanding, the interpretation, the insightfulness of what's going on, and understanding the science behind what's going on with the psychological operation. You have been supernaturally equipped, and your knowledge will continue, and your understanding will continue to increase as it says in Revelation in the latter days.

But the majority of the population is clueless. They just follow the narrative. Therefore, mainstream media will continue to speak in terms of using the label "DNA" in talking about vaccines. It will only be later on in these 4 phases I'm about

## From Darkness To Light

to present to you that they will begin to be more specific in the media and start speaking with the label presenting the label of “messenger RNA” or just “RNA.”

But what the media will never tell you, never tell them, the global population is what we have been (Kathleen and I) have been presenting to you all of this year. Specifically, in March, when we first presented the microneedle array patch delivery system of the vaccine. What they will not tell you is that this vaccine will change the DNA of the recipients of that vaccine, permanently altering DNA, rendering themselves separate from God. God will no longer find their names, which is their DNA, no longer find their names written in the Lamb's Book of Life. Because they're separated from God, their soul is separated from God, and their soul is then condemned because they've taken the mark of the beast willingly, knowing that it is the mark of the beast.

It will be completely explained as the mark of the beast, labeled as the mark of the beast, in phase 4. I'll go through all four phases here. This will be the worship of the Antichrist, who, in his performance of lying signs and wonders, will be presenting solutions to the world that result in people applauding and worshiping him and being more than happy to take the mark of the beast. Including the two camps, the two groups, those that were pro-narrative, pro-lockdown, and the other group, the anti-lockdown group, both of those groups coming together and willingly applauding the mark of the beast.

But they don't understand that their DNA will be changed when they take the mark because they turn their backs on God. They don't have the benefit of the understanding, the interpretation, the insights, the supernatural knowledge bestowed upon those that are saved by the Holy Spirit. That is the gift.

The majority of the population of the world will take the solution, the final solution. This is what Hitler was trying to achieve. His people, his cadre, were into DNA modification. They didn't have the technology that we have today and, therefore, could not achieve the final solution.

But the final solution is the changing of everyone's DNA that takes the mark of the beast because Satan's solution is condemning a person's soul to hell for all eternity.

Now, let's take a deep breath. Satan's modus operandi is to counterfeit that which God created. He cannot create anything himself. Here's a counterfeit for you in this discussion of the final solution. When we are born again through the grace of God, when we are **gifted** with the remission of our sins, the cleansing of our sins, we are born again.

I maintain that our DNA is actually changed when we're born again. That we have taken on the full armor of God in so far as our DNA has been changed, and it is armored against the changes that Satan is pushing on humanity.

**Does that mean that you are protected if you take the Mark of The Beast? If you take the vaccine for Covid 19? If you have taken into your body, by way of the microneedle array patch, the messenger RNA that travels to the nucleus of every cell in your body and changes the DNA?**

**Because that's what RNA does, it produces the double helix, the double-stranded DNA. That's why RNA changes the DNA of the host because that's what it does, normally. It produces DNA. It pushes aside if you will; it renders inert the original DNA. This is why God no longer finds the DNA that he created. It's displaced by Satan's creation of a new DNA, by way of RNA, the natural process of RNA, an RNA that has a man-arranged sequence of nucleotides. They've rearranged the genome, artificially. That's one example of a counterfeit of God's creation.**

But when we focus upon our DNA being changed by way of salvation because of the sacrifice of Jesus Christ, and we are born again. We're born again to heaven. We're destined to heaven. That born-again scenario and it's a phrase, that's a scenario label that has been overused, but it's familiar, so I use it again here tonight. When we are born again through God's process, Satan counterfeits.

This is the important point tonight. This is what the final solution is all about. Satan's version of a person being born again is their taking the mark of the beast, which signifies their allegiance, their pledge of allegiance, their worship of the Antichrist, as opposed to worshiping Jesus Christ and God. Satan's version of being born again is taking the mark that changes the DNA of the person.

That is Satan's version of being born again is the DNA modification through the vaccine available only to those that willingly take and knowingly take the mark of the beast. That's the counterfeit of God's children being born again. The benefit of being born again through the salvation of Jesus Christ is that we have this perspective from 40,000 ft. on Patch Airlines of what is really going on. This is why the rest of the world is blind.

## From Darkness To Light

As a point of review, let me go back to the graphic that I used yesterday. For our Scripture, we are using Romans 8:3, which I presented yesterday. I'll get into that in a moment again, and then we'll go to the four phases.

Here [graphic on screen] with the human cell, we have the nucleus here. We have the nucleus within the cell. RNA is delivered by hydrogel; hydrogel that has within it micro-nanosized magnetic particles, magnetic particles that respond to magnetism. They respond to a 5G electromagnetic signal that propels the hydrogel, that carries the messenger RNA, and provides the mechanism by way of the hydrogel, moving (carrying) the RNA to penetrate the outer cell membrane, travel through the cytoplasm (the liquid), and penetrate the next membrane which is the membrane around (surrounding) the nucleus.

Once it enters the nucleus, the RNA does what it does naturally. It begins to replicate into a double-strand, a twisted helix, a helical pattern of DNA. But a DNA that is coded artificially (c-o-d-e-d, coded), a genomic (a genetic sequence) that is artificially first designed in silico. In silico meaning in the software, in the silicon of the computer. Think of CRISPR technology, a rearrangement of the nucleotides. That's what comprises the RNA, and then the RNA reproduces that artificial arrangement of the nucleotides producing an artificial DNA sequence. And it's permanent.

We presented the medical literature in this: the medical professionals, their testimony, their transcripts in the pages of Entangled Magazine. We are simply reporting those facts and those testimonies that this permanently alters the human DNA. This will not be presented to the people through the mainstream media.

People won't even listen even if it was presented because they are so angry. Their reaction in the problem-reaction-solution, their reaction of anger and fear is so exacerbated, so accelerated, so heightened by the coming spike numbers of COVID 19, and the constant pushing by the governments to accelerate the development of the solution, the final solution, the vaccine that people won't listen. All they want is a quick fix. They want a quick solution.

Both groups: that are opposing those that are pro-lock down; and those that are anti-lockdown. Both will demand the solution, the final solution, the vaccine for their own reasons. This is psychologically induced. This is psychological programming. This was designed by artificial intelligence itself, learning in its early phases from observation of human behavior, understanding human behavior, and advancing artificial intelligence.

It has reached the point, and this was back in 2018. This was clearly in the literature that through artificial intelligence, man created this Plandemic scenario, and the timing of the beginning of that scenario, the launching of it, was established

## From Darkness To Light

through artificial intelligence. What we are immersed in right now is a scenario and a narrative created through artificial intelligence. The source of artificial intelligence is Satan himself.

We will go to the 4 phases, but we'll do that right after I refer back to Romans 8, beginning with verse 1. With all of what I've just said is a backdrop, these verses will leap off the page.

Verse 1, "Therefore, there is now no condemnation for those who are in Christ." What is the condemnation today? We're taking familiar Scripture and applying it in the modern context. What is the condemnation? It is the mark of the beast condemning a person's soul to hell for all eternity. But not for us that are in Jesus Christ Jesus because we understand what's going on. We see the danger.

Verse 2, "For in Christ Jesus the law of the Spirit of Life set you free from the law of sin and death. For what the law was powerless to do in that it was weakened by the flesh, God did by sending his own Son in the likeness of sinful man as an offering for sin. He thus condemned sin in the flesh so that the righteous standard of the law might be fulfilled in us who do not walk according to the flesh but according to the Spirit.

Those who live according to the flesh set their minds on the things of the flesh. But those who live according to the spirit set their minds on the things of the spirit. The mind of the flesh is death. The mind of the Spirit is life and peace because the mind of the flesh is hostile to God. It does not submit to God's law, nor can it do so. Those controlled by the flesh cannot please God.

You, however, are controlled not by the flesh but by the Spirit and if the Spirit of God lives in you. And if anyone does not have the Spirit of Christ, he does not belong to Christ. But if Christ is in you, your body is dead because of sin. Yet your spirit is alive because of righteousness. And if the Spirit of him who raised Jesus from the dead is living in you, he who raised Christ Jesus from the dead will also give life to your mortal bodies through this Spirit who lives in you."

You can read the balance of Romans 8; it is speaking directly to the abomination that causes desolation. The destruction of the human body: the temple of the Holy Spirit, for those that are saved; for the unsaved that remain in the flesh, they turn their flesh, their back, against God. Therefore, they're subject to having their DNA undergo this abomination that condemns their soul to hell.

This is the final solution that Satan has been seeking for centuries. His solution is the destruction of God's creation. His solution is changing the DNA so as to steal the souls. Why is the DNA being changed? It is to steal souls. All of this was planned through Satan's inspiration for the creation of artificial intelligence and the false prophets behind artificial intelligence-driven by quantum computing. The

## From Darkness To Light

development of quantum computing runs parallel in the timelines that move in lock-step in the development of quantum computing and artificial intelligence.

Quantum computing was designed specifically for the mark of the beast, specifically for the development of AI. Those false prophets within the scientific community developing quantum computing and AI together, they claim, they profess that artificially intelligent humans, through modification of the DNA through their brain-computer interfaces (through the transhumanist agenda) that those humans equipped with that artificial intelligence will be able to do everything that a human can do and do it better.

Do everything better, the false prophets preach. That AI will do everything better than a human. Those are the lies put forth by Satan in the development of quantum computing and thereby the development of artificial intelligence.

Know them by their fruits. What are the fruits of the false prophets of these technologies? Fruits meaning the results, the proof, the evidence, the facts, it's all that which Kathleen and I have been presenting to you. The fruits coalesce to the focal point of the mark of the beast changing a person's DNA to steal their souls, condemning their souls to hell for all eternity, separating them permanently from God. This is what Satan has been seeking for thousands of years.

This is the changing of the DNA, thus, resulting in the stealing of the souls. You see, when a person's DNA, their name, is no longer found in the lamb's Book of Life, there's only one direction for a person's soul. A person's destiny is sealed by that mark of the beast. A mark is a seal. There's only one direction that a person's soul can travel. God doesn't recognize the person anymore. Where does the soul go if it's not eligible to go to heaven to continue in a personal relationship with God and Jesus Christ and the Holy Ghost? There's only one alternative, and that is hell.

That's the final solution. We are facing that. The timeline shows us that we are facing that now we as those that are saved, whose DNA has been changed by the shedding of Christ's DNA, his blood, we have nothing to fear. We know our destiny. We know that we are sealed. We have God's seal on our forehead already. We are sealed. Our fate, if you like to think of it that way, it's sealed. We have a permanent relationship with the Holy Trinity.

We see the timeline, Operation Warp Speed. I'm going to share the 4 phases with you right now. These are indicators, not setting dates. What I shared with you about the development timelines of the vaccines, these are just timelines. They are markers on the road, on the path in this season. But from 40,000 ft. on Patch Airlines, we can see the timeline, most of the world cannot.

## From Darkness To Light

The revealing of the identity of the Antichrist is very near. We can use it as a guide to the timelines of the development of the vaccines and the timelines of the distribution of the vaccines.

Let's go to the 4 phases. I posted this to the Patrons. These are the 4 phases I'm going to go to the article that I posted. This is the benefit for those of you who are listening from the general public, this evening as well as when this is posted openly on YouTube. One of the benefits of joining us as a patron is you have this information sent to you to reference as we're going through the live stream.

The title of this is "The US Advisory Group lays out detailed recommendations on how to prioritize the COVID-19 vaccine." This comes to us by way of statnews.com dated September 1st of this year. "A new report that aims to prioritize groups to receive COVID 19 vaccine focuses on who is at risk rather than using job categories or ethnic groups to determine who should be at the front of the line."

Now yesterday, I gave you the big takeaway: The 4th Phase will be the microneedle array delivery system of the vaccine. I said yesterday the vaccine that they're going to deliver is not a cure for COVID-19. They're not trying to cure what essentially is no worse than a seasonal flu. They're not trying to vaccinate people against it. They're not trying to treat the signs and symptoms of those that are exhibiting those.

All they are going to deliver, as I said yesterday, in Phase 4 is a placebo: Sterile water (sterile normal saline). All they want to deliver is messenger RNA. That's all they want to do. They want to get that into everyone's bloodstream, so it is delivered into the brain and into every cell in the body.

What is all this theater about drug companies developing and testing vaccines? It's all for profit in the short term. In the near term, it is all a scenario to benefit financially those that are involved with drug companies.

In the end, it is just a placebo that will be delivered. How do I know that? I don't mean to sound like I'm pontificating or making more of myself and Kathleen than we are. We're just your researchers and your reporters that you have hired us through Patreon to report. What I'm sharing with you is what you experience in your own research as led by the Holy Spirit, as inspired by the Holy Spirit, as revealed by the Holy Spirit, as interpreted by the Holy Spirit, in your own supernaturally increase in knowledge that you are already experiencing. We are as well. We are in this with you as equals.

What I'm saying here is that supernaturally we are all given this understanding, and the understanding specifically that I'm talking about here, tonight at this moment, is that this vaccine will be nothing more than a placebo to deliver messenger RNA

## From Darkness To Light

into every nucleus of every cell to then reproduce the DNA that is not recognized by God. That's phase 4. Let's go through this

"It was widely expected that health care workers would be the first priority grouping, and some though not all are. There were also many voices arguing for people of color to be given priority access because the pandemic has exacted a disproportionately heavy toll on Black and Latino people both in terms of overall numbers of infections and deaths. In the end, the panel of experts that wrote the priority, setting the framework for the National Academy of Science Engineering and Medicine, chose, instead, to focus on the factors that create the risk for some people of color since systemic racism that leads to higher levels of poor health and socio-economic factors such as working in jobs that cannot be done from home or living in crowded settings."

The report, a draft was issued on Tuesday. Again, this article was dated September 1<sup>st</sup>, quote, "This virus has no sense of skin color, but it can exploit vulnerability," said Bill Foege, a former Director of the CDC who was a co-chair of the committee. The committee was set up by the National Academies at the request of Francis Collins, Director of the National Institutes of Health, and Robert Redfield, the Director of the CDC. Foege said he expects pushback. A virtual public meeting on the recommendations will be held Wednesday afternoon."

That's in the past that's already happened, and written comments can be submitted until Friday. The committee's final report will be submitted later in September. When COVID-19 vaccines are approved for use, initial supplies will be tight, potentially in the tens of millions of doses. Most of the vaccines under development will require two-doses per person: A priming dose followed by a booster either three or four weeks later.

Let's look at the graphic I have posted—Phase 1, 2, 3, and 4. Let's go again to Phase 4: Everyone residing in the United States who did not receive the vaccine in previous phases.

Why am I jumping to Phase 4? Problem-reaction-solution. You have the two groups opposing one another but both in agreement that they want a solution. Their anger will quickly push the population and the distribution from Phase 1, which will be a hypodermic needle delivery of the vaccine through Phase 2 and Phase 3.

**Phase 1** is the jump-start phase: High-risk workers, and health care facilities, first responders.

**Phase 1b:** People of all ages with comorbid and underlying conditions that put them significantly higher at higher risk and older adults living in congregate or overcrowded settings.

**Phase 2:** Critical risk workers: Workers who are both in industries, essential to the functioning of society, and at substantially high risk of exposure. Teachers and school staff, people of all ages with comorbid and underlying conditions that put them at risk. All older adults not included in Phase 1. People in homeless shelters or group homes for individuals of physical or mental disabilities or in recovery. People in prisons, jails, detention centers, and similar facilities, and staff who work in such settings.

**Phase 3:** Young adults, children, workers, and industries essential to the functioning society.

**Phase 4:** Everyone.

They're going to quickly move through the first 3 Phases because you have two groups that are so angry and so demanding of a solution. They're not going to allow for this phased-in distribution. How can I say that? Operation Warp Speed does not just apply solely to the development of the vaccine, and we shared this with you last month, but it applies (Operation Warp Speed) to the distribution. Remember, Trump wanted by October 1st, we told you this four weeks ago. He wanted it by October 1st, partly for political reasons because of the November 2nd elections.

But also, because he is the spokesperson for the elite that are pushing this AI-designed and AI-timed PLAndemic. They know they're just going to inject people with a placebo delivering the messenger RNA. They have to get people so angry, so fearful. The fear factor generates the anger, and the anger generates the demand for the solution.

And because Operation Warp Speed applies to the distribution of the vaccine, they will quickly move through the first 3 Phases so they can get to everyone, Phase 4. This is not just the United States. This same 4-phase process of distribution applies to every country. This just happens to be presented by the CDC in the National Institutes of Health here in this country. But it is the same 4 Phases that will be applied to the entire global population.

Why is this being accelerated? Why are they pushing Operation Warp Speed? From 40,000 ft. Patch Airlines, with the benefit of the Holy Spirit providing supernaturally the understanding of what is going on, we can understand why it's moving so quickly.

It's moving so quickly because Satan wants to bring on his kingdom as quickly as possible. I've said it many times, and I'll repeat it again. He is trying to conduct an end-run maneuver, borrowing from football. He's trying to circumvent God's timeline, his plan. Given his hubris, Satan doesn't even have the self-awareness that he is the instrument of judgment of God himself. Therefore, he cannot violate the timeline, but, in his hubris, he thinks he can.

## From Darkness To Light

He's pushing humanity, his slaves, to achieve his goal, which is to establish his kingdom through the Antichrist. It is Satan's spirit that indwells the human who is the Antichrist and that revealing of the identity is coming very quickly because of Operation Warp Speed. They are joined at the hip. The acceleration of the vaccine development and distribution and inoculation, not by a hypodermic needle That will happen just in Phase 1

It'll move so quickly because again, here's the problem with the injection. We presented the CDC playbook to you a couple of weeks ago. It's in the archives. They focused on a COVID-19 vaccine that could be injected. But the weak link in that process is that that vaccine delivered by way of a syringe through a hypodermic needle requires refrigeration of the vaccine that will completely fall apart. If you look at it logically, the logistics cannot be maintained in the maintenance of a cold chain delivery system to the point of injection.

You have, again, two groups: One that is pro-lockdown, therefore pro-vaccine, and anti-lockdown but equally pro-vaccine because both groups want a solution. They are so angry and so demanding of a solution they will not tolerate the breakdown in the distribution and delivery of a vaccine requires refrigeration.

That breakdown is also planned. Why can I say that? How can I say that? Because AI understands intimately human behavior because it learned from human behavior and then built upon that in its advancement. It's able to predict human behavior given a certain stimulus that is presented to humans. You put a stimulus into the environment, knowing exactly what the reaction will be to that stimulus in that environment. That's the essence of a psychological operation.

You know the outcome before you begin the operation. So, to increase the demand, you have by AI, a planned disruption, crumbling, breaking of this cold chain supply chain delivery system. It will (watch for it) in Phase 1; it will completely fall apart. That serves the fear factor, the anger factor, the demand for the solution by both opposing groups.

Humanity will be so pent up for a savior that when the Antichrist is revealed, his identity is revealed, and the economy has collapsed around the world. The reset that we've been talking about for months and months that the World Economic Forum has openly published (and we put it in Entangled Magazine months ago) when all of this is happening and coalescing together, the Antichrist will be revealed to the world. The world, not us, but the world that doesn't understand (the unsaved) those that willingly turn their back on God will applaud.

They are so angry that they will say finally we have a leader with the answers, with the solution. All the Antichrist has to do, which is the spirit of Satan is say, here's the solution that you're demanding to COVID-19, take my mark. Take my mark

## From Darkness To Light

signifying your worship of me, whom you're applauding, whom you're welcoming. Take this willingly; Take my mark as a sign of your pledge of allegiance to me, the Antichrist.

Do you see how easy this is? Yes, the mark of the beast. The microneedle array delivery system of the mark of the beast will be clearly labeled as such. People who have turned their back on God will want to present to others, like the mask, signifying their willingness to comply. That's what that is. It's a seal. The Mask is a seal. It shows people; it is a mark. It shows people that they're compliant.

The mark of the beast on the forehead or on the hand is something that people will be proud to display. Yeah, hey, I have the mark. It's the beast; it's the Antichrist. We want the Antichrist. We worship the Antichrist because he's bringing all the solutions so that there's no more lockdown so that we don't have to wear masks so that we don't suffer and die.

Yet as we've presented again, those that take the mark of the beast suffer the sores on their bodies for five months, and they seek death in all its forms. But never achieve death for five months because of taking the mark. Those sores on their body are the result of the DNA modification.

It's an outward sign that their DNA has changed by taking the mark delivered by the microneedle array patch containing the hydrogels with the micromagnetic, the nanoscale magnetic particles embedded in the hydrogel. Its only function is the delivery mechanism of the messenger RNA through the cell membrane through the cytoplasm through the membrane of the nucleus, and within the nucleus, the RNA beginning the replication process resulting in the new artificially coded DNA sequence that God does not recognize.

Phase 4 is the coalescence of all of these events. When we talk about the failure in Phase 1 of the cold chain supply system and that failure pushing the world through the next 2 Phases, the answer is the microneedle array patch that does not require refrigeration.

Do you see how that's a solution? It's an easy answer. You don't have to have healthcare professionals injecting people, which logically, you can see that the logistics of using the needle on 7.8 billion people just cannot be achieved. But you can mail out. You can send out through FedEx, UPS, all the delivery systems, including Amazon. You can deliver and mail patches that are band-aids that people can put on themselves.

Do you see how that's already a solution that people will welcome; people will applaud? Okay, from 40,000 ft. on Patch Airlines, we can see this very clearly. It's very simple to see, and yet the world is blind to it.

## From Darkness To Light

A person in the chat room is asking what happens after the five months? People start to die for five months. They're immortal for five months, a form of immortality, because they try every mechanism of death, and they're not successful. That's right in Scripture, so they die after five months.

I think we've discussed the two groups and the Psyop enough. We'll come back to it a little bit, but I want to move on.

I want to talk about quantum dots for a moment because this is part of the microneedle array system is delivering the quantum dots which are embedded with luciferase that luminous material that is detectable as near-infrared light. Quantum dots and quantum computing; artificial atoms in silicon quantum dot create stable qubits for quantum computing. My lovely wife Kathleen sent this to me about 20 minutes before we went live tonight, and you guys know I'm a speed reader.

This is dated February 11th of this year. It is being presented by scitechdaily.com if you go to this in your archives. "Quantum engineers from the University of the New South Wales in Sydney have created artificial atoms in silicon chips that offer improved stability for quantum computing. In a paper published today in Nature Communications, quantum computing researchers describe how they created artificial atoms in silicon, a quantum dot, a tiny space in a quantum circuit where electrons are used as qubits or quantum bits, the basic units of quantum information. Scientia Professor Andrew Dzurak explains that unlike a real atom, an artificial atom has no nucleus, but it still has shells of electrons whizzing around the center of the device rather than around the atom's nucleus."

Now he gives back-history on this, but I want to stay focused. "But what really excites us about our latest research is that artificial atoms with a higher number of electrons turn out to be much more robust qubits than previously thought possible meaning they could be reliably used for calculations in quantum computers. This is significant because qubits based on just one electron can be very unreliable." Now you can read the balance of this if you like.

Let me explain why this is so significant and why I'm presenting it to you? There's something else in this article I'm going to come back to in a moment. But I want to focus on the quantum aspect, the quantum dots, the quantum computer. This is going to take us to a presentation of something that I have spoken about for many years, and that is the sentient world simulation, the SWS, out of Purdue University. This is a simulation of the entire planet. It is a simulation of every person on the planet who is recognized in the software as a computer node, and they're given an avatar to replace their identity; Sentient World Simulation. We're going into that in a moment

## From Darkness To Light

But let's focus on quantum dots, quantum computers, qubits—a short explanation. I've published this in many issues of Entangled Magazines and many live streams. I've talked about qubits. I've talked about the spin involved in quantum bits and qubits—the spin of electrons.

Here's what's going on. An electron orbits the nucleus, which is typically positive; positive charge. The electron is a negative charge. It orbits. When you look at the typical graphic representation of an atom, you see the electron spinning like planets around the sun, but in this case, around the nucleus. Those electrons have a quantum state. It's labeled as spin, but it isn't really like the spinning of a top or the spinning of a planet. It's actually the state. By state, I mean it's charged state; its electromagnetic north pole pointing up or pointing down.

Many of you heard this before, so bear with me. It is the direction up or down that the electron is pointing that allows it to function as either a "0" or a "1" for the purpose of binary computing. In a quantum state, it can point up or down; up, let's say is "1" and down is "0". But in the transition from changing from pointing up to down, in that transitional state, it can operate in superposition.

That superposition means that it is simultaneously in the state of pointing up as "1" and pointing down as "0". Think of a spinning top being pushed, tipped over, and it begins to tip over the top of the top. The pointed end begins to tip over towards the bottom of the other pointed end. It's in that transitional state of moving over to lower position (to the down position) that it can exist in a superposition of "0" and "1".

That transitional state is what gives that acceleration to quantum computing, the speed at which it can compute because it's simultaneously using "1" and "0". In a classical computer, it is using logic gates that move in a linear fashion. The electrons flow through the gates of the transistor. A transistor is nothing more than a gate that opens and closes. It opens and allows an electron to pass through the transistor. Then it closes, preventing another electron from going through. One electron will be a "1," while another electron that's prevented from moving through the gate is a "0". That's a very slow process, a linear process.

If you can have your electrons moved from just being a "1" or just being a "0" if you can move them to a state where the electron can be both a "1" and a "0", you have a significant speedup in the computational process.

What does all this mean when they're talking about quantum dots? Providing the ability to create an artificial atom is defined as an atom that does not have a nucleus but is comprised of electrons and electrons that can be moved into a position of superposition existing as both a "1" and a "0" simultaneously.

## From Darkness To Light

What does this mean to you and me? Why is this relevant to the mark of the beast? Why is this relevant to the quantum dots delivered through the hypodermic needles of the microneedle array patch essentially delivered painlessly into the skin, into the body? What does this mean to you and I? I'm not talking about us as saved individuals because we will not be applying the microneedle array patch, but what does it mean to humans?

Why is this relevant to this discussion tonight? I'll give you a hint. Remember, these quantum dots function as biosensors sensors embedded in the body that monitor every bodily function, including your behavior, including your emotional state, including your thoughts. A biosensor, the quantum dots functioning as a biosensor, and because it is a sensor, it is transmitting information (digital information) by way of 5G signals transmitting from the biosensors in the body. These quantum dots are in every cell in the body, transmitting sensor data (digital information) and likewise functioning as an antenna they receive through 5G. They receive information that alters the way that people think.

**This is the final solution. The quantum dots that we're talking about here in this article specific to quantum computing are exactly the same quantum dots delivered by the microneedle array that are then embedded in every single cell in the body.**

Do you see the significance of what I'm presenting to you? Do you understand the ramifications for those that are not saved? The ramifications of these quantum dots? These quantum dots embedded in a person function as a biosensor. Do you remember when I presented to you a couple of years ago the whole discussion on the Internet of all Things? We talked about the sentient world simulation that everyone would be connected in this quantum computer-driven computer simulation. That everyone would be connected to the hive mind of the sentient world simulation. The quantum dots function as the brain-computer interface, the interface of the human brain, which contains the quantum dots delivered by the microneedle array. These quantum dots, which are artificial; they're silicon.

I presented this in January of 2013, the 3rd stranded DNA composed of silicon - the 3<sup>rd</sup> strand! Please pay attention. The 3rd strand of DNA scenario of silicon that I talked about in January of 2013, those silicon third strands are the quantum dots. **The quantum dots are the 3rd strand of DNA.** Please write that down. Nobody else is going to tell you this. The 3rd strand of DNA is composed of silicon.

I said it in January of 2013 that the silicon is the artificial atom that I just presented to you in this article. The 3<sup>rd</sup> strand of DNA are the quantum dots composed of silicon delivered by the microneedle array patch. **Those artificial atoms are the 3rd strand of DNA.** Those artificial atoms are composed of artificially placed electrons, not just a single, but multiple electrons forming a shell.

## From Darkness To Light

Otherwise, in literature, it is described as an electron cloud. I presented that the electron cloud, for many years, as the more accurate model superseding the graphic that shows electrons orbiting like planets around the sun. There are so many electrons they actually form a shell, a cloud, around the nucleus. In this artificial atom, there is no nucleus. It's not necessary. You only have electrons in this formation of an artificial atom.

Now, why are those electrons important to understand? Because you now (not you) but humans that take the mark now have qubits (I said this in 2013) in their body, dormant nanoparticles. Qubits are nanoscale; they are, on average, 10 nanometers in diameter. 2013, I described them as dormant nanoparticles that once, they're triggered by an electromagnetic signal. We didn't have 5G in 2013 in the public papers. But the electromagnetic signal that I described in 2013, which is today the 5G electromagnetic signal, will trigger the nanoparticles to begin to replicate.

That is the 3rd strand of DNA that is replicating. That is the manipulation of those electrons from up spin to down spin or down spin to up spin depending on their original state, and all of these electrons are quantum entangled. This is the essence of how quantum computers operate; It's through quantum entanglement. This is why Kathleen and myself founded this magazine, and we titled it, labeled it, named it "Entangled" because these electrons are quantum entangled in a quantum computing environment.

Now the environment is within the human body. We have now moved from the D-Wave black cube, a 10 (ft.) by 10 (ft.) by 10 (ft.), roughly speaking to the black cube, which is emblematic of the black cube within Saturn itself, Saturnalia. You've heard me talk about all this stuff for years.

We are now moving from a physical computer in a room, cryogenically cold. Qubits that are in a state of superconductivity, colder than outer space, cryogenically cooled environment in a computer to (what I talked about in 2013) in silico DNA, warm and wet qubits. You've read this in Entangled Magazine, warm and wet qubits. We're talking about body temperature qubits, not superconducting, not super cold, not colder than outer space like D-Wave and IBM, and Righetti, and the others that have quantum computers, Google's quantum computer. These qubits do not need to be refrigerated.

This article that you have right now is the smoking gun of the final solution. I hope you are understanding what we're delivering here tonight. This is one of the most important live streams we have ever presented.

**What we're talking about now is that humans (not us) taking the mark of the beast are now quantum computers; third strand of DNA is the quantum computer.**

## From Darkness To Light

Quantum dots that are now the brain-computer interface to the quantum computers (themselves) that generate, operate, maintain, control the sentient world simulation.

I'm about to take you to a new version, a new description of the sentient world simulation. Brand new information that I'm going to present to you in just a few minutes.

I want to drive home the point that those who take the mark of the beast have artificial atoms, comprised of artificially placed electrons, within the quantum dots composed of silicon that have been delivered through the hypodermic needles inspired by the fangs of the pit viper. Hypodermic needles were inspired by the fangs of the serpent. Satan himself embodied in the serpent with the fangs, the hollow fangs that deliver the venom through the hollow fangs of the pit viper inspired the syringe-based hypodermic needle delivery of drugs.

Now we move away from the syringe, but we still have the fangs of the serpent embedded in the microneedle array patch. It is still the serpent system. Now, the serpent is delivering the artificial <sup>third</sup> strand of DNA that I announced in January of 2013, which was inspired and understood through the Holy Spirit back then. I published this in both of my novels, "Covert Catastrophe" in 2013 and "2048: Diamonds in the Rough" in 2014. All of this.

These quantum dots, which are artificial atoms, have artificially placed electrons. Here's the punch line. 5G is electromagnetic. Quantum dots, the electrons themselves, respond to a magnetic signal. 5G is a magnetic signal. It is in the electromagnetic spectrum. 5G can change the spin of the electron from pointing up (the northern pole of the electron), it can change it to pointing down "0" (from a "1" to a "0") and achieve in that transitional phase superposition wherein it functions as a quantum computer.

I'm saying that the 3<sup>rd</sup> strand in the DNA in a person's body is an atomic scale, nanoscale quantum computer. This is Edge Computing. I'm going to read you something in a little bit. Edge Computing means that there's a limited amount of computational processing that is taking place at the source of the data. Then it is transmitted through 5G to the cloud for further analysis, computation analysis, and storage of that information. The microneedle array is a biosensor. These nano scale quantum dot electrons are artificial atoms that reproduce once triggered by a 5G signal, just like I said in 2013. 5G is operating that nanoscale computer. It is operating it because it's changing the spin of the electrons in the quantum dots.

Why is this important? Because now you have every human that takes the mark, in direct quantum entanglement.

## From Darkness To Light

**Please pay attention.** Quantum computers operate through the entanglement, quantum entanglement, of electrons. There is no time delay in that communication. You change one electron from an up spin to a down spin; it simultaneously changes its paired electron. You change one from up and one from down; they flip. They change their spin, their orientation. That's entanglement. There's no time delay. It's an instantaneous change in state, up and down, of the entangled pairs of particles. In this case, these pairs of electrons inside the human body, inside every cell in the body. So, in the cells, you have quantum entanglement.

**Here's the punchline.** The entangled electrons inside the human body, in every cell, are also quantum entangled with the quantum computer of which there are numerous quantum computers, all daisy-chained, all networked together functioning, operating, controlling the sentient world simulation, which is the hive mind.

You do not need a 5G signal for communication of the data from the biosensors, from the nanoscale silicon quantum dots, which are nanoscale quantum computers with entangled electrons. Those entangled electrons in the human body are instantaneously entangled with the qubits of the quantum computers that are daisy-chained and networked together, operating the entire global system.

5G is rendered obsolete. At this point, 5G functions to operate the nanoscale quantum computer initially within the bodies, and once 5G triggers those, I said this in 2013, when those 5G signals cause this entanglement to be established in the quantum dots, the artificial atoms comprised of nothing more than a shell, a cloud of electrons, and those electrons are entangled with one another in the human body, 5G is no longer necessary.

It's only an intermediate step. 5G is only there to kick-start the nanoscale quantum entangled electrons of the quantum dots delivered by the microneedle array. 5G, at that point, is no longer necessary for the communication and the control of the human mind and the human body. Because now within the human mind, within the neurons, within every cell in the body, are quantum-entangled electrons. Yes, those quantum-entangled electrons within the body are also concurrently entangled with larger quantum computers (nuts and bolts computers) D-Wave, IBM, Righetti, Google, etc. All networks together, all functioning for the purpose of simulating the planet.

I'm about to get to that new version of that simulation, about to deliver it to you. But understand when we talk about a person undergoing this change and losing all awareness, just like I said in 2013 and ever since then, losing all awareness that they have undergone a change. It's because of this quantum entanglement of electrons in their body that are entangled with the quantum computers, and the quantum computers are generating a simulated virtual reality known as sentient world simulation. That's the hive mind that those humans are then connected to. They lose

## From Darkness To Light

all awareness that they ever had a previous existence. They don't even know that they've been changed at that point of entanglement.

This is why an understanding of quantum entanglement is so important because it connects the human minds to the quantum computers, and they're trapped. They are enslaved to the Antichrist. This is the quantum mechanical explanation of the separation from God. This is where we're taking ancient Scripture and bringing it to the modern-day interpretation application understanding from 40,000 ft on Patch Airlines.

We completely now understand the separation, the quantum mechanical explanation of the separation of a person from God.

Years ago, I was asked this question from a quantum mechanical standpoint: Can you explain what prayer is with Jesus Christ? My answer was when we pray with Jesus Christ, we, from a quantum mechanical standpoint, we are quantum entangled. That's our line of communication. We're quantum entangled with Jesus Christ.

That's what prayer is. The most powerful weapons system on the planet is also a communication system that is completely encrypted and cannot be broken. Prayer cannot be hacked into by Satan and his minions. He can't hear our prayers, which are quantum entanglement, encrypted communications. That's the quantum mechanical description of prayer.

Now take that and apply it to what I just said. Those that take the mark of the beast are quantum entangled with Satan. They're quantum entangled with the Antichrist, who as a human, is indwelt with the spirit of Satan. That is another counterfeit. That is a counterfeit of the personal relationship when we are born again. Satan's counterfeit of born again with Jesus Christ is the changing of the DNA of those that take the mark.

Now he's counterfeiting the prayer, which is our personal relationship with Christ. He is counterfeiting the prayer using quantum entanglement of (quantum entangled at the nanoscale quantum entangled) electrons in the quantum dots that are entangled with the quantum computers. That Satan inspired man, gave man the forbidden knowledge, to build quantum computers that operate on quantum entanglement.

You now have quantum computers, nuts and bolts machines connected through quantum entanglement in an artificial counterfeit form of prayer. Communication between computers in humans; a brain-computer interface is accomplished through quantum entanglement within the human body to the machine computer quantum computer entangled system.

In March of this year, Kathleen and I first presented to the world the microneedle array patch. What Kathleen presented to me, and I'm now presenting to

## From Darkness To Light

you tonight and the full explanation beyond the article is pulling in everything, coalescing everything. What I'm presenting to you right now is as important as the March of 2020 announcement by Kathleen and myself of the microneedle array patch delivering the mark of the beast.

Now you take that live stream, and you marry it up, you merge it with what I'm presenting tonight, and you have the two most important live streams I think that we have ever presented. Please share this live stream. The microneedle array and now these artificial atoms delivered in the quantum dot system of the microneedle array is embedding quantum entangled qubits, quantum computing edge computing into every person that takes the mark. And it connects them to the quantum computers generating the artificial virtual reality of the world, Satan's world.

Let's go to the Patreon messaging again. You that are Patrons have the benefit of the archives and all of these articles at your fingertips. This is an article that I just shared with you. "Artificial atoms in silicon quantum dot create stable qubits for quantum computing." You have the fuller explanation of what this article is not saying. Keep that article handy.

Please go to the article from scitechdaily.com entitled ESA  $\Phi$  (that Greek symbol is for Phi, P-h-i, and I'll define that in a little bit.)

Digital Twin Earth is the new title for the sentient world simulation that came out of Purdue University in 2006 and then went live in 2007. This is a Digital Twin Earth quantum computing, and AI takes center stage at Phi -Week. We're going to do a bit of a deep dive. We're probably going to go over two hours tonight. So, I hope you have plenty of donuts from Joe Bag of Donuts on Patch Airlines.

This comes from scitechdaily.com, "ESA's Phi -Week: Digital Twin Earth, Quantum Computing and AI Take Center Stage. This is dated September 28th. Please read this entire article. "Digital Twin Earth will help visualize, monitor, and forecast natural and human activity on the planet. The model will be able to monitor the health of the planet, perform simulations of Earth's interconnected system with [with!] human behavior." Remember, AI learns from human behavior. "The model will be able to monitor the health of the planet, perform simulations of Earth's interconnected system with human behavior and support the field of sustainable development, therefore, reinforcing Europe's efforts for a better environment in order to respond to the urgent challenges and targets addressed by the Green Deal.

ESA's 2020 Phi -week event kicked off this morning with a series of stimulating speeches on Digital Twin Earth, updates on Phi -sat-1, which was successfully launched..." That's a satellite, Phi -sat-1. That's the Greek symbol for Phi. There are huge ramifications to using the Greek symbol. We don't have time tonight

## From Darkness To Light

to go into it but remember geomancy. I'm going to define Phi and give you some of the background, but first, I want to get into getting this launched.

"Phi -sat-1, which was successfully launched into orbit earlier this month, and an exciting new initiative involving quantum computing.

The 3rd edition of the week event, which is entirely virtual, focuses on how Earth observation can contribute to the concept of Digital Twin Earth - a dynamic, digital replica of our planet which accurately mimics Earth's behavior. Constantly fed with Earth observation data, combined with in situ [that means in position] measurements and artificial intelligence, the Digital Twin Earth provides an accurate representation of the past, present, and future changes of our world."

When they talk about future, they're talking about divination, prognostication that they are acknowledging. This is the 180 process that we apply to reveal the truth in their articles, in their statements. Future changes of the world is divination, prognostication of future events, that is performed (computationally) both in classical transistor-based computers and in cubit-based quantum computers. This is all about divination, folks.

Digital Twin Earth [which is the sentient world simulation] will help visualize, monitor, and forecast natural and human activity on the planet. The model will be able to monitor the health of the planet, perform simulations of Earth's interconnected system with human behavior..."

Earlier I talked about psychological operations, problem-reaction-solution of the Hegelian dialectic, that is human behavior. This is all about human behavior for the purpose of controlling humans. AI learned from studying human behavior, modeling human behavior so that it could control human behavior through AI. All satanically driven, all inspired, all forbidden knowledge, delivered to humans.

"... and support the field of sustainable development, therefore, reinforcing Europe's efforts for a better environment in order to respond to the urgent challenges and targets addressed by the Green Deal." Green is the color of Satan. There's another 180.

"Roberto Viola said, 'Phi -week is the week for disruptive technology..." Why did they use the word disruptive? "... Disruptive technology and its communities like this that our European programs were designed to support. Machine learning and artificial intelligence could improve the realism and efficiency of the Digital Twin Earth - especially for extreme weather events and numerical forecast models. Phi - week is the perfect example of the New Space approach focusing on disruptive innovation, artificial intelligence agility, and flexibility."

Please read the rest of this article. It's not that technically deep. What I'm presenting to you just by taking excerpts is that they are continuing the advancement

## From Darkness To Light

of the sentient world simulation in which every person is represented as a computer node and given an avatar. Then people are connected by way of their nanoscale quantum entangled electron qubits, entangled electrons functioning as qubits within the human body connecting them to the quantum computers driving this entire system.

In this article, “Quantum computing: Also mentioned in his opening speech this morning, Josef Acshbacher made a special announcement regarding an exciting new ESA initiative, the EOP AI-enhanced Quantum Initiative for EO known as QC4EO, in collaboration with the European Organization for Nuclear Research otherwise known as CERN.”

This takes us all the way back to my early days of broadcasting and publishing Entangled Magazine because most of you found out about me because of my research and presentation on CERN. We're coming full circle here, folks.

“Quantum computing has the potential to improve performance, decrease computational costs, and solve previously intractable problems in Earth observation by exploiting quantum phenomena such as superposition, entanglement, and quantum tunneling.

The initiative involves creating a quantum capability that will have the ability to solve demanding Earth observation problems by using artificial intelligence to support programs such as Digital Twin Earth and Copernicus.”

Now let me 180 that for you. This Digital Twin Earth is the virtual reality they are trapping humans in that take the mark of the beast. That they are now brain-computer interfaced, quantum entangled, connected into, and cannot escape. This is driven by artificial intelligence. They will always try to say this is for benevolent purposes. In this case, we're talking about the weather, forecasting the weather. When they say, “Earth observation”, they're talking about one or more satellites observing the Earth from orbit.

Please let me 180 that and present to you that that is just more data that they're gathering that continues to increase in software. They talk about the granularity of data. That's the density of the data. The 180 of this entire article is they are increasing the density of the data, the granularity of the simulation, not only the simulation of the Earth itself. This is the counterfeit of Satan.

When God burns the elements, when God brings forth the new Jerusalem, the new Earth, Satan's trying to counterfeit that with his virtual reality (sentient world simulation), Digital Twin Earth. He's using quantum computers both embedded in the humans and the physical machines creating a virtual reality—his counterfeit of the new Jerusalem.

## From Darkness To Light

When God is burning the elements, we're talking about atoms, molecules, electrons. You see, familiar Scripture taking into the modern era and interpreted from the modern perspective is what we're doing right here, right now.

God, burning the elements; Satan is counterfeiting that process, saying I'm going to use the elements to create a new Jerusalem, which is the virtual reality. That's what I am presenting in the 180 technique from this article to you tonight.

Here comes CERN. "ESA and CERN enjoy a long-standing collaboration, centered on technological matters and fundamental physics. This collaboration will be extended to link to the CERN Quantum Technology Initiative, which was announced in June of 2020 by CERN Director Fabiola Giannotti. Through this partnership, ESA and CERN will create new synergies, building on their common experience in big data, data mining, and pattern recognition."

Pattern recognition, golden nuggets of data, published in Entangled Magazine two years ago. Pattern recognition, geomancy, random number generation, random number placing of the dots in the sand, Ilam Ramal. Pattern recognition is quantum computers function. That's their function to recognize patterns embedded, hidden in vast quantities of data, big data. That's the function of data mining. It is used to discover the golden nuggets of data, which they themselves are the hidden patterns. The nuggets are the hidden patterns.

Why are they trying to recognize patterns? Because the recognition of patterns within the randomly generated data of the entire world, humanity functions only to generate data, otherwise known as random number generation. Humanity utilizing computing, which is based upon geomancy, produces the dots in the sand, in the silica, in the computer, in the phone. No different than the sand back in ancient times. It's producing the data randomly through the Internet of all Things, through edge computing. Humans function only to produce those random dots that then produce patterns that must be recognized.

But because of big data, because of the vast quantities of data that humans produce, those patterns are very difficult to discern, to pick out, just like grains of gold flakes of gold in tons of overburden in tons of rock and gravel.

Why do they need to recognize the patterns? Because that's how they divine the future. Satan uses humanity to discover God's plan, to discover God's timing. You see, he's not omniscient. He's using humans to divine what God is going to do next. Satan does not know the plan, does not know the timing of God. He's using humans, quantum computing, classical computing to discover those hidden patterns because it is in the discovery of the patterns that they are able to discern the future. But only to a limited degree because it is only based upon probabilities. Quantum computing only provides a probabilistic solution.

## From Darkness To Light

I know I'm giving you a lot tonight. You must listen to this live stream again. There's too much to take in. But please understand Satan is trying to discover God's timing and God's plan by enslaving humanity to produce random numbers, random patterns, that he can then use humans to discover those patterns to divine the future.

If you don't know anything about geomancy, go look it up. It is prognostication; It is a dark art. It is an art that is forbidden by God. It's forbidden by God for humans to perform divinatory practices for their own safety. It is for the preservation of humanity. Satan's counterfeit of that preservation is to give forbidden knowledge leading to the destruction of humanity. You talk about a 180.

The data coming from CERN is the result of the collision of fundamental particles. The collision of fundamental particles is the counterfeit of God burning the elements. Again, familiar Scripture reinterpreted in the modern context. The burning of the elements, the luminosity. Where did they get the luminosity from? From Lucifer.

The label of luminosity is the result of the colliding of particles, the burning of the elements, the releasing of the energy within the colliders, within the detectors of the colliders. That luminosity produces data, measurements of energy, measurements of mass. That's what the data is. The data are the random numbers that are being generated by the random collision of particles. Thus, generated data, generated randomly, because of the collision of particles, is big data.

Quantum computers have been used for over four years. I have presented this now for three years publicly. CERN has worked with D-Wave quantum computers to take in the data from the collisions, the data represented as luminosity, and take that data and discover the embedded golden nuggets, the patterns, and from those patterns, they divine the future.

Quantum computers combined with the particle accelerator and collider of CERN and they're doing this with other particle accelerators and colliders like at Brookhaven National Laboratory. Particle colliders are random number generators, whether they're colliding particles in two oppositely circulating streams or particles that are accelerated and impact a fixed target. These are still collisions. The collisions produced in random fashion data and buried within that data are patterns.

Now in the world of quantum mechanics, in the world of particle physics, scientists will tell you those patterns reveal new physics, new physical processes. They reveal new particles. They reveal new subatomic, sub-nucleus, sub-quantum, smaller than the fundamental particles that make up an atom. They are claiming now that there are over 1000 new fundamental particles that have been discovered because of the colliding of particles; that's a cover story. When they say they have discovered new particles, it's a cover story. When they say they've discovered new energies, that's a

## From Darkness To Light

cover story. When they say they've achieved higher levels of luminosity, higher yield, that's a cover story.

What is underneath the cover story are the patterns of data. Data that represent the energy levels: tera electron volts, giga electron volts, mega electron volts, peta electron volts. That's all data; all numbers representing that mass of particles represented by data. All that data, vast, vast quantities that's distributed over 100 research laboratories around the world.

So much data is produced by CERN and other colliders that it takes months, even years, for them to find what they're looking for. New particles, new energy signatures that indicate the discovery of new particles, most of which wink out of existence within picoseconds; just vaporize back to energy. But they have the fingerprint of an energy signature. I'm talking quantum mechanics and particle physics now, but those energy signatures are represented by data.

It's the data that is the gold. Forget about particles. Forget about energy. Forget about energy signatures. None of that; that is all cover story. They're really looking for the patterns of numbers (patterns of 0's and 1's) because the patterns divine the future; patterns are used.

Remember, all of this boils down to geomancy. Within geomancy, there are 16 basic patterns, and those 16 basic patterns are used to decipher, to understand, the random patterns. Those 16 figures are used by quantum computers replacing the human diviners of old. Quantum computers are replacing the human diviners of old, software-driven divination in quantum computers.

That software is based upon the 16 basic geomantic figures that a human diviner would use to discover the hidden patterns within the random dots made by a layperson in the sand who is seeking an answer from the human diviner. Today humans are seeking answers through quantum computers that apply the 16 geomantic figures whose sole purpose, the 16 figures, are to interpret the random data produced by CERN, produced by humans around the world using computers.

Those 16 geomantic figures of old that are used in quantum computers today tell the future. Auspicious and inauspicious; good times bad times. When is it a good time to do something? (auspicious); when is it a bad time to do something (inauspicious). This is all familiar to long time patrons. Auspicious/Inauspicious is prognostication of the future. Is it a good time to do something tomorrow, next week, next year?

But it boils down to more than, "Is this a good time or a bad time to do something?" It is ultimately Satan trying to identify God's timeline.

I would venture to say that there are only a few elites in the world that understand what I am presenting. Kathleen and I together; I'm the mouthpiece today.

## From Darkness To Light

I'm the face today of both Kathleen and myself. The Initiates of the world in the secret societies, they know what I've just presented to you.

Satan has to reveal his systems, his plans, his initiates, his secret societies, his science, his quantum mechanics, his particle physics, his prognostications. He has to present all of that before he can present his Antichrist.

This is why the Holy Spirit is revealing all of this. This is why this is coming to you right now because we're on the threshold of the Antichrist identity being made known to the world.

Because the vaccine delivery is coming fast, the microneedle array in Phase 4, distribution of the vaccine, is coming fast.

They are talking January, February, March, maybe April. Look at the timeline of the vaccine distribution that I presented to you. We are within months of the microneedle array patch. Therefore, we are within months of the revealing of the Antichrist.

The fact that we are presenting this information to you tonight of the quantum entangled electrons within every human connecting them through quantum entanglement to the sentient world simulation, the virtual reality world, that Satan is building that humans will be enslaved in that take the mark.

Remember, quantum entangled humans to quantum computers. That's the brain-computer interface. Forget about Elon Musk and his neural link. Forget about all that. Forget about 5G linking people to the virtual reality. Forget about all that. That's all theater.

What I'm presenting to you is the actual system of the mark of the beast wherein people are quantum entangled with the beast, with the mind of the Antichrist. God is revealing Satan's system before the Antichrist is revealed so that the world knows and can make a free-will decision about the destiny of their soul.

Satan must reveal his plans because God demands that people have all of the information presented even if they reject it even if they're blind to it, even if they are deaf to it, even if they turn their back to it.

What I'm doing tonight, Kathleen and myself is presenting the Gospel to the world. Scripture says that the Gospel will be presented to everyone on the planet so that they have the ability to make a clear choice. Nothing is hidden from anyone. They can choose to ignore it, but it is presented to the world, and we're doing that tonight.

Satan will quantum entangle a person that takes the mark to the Antichrist. Quantum computing is the Antichrist mind. Quantum computing is the Antichrist mind. Brain-computer interface is the quantum entanglement of humans, every cell in their body, including the brain, to the quantum computer. Multiple computers, daisy-

## From Darkness To Light

chained, and network together that is the mind of the Antichrist. That's what the quantum computers are. God is revealing it right now, laying bare the bones of the infrastructure of the beast system. People will be quantum entangled with the mind of the Antichrist.

I don't think you've ever heard that anywhere else. But God has given us the understanding of quantum mechanics, quantum physics, particle physics, quantum computing, quantum dots, given us all the understanding. We can see from 40,000 ft. on Patch Airlines exactly what is going on now.

**The big take away: Humans quantum entangled with the Antichrist. Humans that take the mark of the beast will be quantum entangled with the mind of the Antichrist.**

That's as simple as I can make it. If you want to take something and present it to people, that's it. The mark of the beast is the quantum entanglement of every cell, including the neurons of the mind with the quantum computer, Antichrist mind. The brain of the Antichrist is the quantum computing system. That's why it was built.

I don't know what else I can say. I've got some other reference material. Maybe let me just quickly take a look.

The golden ratio; look up Phi. Look this up for yourself, please, Phi. That's why they called their week-long event, Phi is for neophytes. Phi in capital is the number 1.618033988749, and it goes on. Most often pronounced Phi like fly is simply an irrational number like Pi, P-I, which is 3.1459, etc. but one with many unusual mathematical properties. Unlike Pi, which is a transcendental number, Phi is the solution to its quadratic equation.

Phi is the basis for the golden ratio section or mean. The ratio or proportion determined by Phi, 1.618, was known to the Greeks as the dividing line in the extreme and mean ratio and to Renaissance artists as the divine proportion.

It is also called the golden section, the golden ratio, the golden mean. Phi, like Pi, is a ratio defined by geometric construction. Just as pi is the ratio of the circumference of a circle to its diameter, Phi is simply the ratio of the line segments that result in a line divided in one very special and unique way.

Fibonacci sequence, I'm not going to go into all of that. It's just a new number sequence. It's simply the sum of the two before. Look up the Fibonacci sequence. I'll give you a place to go for all this: [goldennumber.net](http://goldennumber.net). Go to [goldennumber.net](http://goldennumber.net) and look at Phi. This is why they called it the Phi -week. It's the golden ratio: the Fibonacci number system, the Fibonacci sequence.

Why is all this important? Because it is geometric, it is mathematical. I'm giving you the short; distilled down take away of why they labeled it Phi. It's because it is the

## From Darkness To Light

mathematical description of the virtual reality, sentient world simulation. It is the quantum computer-generated virtual reality of the beast of the Antichrist.

The Greek symbol  $\Phi$ , Phi, is the symbol of the geometric construction, the programming, geometrically, mathematically constructed virtual reality. Those of you that understand how computer games are built, vectors. Computer simulations are geometric simulations. The software arranges the numbers geometrically. The virtual reality created by quantum computing utilizes numbers arranged in a geometric pattern, all summed up by Phi, the Greek symbol Phi .

Now Phi is the dividing of line segments and the ratio of those segments to one another. The dividing of the lines. Look at the Scripture that talks about how the Antichrist can create new laws and divide time. He can change time. Familiar Scripture in the modern interpretation, in the modern context. When we are reading about the Antichrist changing time, we're talking about the virtual reality generated by the dividing of the timeline.

Phi is the dividing of the timeline, linear time. Time is a line, a straight line, as the human mind understands time. A straight line: a beginning and an end. Phi represents taking that straight line of the linear line of the timeline and dividing the timeline. That's what Phi is, dividing up the line.

When Satan, when the beast, when the Antichrist changes the laws, changes the laws of time, changes the time by dividing the line of time, which means he is changing our world, changing our physical environment. That's his counterfeit of burning of the elements. That is his counterfeit of the new Jerusalem.

Phi represents the geometry of the virtual reality. This is where computer gaming has its ultimate expression. Computer gaming was built for the purpose of building virtual realities. Computer gaming gave rise to artificial intelligence. The chipset gave rise to artificial intelligence. The algorithms of gaming chipsets are the algorithms that spawned the algorithms of artificial intelligence. The virtual reality geometric arrangement of the numbers in the programming of computer games creating the virtual reality in the games.

All those have their culmination in the virtual reality of the Antichrist. This is very complex. There are many moving parts. I appreciate that I'm overwhelming you tonight. Please listen to this live stream again. I will reproduce what we have said tonight in the pages of Entangled Magazine so that you can review it. You can digest it. You can pass it on in your witnessing to others.

The fact that the Holy Spirit is revealing this to you and me and Kathleen tonight is another indication of how near the revealing of the identity of the Antichrist is and following that will be the microneedle array patch.

## From Darkness To Light

God's sense of humor is that it is a patch, and that Kathleen Patch and Anthony Patch are delivering the information about the patch. God's sense of humor.

Folks, I'm exhausted. I think we'll conclude. Tomorrow night, Tuesday, we'll present more. I will communicate with Doug Diamond tonight to render this live stream as quickly as possible. We will make this publicly available on YouTube tomorrow.

You can get a transcript of this ([anthonypatchauthorgmail.com](mailto:anthonypatchauthorgmail.com)). Print it out. Read through. Share the transcript and email it to others. I'll do the best I can to reproduce it in the magazine. Josh, one of our Patrons, has a wonderful paper that he has written for the October issue of Entangled Magazine, which will be included.

I've got to tell you, folks, this is the coalescence of everything that Kathleen and I have been made aware of through the Holy Spirit. Everything that we have presented to you in the live streams and in the pages of Entangled Magazine. What I've presented to you tonight is the summation, the coalescence, of everything we have presented to you for 3.5 years.

I want to give all glory and credit to the Holy Spirit, to Jesus Christ, our Lord and Savior, and to God Almighty. Kathleen and I take no credit. We're just humble witnesses. I am overwhelmed, and I am awe-inspired by what He has presented to us.

**Quantum entanglement at the nanoscale, the entanglement of electrons in artificial silicon-based atoms within quantum dots delivered by the microneedle array entangled with the quantum computers generating the virtual reality of the hive mind, the entanglement is the brain-computer interface with The Beast.**

-- <https://www.anthonypatch.com/>

# Bringing You Online With 5G Governed Neural Dust

In 2016, UC Berkeley engineers demonstrated the first implanted, ultrasonic neural dust sensors, bringing closer the day when a Fitbit-like device could monitor internal nerves, muscles or organs in real time. Now, Berkeley engineers have taken neural dust a step forward by building the smallest volume, most efficient wireless nerve stimulator to date.

## From Darkness To Light

The tiny size of StimDust is obvious when placed on the face of a dime. StimDust is about an order of magnitude smaller than any known active device with similar capabilities.

The device, called StimDust, short for stimulating neural dust, adds more sophisticated electronics to neural dust without sacrificing the technology's tiny size or safety, greatly expanding the range of neural dust applications. The researchers' goal is to have StimDust implanted in the body through minimally invasive procedures to monitor and treat disease in a real-time, patient-specific approach. StimDust is just 6.5 cubic millimeters in volume, about the size of a granule of sand, and is powered wirelessly by ultrasound, which the device then uses to power nerve stimulation at an efficiency of 82 percent.

“StimDust is the smallest deep-tissue stimulator that we are aware of that's capable of stimulating almost all of the major therapeutic targets in the peripheral nervous system,” said Rikky Muller, co-lead of the work and assistant professor of electrical engineering and computer sciences at Berkeley. “This device represents our vision of having tiny devices that can be implanted in minimally invasive ways to modulate or stimulate the peripheral nervous system, which has been shown to be efficacious in treating a number of diseases.”

The research will be presented April 10 at the IEEE Custom Integrated Circuits Conference in San Diego. The research team was co-led by one of neural dust's inventors, Michel Maharbiz, a professor of electrical engineering and computer sciences at Berkeley.

The creation of neural dust at Berkeley, led by Maharbiz and Jose Carmena, a Berkeley professor of electrical engineering and computer sciences and a member of the Helen Wills Neuroscience Institute, has opened the door for wireless communication to the brain and peripheral nervous system through tiny implantable devices inside the body that are powered by ultrasound. Engineering teams around the world are now using the neural dust platform to build devices that can be charged wirelessly by ultrasound.

# The Men Behind The Curtain

## Jesuits Control the Human Psyche

If we truly want to gain a deeper understanding of the controls over the population of this planet we must do the research and discover the Jesuit Order. This is the apex of evil in this world, and it started literally thousands of years ago. The Jesuits have incorporated this world and have gone by many names like the Knights of Malta, the Templars of old and the Phoenicians before that. They can even be traced back to the Nephilim of the Bible and in the Sumerian tablets as the Igigi from Annunaki fame. The Epic of Gilgamesh and the Lost Book of Enki are some good studies to understand that revelation. They have infiltrated or created, every secret society and every power structure on Earth.

The Jesuits have thousands of years of knowledge about the human condition. They know humanity better than humanity knows itself, this is obviously clear. To scoff or believe otherwise is the true nature of the problem we all face on Earth today. Because that is exactly what they want from humanity. They want you to believe. Because what you believe is what they will use against you to manipulate your behavior. One must do the research and come to a deeper understanding, not a belief. What one believes in, they will fight to the death to protect. It's very hard to break from what one believes. The Jesuits understand this, and they use it against humanity. Along with electromagnetism and low frequencies, they message the mind of humanity and direct its path.

The Jesuits have managed to delete most truth from the history books and rewrite their own versions to keep the real truths hidden from the population of this world. For example many in America (believe) that America won the war against the British known as the War of 1812. Nothing could be further from the truth. Ask yourself a question. How can a handful of Americans beat the British Empire? It would have been humanly impossible. In reality that battle bankrupted the Americans and they were forced into a deal with the British Empire to barrow money to continue as a colony of Britain and incorporate under the umbrella of the Vatican Rule. Do the research, because in this day of the internet and information, ignorance is absolutely no excuse.

## From Darkness To Light

You see, history is false and that's a fact. Rome never fell, America lost the War of 1812, the Nazi's of World War 2, were secretly adopted into the corporation of the United States, and your vote does not count. Corporations do not vote on Presidents or any officer, for that matter. They are appointed. Buy who? By the Knights of Malta. Voting is a scam to make you think you have a say. To make you think you have control, that you are free. You are not free. You in fact, have volunteered to be a slave to U.S. Inc.

The CIA, the FBI and all the others are run and ruled by the Jesuits. The CIA can be traced in many accounts to Mind Control. Search your browser for (MK Ultra Mind Control) for further understanding.

What can be done about this? Now this is where the rubber hits the road. First and foremost we have to gain a deeper understanding about the Jesuits and how they operate. Because deeper understanding allows the flexibility for adjustments. We don't protect it like a belief. We use it as a way to gain true knowledge, just like the Jesuits do. We use their information against them. We learn the history of the Jesuits and read their Oath. That alone should open your eyes to truth. We must understand the vehicles they use for control. The Phoenicians invented money for example. One of the very first control measures placed in this world. They came here originally to mine the Gold. So naturally it became what was considered of value for trade. Thus it eventually became what we call money. Only in today's world they replaced it with paper through the power of the Jesuit run Federal Reserve and call it Federal Reserve Notes. This is fiat currency that only has a perceived value. It's not money at all, as it has no value backing it whatsoever. Again one must do the research on this subject to gain a deeper understanding.

The Jesuits invent religion as another form of control over the people of this world. Not just the Roman Catholic Church, they in fact had their hands in the start of every religion in this World. This was an evil deceptive way to divide and conquer the humans of Earth. Just sit and think of the genius of that plan. It has kept Earthlings in a constant struggle against each other for thousands of years and there appears to be no end to it. It's also how they keep the masses in a state of fear. Fear allows for maximum penetration into the minds of man. For maximum control over humanity.

-- Poul Larsen

# The Cult of Lucifer: The Purge From The Rise of Scientocracy The Cult of Lucifer

Thousands of years ago, under the thrall of Archonic influence, the Brotherhood of the Snake and the Sons of Belial, wrong action and wickedness emerged as a rudimentary source code to the current seeding of humankind.

As Baal worship and human sacrifice prospers, we see the genesis of Canaanite ritualism leading through the strains of Osiris and Nimrod to the Pharaohs of Egypt and the kings of Babylon.

Talmudism gave rise to Judeans and the Synagogue of Satan. As the tryst of Cleopatra and Julius Caesar seeded in their own empire, a marriage between Amun-Ra and the Cult of Saturn.

The weaponization of Christianity through the Council of Nicaea takes place in 325 AD, wholesale slaughter of the noble Cathars give rise to the Roman Catholic Church. The true cross is upturned and the message of Yeshua is inverted to create the most formidable template to planetary cult programming that the world has ever conceived in the history of humankind.

The Society of Jesus, through the Jesuitical Order at the Council of Trent in 1534 perverts Christianity into the atom-seed of what will become the Deep State. The assassins are born.

“The inverted message of Yeshua has become a Clarion Call for a planetary orchestration of blood sport, subversion, infiltration, deception and the sacrifice of innocents.

The Bank of England and Dutch East India interests thus forged the way through trade and commerce, usury and exploitation to the emergence of the Masons in 1717, with the formation of the United Grand Lodge, the true birth of Luciferianism in the temporal domain.

## From Darkness To Light

The Glorious Revolution in 1688 seeds the formation of the United Kingdom and the Rothschild Dynasty, both empowered through the Jesuitical suppressions, in concert with the Scottish Rite Freemasonry to catalyze the formation of a barbarian Illuminati in 1776, under the leadership of one Adam Weishaupt, a damnable soul who can indeed lay claim as the patron saint of the modern Bilderbergs.

This year saw the birth of the Masonic Atlantis, the United States of America, Novus Ordo Secolorum, the New Order of the Ages, glorified and immortalized on the Great Seal of the United States. The human experiment is fully underway.

The Napoleonic Wars between 1803 and 1815 paved the way for a consolidation of the Vatican City and City of London in 1871, giving spark to a culminating element of a trifecta of evil empire: Washington, District of Columbia in 1871.

With this spark emerges the worldwide destructivity that is the Federal Reserve Bank in 1913, a fateful day in which the soul of humanity was put to the pyre of Moloch.

The prime target became the living soul of that great human experiment, America and by extension, all the peoples of the world. Forced into usury, debt scarcity economics and systemic corruptibility of all governments and their institutions.

Every government on Earth is thus owned by and indenture to their national reserve bank, which in turn is owned by and indentured to the central banking cartel, consolidated through the Bank for International Settlements in Basel, Switzerland, the IMF, IFC, World Bank, Bank of England and then ultimately, the Vatican Bank.

This Molochite Sabbatean Cabal is answerable not to the God of Men but to their own dark lord, to whom penance, tribute and tithe must be constantly on the altar of life through blood sacrament, sex magick and the inversion of kundalini and life force – ultimately, through the systemic stealth sacrifice of innocents.

Our religious, political and academic, military and corporate media leadership are cast adrift within the thrall and compromise of these dynastic Sabbatean, Satanic, Luciferian elements and their godless agendas.

## From Darkness To Light

A Faustian pact is offered to all comers and invariably taken before the sin is even realized. Sexual blackmail is rife. Global depopulation becomes the needful and perfunctory necessity toward realizing Transhumanization of the mortal realm. That is because the grand enterprise of Luferic Satanism has been to prepare our species for full spectrum intervention and takeover at the Oversoul level. Universal law determines that this can only occur where permissions are granted by the subject.

The Adamites, the Sons and Daughters of God, the spells and bonds of witchery and mind control, to trick humanity into surrendering conscience, reason and thereby, the very fabric of our soul. This is the Great Reckoning. The Mark of the Beast has arrived, ushered into the daylight by Davos and the Sons of Lucifer.

It offers us our greatest gift, which is the perfect reflection of all the unresolved aspects of Self.

Do we take the Mark? Or do we not? Do we obey or do we not? Do we acquiesce or do we not? Do we permit the surgical steel of a needle point to breach the sovereign skin, of our noble Adamite flesh? Or do we not?

By the grace of God, we get to decide.

## The Pretext for Technocracy

A pretext is an excuse to do something or say something that is not accurate. Pretexts may be based on a half-truth or developed in the context of a misleading fabrication. Pretexts have been used to conceal the true purpose or rationale behind actions and words.

In 2020, the Technocratic Elite used the idea of a virus as pretext to assume total control of all governments beneath the authoritative Global Reset umbrella of the United Nations, in conjunction with The Luciferian Elite owned WHO and CDC.

## Hollywood Movies Featuring "Deadly Viruses" on The Loose...

Wikipedia has a page listing "films about viral outbreaks." I count 134 titles. Obviously, the theme has legs.

A few of the more famous movies: I am Legend; The Omega Man; The Andromeda Strain; Outbreak; Maze Runner: The Death Cure; Resident Evil: Apocalypse; Contagion.

My overall review: ridiculous plots; fear porn; softens up the public to accept the notion of pandemics.

Manufacturing 134 movies on the same subject, you can sell almost anything. Zombies, toasters, alarm clocks that have long noses, golf balls from Mars, cave women with flawless teeth and perfect makeup and salon-sculptured hair and carefully engineered cleavage.

But in this case, it's viruses.

At rwjf[dot]org, there's an interesting interview with Scott Burns, who wrote the screenplay for the 2011 film, Contagion, and the technical consultant on the project, Dr. Ian Lipkin, director of the Center for Infection and Immunity at Columbia University. Here are excerpts:

Scott Burns: "Obviously I worked with Ian, and early on I also met Dr. Larry Brilliant, who was very helpful [and certainly brilliant]. I had seen Larry's TED talk where he showed the Malthusian charge through the world the virus would have. I also worked with Laurie Garrett on the movie, because she had written this book, The Coming Plague, which was very, very useful to me in sort of teasing out how these things have a medical component, but they also have a social justice component and a political component and all sorts of interesting aspects of human behavior."

## From Darkness To Light

Dr. Ian Lipkin: "I started very early with Scott. There were a lot of people who contributed---CDC, WHO and others... Scott would bounce ideas off of me and others in his 'brain trust' and most of the time we were in accord. My role grew dramatically over the course of production. It began with just a consultation, and then I rapidly moved into helping the set designer in designing the virus, and we had a few days where we had actors come to the lab and spend some time working at the bench, learning how to pipette and look through microscopes and get into gowns and such. And even at the very end, I was working with the sound engineer, recording sound for the movie---lab background and that sort of thing. I did a lot of traveling with the crew. It was like a circus."

"We settled on that virus [a paramyxovirus] within the first half an hour with Laurie and Scott and I, high above Columbus Circle in New York. We threw out a number of possibilities to Scott and he batted them down, and then one came to mind that struck me as the perfect choice, simply because there had been some reports earlier suggesting this virus, which wasn't readily transmissible, had become readily transmissible to humans---that was Nipah. It also gave Scott and the director and actors an opportunity to do more than just cough and die. They could develop seizures, they could have hallucinations---all sorts of things that were much more interesting than a standard respiratory disease. We settled on that really within the first thirty minutes, and then Scott went back, thought about it and decided it was a good way to run. It doesn't take much fuel for him to run quite a distance."

Turns out that designing a movie about a pandemic is pretty much the same sort of project as designing a fake COVID pandemic in the world.

You pick out a story about a virus, give it an authentic feel, embroider it, and sell it.

People buy it.

In the interest of balance and fairness, I've written a few notes for a screenplay that would take a different approach:

In New York, the body of a dead virologist floats to the surface of the East River.

## From Darkness To Light

After a brief round of speculation that he might have perished from a mysterious viral infection, the coroner announces the cause of death was three gunshot wounds to the head.

A lone NYPD detective (divorced, alcoholic, disparaged by fellow officers, heroic) discovers the dead virologist's notebook inside the freezer in the virologist's apartment.

He thaws it out and reads this: "The coronavirus has never been isolated. It's a fake. They're selling a fairy tale about a virus."

Two days later, a beautiful woman doctor (with engineered cleavage) from the CDC shows up at the detective's apartment. Somehow she knows the cop has found the virologist's notebook.

They talk. The mutual attraction should be immediately evident. If not, the brief cuts of sex they're having on the floor provide sufficient evidence for the audience.

Two days later, the beautiful CDC doctor disappears.

The police detective is warned (anonymous phone message) to stay away from the case of the dead virologist.

Hey, it's a B movie. Low budget. Could shoot the whole thing over a weekend in Manhattan.

But we need some kind of twist.

So it turns out the detective, the dead virologist, and the beautiful woman doctor from the CDC are just story ideas in the mind of a screenwriter, who, in the movie, is pitching the project to producers in an office high above Columbus Circle.

He's pitching a movie that exposes a fake virus and a fake pandemic.

But wait. There's more. In a mind-bending revelation, we learn that the screenwriter and the producers are secret agents from a distant planet called PROPAGANDA.

They've come to Earth to promote a fake pandemic...but a conflict has developed among them. The screenwriter has decided he wants to blow the whistle

## From Darkness To Light

on his bosses from PROPAGANDA, and the producers want to carry out their mission to sell the people of Earth fake COVID-19, as if it were real.

The movie is basically an extended conversation about fake vs. real, virus vs. no virus, pandemic vs. hoax.

As the screenwriter earnestly pitches his film, his ideas will come to life, briefly, on the screen: there's enough cleavage, sex, and murder to satisfy the Hollywood code.

Will the agents from the planet PROPAGANDA succeed in selling Earth the notion that COVID is real? Or will the heroic defector, the screenwriter, succeed in foiling the whole operation?

Stay tuned...

The 134 Hollywood movies about outbreaks of viruses aren't only programming audiences. They're instruction manuals for planners who launch fake pandemics.

Definition of "fake pandemic": a movie that is happening in the world, not on a screen, in which the suffering and the pain are REAL---but are not the result of a virus. For further reference, see "lockdowns, mask mandates, business bankruptcies, suicides, vaccine damage, police state, and true believers (e.g., deranged hostile masked vegan Whole Foods shoppers, so-called science bloggers living in mommy's basement, etc.)."

Definition of "virus": any presumed particle that has never been isolated.

Definition of "virologist": any person on the payroll of Bill Gates or entities Gates funds.

Alternate definition of "fake pandemic": any medical event involving large numbers of people that never ends. For further reference, see "keep wearing two masks after being vaccinated."

Immortal quotes from Hollywood virus-movies:

Outbreak, Dustin Hoffman---"I'll say it one last time. These [infected] people that you're going to bomb are not the enemy. We can kill the virus without killing

## From Darkness To Light

these people. I swear on my soul that the President does not have the facts. He doesn't know we have a working serum [antidote].”

Contagion, Jennifer Ehle---“Somewhere in the world, the wrong pig met up with the wrong bat.”

I Am Legend, Will Smith--- “Blood tests confirm that I am immune to both the airborne and contact strains...Vaccine trials continue, I'm still unable to transfer my immunity to infected hosts. The Krippen Virus is... elegant...Hmm, a behavioral note, um, an infected male exposed himself to sunlight today. Now, it's possible decreased brain function or the growing scarcity of food is causing them to...ignore their basic survival instincts. Social de-evolution appears complete. Typical human behavior is now entirely absent.”

Would you buy a used car from these people?

-Jon Rappoport

# The Covid Narrative as an Occult Work of Art

We have been drawn into a mass occult ritual. Masks are used in Pagan rituals, especially before a sacrifice. They are also used to muzzle prisoners and farm animals. Your mask symbolizes your submission to The Mask Cult.

I knew from 30 years of experience---investigating HIV/AIDS, West Nile, SARS1, Swine Flu, Ebola and Zika---what to look for in the fake COVID science.

I also want to look at the COVID narrative as an occult work of art. That is, it embroils the uninformed person in an initiation of sorts, with the promise of a final revelation and rescue.

Occult initiations are mysteries, in the sense that the believer is fed steps and procedures which he can't fathom, or only partially understands.\

This is purposeful. The believer's imagination is engaged without him knowing it. He attributes meaning to factual gibberish.

## From Darkness To Light

But no one wants to find out that the images and speculations he is entertaining are empty and barren. HE PREFERS to think a ceremony is highly charged and, on some level, is important to him.

Thus, at the beginning, when “the virus is discovered,” and the initiation is introduced, the believer’s imagination clicks, and he senses he is on a new track of experience. He is entranced:

This is not ordinary life any longer. This is different. Fear, interest, excitement, anticipation are all available. Which are exactly what occult initiations are supposed to provoke: the magnified sense of possibility. The Ordinary is gone.

“Researchers have found a new virus, which is causing an outbreak.” Found a virus? What does that mean? The virus has been isolated. What does that mean? The virus has been sequenced. What does that mean? The believer can automatically apply his own images and thoughts and sensations and feelings to this mystery.

And indeed, the whole “virus discovery process” HAS been conducted behind closed doors, in high-security facilities, in a sanctum where only the priests can operate. Because they possess the magic.

They have found the enemy.

Next comes a new piece of magic. The test. The priests have devised a highly complex system of amulet arranging and rubbing, in order to detect the presence of the virus in a human.

How did they accomplish this, and so quickly? Through AMPLIFICATION. The essence of the specimen taken from the patient---in itself an initiatory step---is so small, no microscope can register it. But through a successive series of “doublings,” the specimen is transformed into a visible object.

And the believer will take this (PCR) test. Another step on the road.

Minor priests will announce the outcome of the test to the believer. Positive or negative. Now the meaning of “the virus” sinks in infected or not infected. Either way, the initiation is proceeding.

If infected, there will be potions. “Anti-virals.” Ventilators, to bring what the believer may not be able to provide himself: the breath of life.

## From Darkness To Light

And yes, one possible outcome is death. This is no superficial initiation. The stakes are high, very high.

We come, of course, to the mask. The believer's identity will be protected. Masking makes one an anonymous member of a very large group---all of whom are undergoing the same ceremony and enforcing it on others. Secret society.

Masking, traditionally, is for criminals as well. (The thrill of the outlaw.)

Masking also erases identity. The believer can find (imagine) a new persona.

Masking includes a sense of sacrifice. "I eliminate who I was, for the Cause."

Masking introduces touches of humiliation, guilt, and pride. All standard elements of initiation.

Distancing provides "necessary isolation," so the initiatory process for the individual can proceed unhampered. Distancing (like masking) separates the Clean from the Unclean.

The lockdown is further isolation. Removal from the influences of the outside world and its distractions. "The monk in his cell." Great sacrifice of the means of financial support, in order to attain purity. Renunciation of ordinary work (employment) for a higher purpose; purification.

And finally, rescue and revelation---the vaccine. The injection. The transformation of cells of the body, which now produce a protein that stimulates the action of the immune system; a protein that under ordinary circumstances would never come into being. Miracle.

Immunity and purity are attained. Elite status is won through enduring the whole preceding ritual. A document (wellness certificate) is created and recorded. The Initiate can now reenter the world.

He is made anew.

If he suffered from the injection---well, that was part of what he needed to endure. If he died, that, too, was "worthy." A sacrifice on the altar of The Group.

## From Darkness To Light

Of course, this COVID initiation isn't meant to be a CONSCIOUS occult ceremony. The person isn't meant to know he is in a cult. He senses glimmers and rivulets of ritual. He swims among them. He knows very little, but he FEELS.

As with every occult process, reality is created for him. The whole purpose of the steps on the ladder to redemption is the quelling of the person's own creative fire, by which he can invent his own future, freely.

In effect, the cult artists say: "You don't make your own painting; our painting makes you."

Through the pretended "science" of virology (fake isolation, fake sequencing) and the pretended "science" of vaccinology (fake immunity), the State---which is already an authoritarian entity---becomes a Cult.

Prior law (the Constitution) is ruled out; it is anathema. It didn't account for the new great enemy: the virus. "Eternal vigilance is the price of liberty" is replaced: "The eternal virus demands the curtailment of liberty."

"Science" is the cover story that conceals the occult hypnotic inducement.

--Jon Rappoport

# About the Author

**Gregory L. Garrett** lives in California in the USA, has a B.S. in Music and a B.A. in Psychology from UCLA and UCSC, a Masters in Education from National University, studied Physics and Philosophy at UCLA, and Advanced Astrophysics at UCSC under Frank Drake, and is a musical theater composer, songwriter, author, martial artist, classical symphonic rock keyboardist and performer, and is currently working on a book about Facial Recognition, Bio-Metrics, Drones, Smart Phones, Smart Cities, The Internet of Things, VR, Mixed Reality, 5G, Robotics, Cybernetics, Bio-Digital Social Programming, Transhumanism, Genetic Engineering, Nano Synthetic Biology, Robotics, and Artificial Intelligence.
